DEAR MR. SECRETARY: — I, Robert F. Murphy, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 155 of the Acts of 1958, entitled "An Act Relative to the Increase in the Amount and Number of Shares of Capital Stock of Insurance Companies and the Sale Thereof" and the enactment of which received my approval on March 10, 1958, should take effect forthwith.

The district shall have power to prosecute and defend all actions relating to its property and affairs.

SECTION 2. For the purposes aforesaid, the district, acting by and through its board of water commissioners hereinafter provided for, may contract with any municipality, acting through its water department, or with any water company, or with any water district, for whatever water may be required, and may contract for the installation and maintenance of water mains, hydrants and such other works as may be required, authority to furnish the same and to enter into such contract being hereby granted, and may take by eminent domain under chapter seventy-nine of the General Laws, or acquire by lease, purchase or otherwise, and hold, the water, or any portion thereof, of any pond, spring or stream, or of any ground sources of supply by means of driven, artesian or other wells, within the town of Tyngsborough and not already appropriated for the purposes of a public supply, and the water and flowage rights connected with any such water sources; and for said purposes may take as aforesaid, or acquire by purchase or otherwise, and hold, all lands, rights of way and other easements necessary for collecting, storing, holding, purifying and preserving the purity of the water and for conveying the same to any part of said district; provided, that no source of water supply or lands necessary for preserving the quality of the water shall be so taken or used without first obtaining the advice and approval of the department of public health, and that the location and arrangement of all dams, reservoirs, springs, wells, pumping, purification and filtration plants and such other works as may be necessary in carrying out the provisions of this act shall be subject to the approval of said department. The district may construct and maintain on the lands acquired and held under this act proper dams, wells, springs, reservoirs, standpipes, tanks, pumping plants, buildings,

fixtures and other structures, including also the establishment and maintenance of filter beds and purification works or systems, and may make excavations, procure and operate machinery and provide such other means and appliances, and do such other things as may be necessary for the establishment and maintenance of complete and effective water works; and for that purpose may construct pipe lines, wells and reservoirs and establish pumping works, and may construct, lay, acquire and maintain aqueducts, conduits, pipes and other works under or over any land, water courses, railroad, railways and public or other ways, and along such ways, in said town, in such manner as not unnecessarily to obstruct the same; and for the purposes of constructing, laying, maintaining, operating and repairing such aqueducts, conduits, pipes and other works, and for all proper purposes of this act, the district may dig up or raise and embank any such land, highways or other ways in such manner as to cause the least hindrance to public travel on such ways; provided, that the manner in which all things are done upon any such way shall be subject to the direction of the selectmen of the town of Tyngsborough. The district shall not enter upon, or construct or lay any conduit, pipe or other works within the location of any railroad corporation except at such time and in such manner as it may agree upon with such corporation, or, in case of failure so to agree, as may be approved by the department of public utilities. The district may enter upon any lands for the purpose of making surveys, test wells or pits and borings, and may take or otherwise acquire the right to occupy temporarily any lands necessary for the construction of any work or for any other purpose authorized by this act.

SECTION 3. Any person sustaining damages in his property by any taking under this act or any other thing done under authority thereof may recover such damages from the district under said chapter seventy-nine, but the right to damages for the taking of any water, water right, or water source or for any injury thereto, shall not vest until water is actually withdrawn or diverted under authority of this act.

SECTION 4. For the purpose of paying the necessary expenses and liabilities incurred under this act, other than the expenses of maintenance and operation, the district may borrow from time to time such sums as may be necessary, not exceeding, in the aggregate, twenty-five thousand dollars, and may issue bonds or notes therefor, which shall bear on their face the words, Tyngsborough Water District Loan, Act of 1958. Each authorized issue shall constitute a separate loan, and such loans shall be payable in not more than thirty years from their dates. Indebtedness incurred under this act shall be subject to the provisions of chapter forty-four of the General Laws pertaining to such districts.

SECTION 5. The district shall, at the time of authorizing said loan or loans, provide for the payment thereof in accordance with section four of this act; and, when a vote to that effect has been passed, a sum which, with the income derived from water rates, will be sufficient to pay the annual expense of operating its water works and the interest as it accrues on the bonds or notes issued as aforesaid by the district, and to make such payments on the principal as may be required under this act, shall without further vote be assessed upon the district by the assessors of said town of Tyngsborough annually thereafter until the debt incurred by said loan or loans is extinguished.

SECTION 6. Any land taken or acquired under this act shall be

managed, improved and controlled by the board of water commissioners hereinafter provided for, in such manner as they shall deem for the best interest of the district. All authority vested in said board by this section shall be subject to section nine.

SECTION 7. Whenever a tax is duly voted by the district for the purposes of this act, the clerk shall send a certified copy of the vote to the assessors of said town, who shall assess the same on property within the district in the same manner in all respects in which town taxes are required by law to be assessed; provided, that no estate shall be subject to any tax assessed on account of the system of water supply under this act if, in the judgment of the board of water commissioners hereinafter provided for, after a hearing, due notice whereof shall have been given, such estate is so situated that it will receive no aid in the extinguishment of fire from the said system of water supply, or if such estate is so situated that the buildings thereon, or the buildings that might be constructed thereon, could not be supplied with water from said system in any ordinary or reasonable manner; but all other estates in the district shall be deemed to be benefited and shall be subject to such tax. A certified list of the estates exempt from taxation under the provisions of this section shall annually be sent by said board of water commissioners to said assessors, at the same time at which the clerk shall send a certified copy of the vote as aforesaid. The assessment shall be committed to the town collector, who shall collect said tax in the manner provided by law for the collection of town taxes, and shall deposit the proceeds thereof with the district treasurer for the use and benefit of the district. The district may collect interest on overdue taxes in the manner in which interest is authorized to be collected on town taxes.

SECTION 8. Any meeting of the voters of the territory included within the boundaries set forth in section one to be held prior to the acceptance of this act, and any meeting of the voters of the district to be held prior to the qualification of a majority of the water commissioners, shall be called, on petition of ten or more legal voters therein, by a warrant from the selectmen of said town, or from a justice of the peace, directed to one of the petitioners, requiring him to give notice of the meeting by posting copies of the warrant in two or more public places in the district seven days at least before the time of the meeting. Such justice of the peace, or one of the selectmen, shall preside at such meeting until a clerk is chosen and sworn, and the clerk shall preside until a moderator is chosen. At any meeting held hereunder prior to the acceptance of this act, after the choice of a moderator for the meeting the question of the acceptance of this act shall be submitted to the voters, and if it is accepted by a majority of the voters present and voting thereon it shall thereupon take effect, and the meeting may then proceed to act on the other articles in the warrant. After the qualification of a majority of the water commissioners, meetings of the district shall be called by warrant under their hands, unless some other method be provided by by-law or vote of the district.

SECTION 9. The district shall, after the acceptance of this act as aforesaid, elect by ballot, either at the same meeting at which this act shall have been accepted, or thereafter, at an annual meeting or at a special meeting called for the purpose, three persons, inhabitants of and voters in said district, to hold office, one until the expiration of three years, one until the expiration of two years, and one until the expiration

of one year, from the day of the next succeeding annual district meeting, to constitute a board of water commissioners; and at every annual district meeting following such next succeeding annual district meeting one such commissioner shall be elected by ballot for the term of three years. The date of the next annual meeting shall be fixed by by-law or by vote of the board of water commissioners, but in no event shall it be later than fifteen months subsequent to the date on which the water commissioners were first elected. All the authority granted to said district by this act, except sections four and five, and not otherwise specifically provided for, shall be vested in said board of water commissioners, who shall be subject, however, to such instructions, rules and regulations as the district may by vote impose. At the meeting at which said water commissioners are first elected and at each annual district meeting held thereafter, the district shall elect by ballot, each for a term of one year, a clerk and a treasurer of the district. The treasurer shall not be a water commissioner, and shall give bond to the district in such an amount as may be approved by said water commissioners and with a surety company authorized to transact business in the commonwealth as surety. A majority of said water commissioners shall constitute a quorum for the transaction of business. Any vacancy occurring in said board from any cause may be filled for the remainder of the unexpired term by said district at any legal meeting called for the purpose. No money shall be drawn from the treasury of the district on account of its water works except upon a written order of said water commissioners or a majority of them.

SECTION 10. Said board of water commissioners shall fix just and equitable prices and rates for the use of water, and shall prescribe the time and manner of payment. In case the district shall contract with the North Chelmsford Water District pursuant to the provisions of section two, the rates for the use of water shall be such as may be agreed upon by the board of water commissioners of the Tyngsborough Water District and the board of water commissioners of the North Chelmsford Water District and in case of failure to agree, as may be fixed by the department of public utilities. The income of the water works shall be appropriated to defray all operating expenses, interest charges and payments on the principal as they shall accrue upon any bonds or notes issued under authority of this act. If there should be a net surplus remaining after providing for the aforesaid charges, it may be appropriated for such new construction as said water commissioners may recommend, and in case a surplus should remain after payment for such new construction the water rates shall be reduced proportionately. Said water commissioners shall annually, and as often as the district may require, render a report upon the condition of the works under their charge, and an account of their doings, including an account of receipts and expenditures.

SECTION 11. The district may adopt by-laws, prescribing by whom and how meetings of the district may be called, notified and conducted; and, upon the application of ten or more legal voters in the district, meetings may also be called by warrant as provided in section eight. The district may also establish rules and regulations for the management of its water works, not inconsistent with this act or with any other provision of law, and may choose such other officers not provided for in this act as it may deem necessary or proper.

SECTION 12. Whoever wilfully or wantonly corrupts, pollutes or diverts any water obtained or supplied under this act, or wilfully or wantonly injures any reservoir, well, standpipe, aqueduct, pipe or other property owned or used by the district for any of the purposes of this act, shall forfeit and pay to the district three times the amount of damages assessed therefor, to be recovered in an action of tort, and upon conviction of any of the above wilful or wanton acts shall be punished by a fine of not more than three hundred dollars or by imprisonment for not more than one year, or both.

SECTION 13. Upon a petition in writing addressed to said board of water commissioners requesting that certain real estate, accurately described therein, located in said town and abutting on said district and not otherwise served by a public water supply be included within the limits thereof, and signed by the owners of such real estate, or a major portion of such real estate, said water commissioners shall cause a duly warned meeting of the district to be called, at which meeting the voters may vote on the question of including such real estate within the district. If a majority of the voters present and voting thereon vote in the affirmative the district clerk shall within ten days file with the town clerk of said town and with the state secretary an attested copy of said petition and vote; and thereupon said real estate shall become and be part of the district and shall be holden under this act in the same manner and to the same extent as the real estate described in section one.

SECTION 14. This act shall take full effect upon its acceptance by a majority of the voters of the territory included within said district by section one of this act present and voting thereon, by the use of a check list, at a district meeting called, in accordance with section eight, within four years after its passage.

Any person desiring to obtain a certificate of registration shall make application to the board therefor, pay to the secretary thereof a fee of fifteen dollars and furnish to the board a certificate of a registered physician as to the freedom of the applicant from infectious and contagious diseases, and shall present himself at the next regular meeting of the board for the examination of applicants, or at a later meeting of the board if it so votes, and thereupon, if he shows that he has studied and practiced the occupation of barbering for two years as an apprentice under one or more registered barbers, or for at least six months in a properly equipped and conducted barber school or barber college under the instruction of a registered barber and eighteen months as an apprentice under a registered barber, or practiced such occupation for at least two years in this and/or other states, and that he is possessed of the requisite skill in such occupation to perform properly all the duties thereof, including the preparation of the tools, shaving, haircutting and all the duties and services incident thereto, and has sufficient knowledge concerning diseases of the face and skin to avoid the aggravation and spreading of such diseases in the practice of such occupation, the board shall issue to him a certificate of registration, signed by the chairman and the secretary and attested by its seal. Such certificate shall be evidence that the person to whom it is issued shall, subject to section eighty-seven J, be entitled to follow the practice of the occupation referred to therein.

Any applicant failing to pass an examination satisfactory to the board shall thereafter be entitled to re-examination by payment of a fee of five dollars and by filing a re-examination application upon a form furnished by the board, but two re-examinations shall exhaust his privilege under his original application, and if he fails to apply for re-examination within one year after his original examination, or to appear for re-examination when notified so to do, his re-examination privilege for such original application shall be forfeited. Before any registered barber opens a barber shop, or moves his barber shop to a new location, or operates a barber shop previously approved for a prior owner, he shall apply to the board for an inspection and approval thereof, and the board shall receive a fee of fifteen dollars for each inspection, and, upon the approval of such barber shop, the board shall issue a certificate of registration for such barber shop, which shall without further fee be in force, unless sooner cancelled, suspended or revoked, until June thirtieth of the year following the year of its issuance. All certificates of registration for barber shops shall be renewed annually by filing applications therefor on forms supplied by the board and the payment of a fee of five dollars and such renewal shall, unless cancelled, suspended or revoked, be in full force and effect until June thirtieth of the year following its issuance. The board may suspend, revoke or refuse to renew a certificate of registra-

CHAP. 297. AN ACT AUTHORIZING THE TOWN OF WILMINGTON TO CONSTRUCT AND OPERATE A SYSTEM OF SEWERS.

Be it enacted, etc., as follows:

SECTION 1. The town of Wilmington, hereinafter called the town, may lay out, construct, maintain and operate a system or systems of common sewers for a part or the whole of its territory and in the city of Woburn, with such connections and other works as may be required for a system of sewerage and sewage disposal, and may construct such sewers in said town and in the city of Woburn as may be necessary; provided, that no conduits or pipes shall be laid in a public way in the city of Woburn without the consent and approval of the mayor and the superintendent of public works thereof, pursuant to the provisions of any special law, ordinance or other provisions of law pertaining to said city; and provided, further, that nothing herein shall authorize the taking of land in the city of Woburn.

SECTION 2. The town may make and maintain, in any way therein where common sewers are constructed, such connecting sewers within the limits of such way as may be necessary to connect any estate which abuts upon the way.

SECTION 3. The town manager shall appoint a board of three sewer commissioners as soon as practicable after acceptance of this act. Said board shall consist of three members, who shall be citizens of the town, one of whom shall hold office until the next annual town meeting, one until the second annual town meeting, and one until the third annual town meeting following their respective appointments, and until their successors are qualified, and thereafter at each annual town meeting the town manager shall appoint one member of the board to serve for three years and until his successor is qualified.

The town manager may appoint the board of water commissioners of the town as the board of sewer commissioners as herein provided, in

which case the terms of office of the sewer commissioners shall coincide with the terms of office of the water commissioners, and the organization of the board of sewer commissioners shall be identical with the organization of the board of water commissioners.

Until the board of sewer commissioners has been appointed by the town manager as provided in this act, the board of water commissioners shall be invested with all the powers and duties assigned by this act to the board of sewer commissioners.

Nothing in this act shall vary the effect of chapter five hundred and ninety-two of the acts of nineteen hundred and fifty.

SECTION 4. Said board of sewer commissioners, acting for and on behalf of said town, may take by eminent domain under chapter seventy-nine of the General Laws, or acquire by purchase or otherwise, any lands, water rights, rights of way or easements, public or private, in said town, necessary for accomplishing any purpose mentioned in this act, and may in said town construct and maintain such treatment works and sewers under or over any land, bridge, watercourse, railroad, railway, electric transmission line, private way, boulevard or other public way, or within the location of any railroad or electric transmission line, and may enter upon and dig up any private land, public land, private way, public way, railroad location or electric transmission line location for the purpose of laying such sewers and of maintaining and repairing the same, and may do any other thing proper or necessary for the purposes of this act; provided, that they shall not take in fee any land of a railroad corporation, or land of an electric transmission line corporation, and that they shall not enter upon or construct any drain or sewer within the location of any railroad corporation or within the location of any electric transmission line location except at such time and in such manner as they may agree upon with such corporation, or, in case of failure to agree, as may be approved by the department of public utilities.

SECTION 5. Any person injured in his property by any action of said board of sewer commissioners under this act may recover damages from said town under said chapter seventy-nine.

SECTION 6. The town shall by vote determine what proportion of the cost of said system or systems of sewerage and sewage disposal, including the whole share of the cost of admission to the north metropolitan sewerage district chargeable to said town under chapter three hundred and ninety-nine of the acts of nineteen hundred and fifty-four, and including the amounts of said cost hereafter payable, as well as the amounts thereof already paid, if any, the town shall pay; provided, that it shall pay not more than one half of the whole cost of said system or systems of sewerage and sewage disposal. In providing for the payment of the remaining portion of the cost of said system or systems of sewerage and sewage disposal, including the use of said system or systems by abutters to the system or systems of sewerage and sewage disposal, including public and private institutions, the town may avail itself of any or all of the methods permitted by the General Laws, including annual charges, as provided for in section sixteen of chapter eighty-three thereof, which may be applied to the payment of the cost of operation, maintenance and repairs of the system or systems of sewerage and sewage disposal, and to defray also such portion of the cost of the construction of said system or systems as the town shall by vote

determine. The charges and assessments shall be paid by every person or institution who enters his or its particular sewer into the system or systems of sewerage and sewage disposal of the town. The provisions of said General Laws relative to the assessment, apportionment, division, reassessment, abatement and collection of sewer assessments, to liens therefor and to interest thereon, except as provided herein, shall apply to assessments and annual charges made under this act, and the interest shall be at the rate of four per cent per annum. The collector of taxes of said town shall certify the payment or payments of such assessments or apportionments thereof to the board of sewer commissioners, who shall preserve a record thereof.

SECTION 7. For the purpose of paying the necessary expenses and liabilities incurred under this act, the town may borrow such sums as may be necessary, not exceeding, in the aggregate, five hundred thousand dollars, and may issue bonds or notes therefor, which shall bear on their face the words, Wilmington Sewerage Loan, Act of 1958. Each authorized issue shall constitute a separate loan, and such loans shall be payable in not more than thirty years from their dates. Indebtedness incurred under this act shall be in excess of the statutory limit, but shall, except as provided herein, be subject to chapter forty-four of the General Laws, but not including the requirement of an appropriation from available revenue funds or from taxation as set forth in the first sentence of section seven of said chapter forty-four.

Loans authorized or debt incurred by the town subsequent to January first, nineteen hundred and fifty-eight but prior to the acceptance of this act, for purposes mentioned in clause (1) of section seven of chapter forty-four of the General Laws, shall be considered in all respects to have been authorized and incurred pursuant to the provisions of this act, and the proceeds of any such bonds or notes may be used for any purposes for which bonds or notes might be authorized under this act.

SECTION 8. The board of sewer commissioners may, in its discretion, prescribe such sewer assessment rates and annual rentals or charges as it may deem proper, subject, however, to such rules and regulations as may be fixed by vote of the town. The receipts from sewer assessments and annual charges and from payments made in lieu thereof shall be appropriated for and applied to the payment of charges and expenses incident to the maintenance and operation of said system of sewerage and sewage disposal, to the payment of interest upon bonds or notes issued for sewer purposes, or to the payment or redemption of such bonds or notes. Such annual charges as are prescribed by the sewer commissioners under the provisions of this act shall begin when the premises have been connected to the sewer, or two years after the sewer is available for such connection, whichever period of time is shorter, provided that no annual charge shall be levied on any premises until the land is built on.

SECTION 9. The town of Wilmington is hereby authorized by vote of a town meeting to determine whether said town, acting through the board of sewer commissioners may, upon the application of the owner of any estate abutting on any public or private way where a common sewer is constructed, lay in such sewered way, and in the private land of such owner such particular sewer as may be necessary to connect any building on such estate with such sewer, and the town manager

may make all necessary contracts in the name and behalf of the town for such purpose. The cost of constructing each particular sewer shall be assessed by the board of sewer commissioners upon the estate benefited thereby. Such assessment shall be made by filing with the board of assessors of the town a certificate, designating the way and the private land in which such particular sewer has been constructed, and giving the name or names of the owners of the estate for which such connection has been made and the amount of the assessment to be paid by such owner or owners. A copy or duplicate of this certificate shall, within ten days after the filing of the same with the board of assessors, be recorded in the registry of deeds for the north registry district for the county of Middlesex, or, in the case of registered land, filed in the office of the assistant recorder for the north registry district of the county of Middlesex. The board of assessors shall, upon receipt of such certificate, forthwith commit such assessments or charges with their warrant to the collector of taxes, who shall forthwith make a demand in writing for the payment of such assessments or charges, and every owner shall, within three months after such demand is served upon him or on the occupant of such estate, or sent by mail to the last address of the owner known to the collector of taxes, pay to the collector of taxes the sum so assessed or charged. Except as herein provided, the provisions of general law relative to the assessment, apportionment, division, reassessment, abatement and collection of sewer assessments, to liens therefor and to interest thereon, shall apply to assessments made under this section. In applying said provisions to assessments made under this section, the notice referred to therein shall be deemed to be the demand of the tax collector required hereby. The lien for any assessment made under this section shall attach upon the recording or filing for registration of the copy or duplicate of the certificate of assessment. In the apportionment of assessments made under this section no installment shall be less than five dollars.

SECTION 10. All contracts made for work to be done under the provisions of this act shall be made in the name of the town and shall be signed by the town manager, but no contracts shall be made or obligation incurred by said town manager for any purpose in excess of the amount of money appropriated by the town therefor.

SECTION 11. Said board may, except as provided herein, from time to time, prescribe rules and regulations for the connection of estates and buildings with sewers, and for the inspection of the materials, the construction, alteration and use of all connections and drains entering into such sewers, and any person violating any such rule or regulation shall be punished by a fine of not less than twenty dollars nor more than five hundred dollars for each violation. Such rules and regulations shall be published at least once a week for three successive weeks in some newspaper having general circulation in the town of Wilmington, and shall not take effect until such publications have been made.

SECTION 12. Except as provided otherwise herein, no act shall be done under authority of the preceding sections, except in the making of surveys and other preliminary investigations, until the plans for said system of sewerage and sewage disposal have been approved by the state department of public health.

SECTION 13. This act shall take full effect upon its acceptance by a majority of the town meeting members of said town present and voting

thereon at a regular or special town meeting called for the purpose within five years after its passage, but not otherwise. No expenditure shall be made and no liability incurred hereunder until such acceptance; provided, however, that no authorization, contract, appropriation, or other relating action taken by the town or its authorized agents pertaining to any sewerage agreements with the metropolitan district commission, the city of Woburn or the Avco Manufacturing Company entered into subsequent to August first, nineteen hundred and fifty-seven and prior to the adoption of this act shall be deemed to have been invalidated, rescinded or otherwise set aside by the provisions of this act.

If any person required to file a return, list or report of a payment to another person under section thirty-three fails to file the same within the time prescribed by said section, he shall become liable to a penalty at the rate of one dollar for each such return, list or report of a payment to another person not so filed; provided, however, that the total penalty imposed on a delinquent person for all such failures during any calendar year shall not exceed one thousand dollars. Chapter 90 of the General Laws is hereby amended by striking out section 8, as most recently amended by chapter 351 of the acts of 1957, and inserting in place thereof the following section:— *Section 8.* Application for license to operate motor vehicles may be made by any person; but before such a license is granted the applicant shall pass such examination as to his qualifications as the registrar, without discriminating as to age, shall require, and no license shall be issued until the registrar or his authorized agent is satisfied that the applicant is a proper person to receive it, and no such license shall be issued to any person under sixteen years of age. If for any reason the registrar or his agents are unable to examine an applicant for a license promptly, the

applicant may be issued a receipt for the fee paid, provided that the applicant shows that he is duly licensed in a state or country which state or country the registrar has finally determined prescribes and enforces standards of fitness for operators of motor vehicles substantially as high as those prescribed and enforced by this commonwealth. Said receipt shall be carried in lieu of the license, and for a period of sixty days from the date of its issue said receipt shall have the same force and effect given to the license by this chapter. To each licensee shall be assigned some distinguishing number or mark, and the licenses issued shall be in such form as the registrar shall determine. They may contain special restrictions and limitations. They shall contain the distinguishing number or mark assigned to the licensee, his name, place of residence and address, a brief description of him for purposes of identification, and such other information as the registrar shall deem necessary. A person to whom a license to operate motor vehicles has been issued, unless such license contains a special limitation or restriction, may operate any registered motor vehicle. Every person licensed to operate motor vehicles as aforesaid shall endorse his usual signature on the margin of the license, in the space provided for the purpose, immediately upon the receipt of said license, and such license shall not be valid until so endorsed. A license or any renewal thereof issued to an operator shall expire on the anniversary of the operator's date of birth occurring more than twelve months but not more than twenty-four months after the effective date of such license. If any such license or the renewal thereof expires in an even year, any subsequent renewal shall expire on the next anniversary of the operator's date of birth occurring in an even year. If any such license or renewal thereof expires in an odd year, any subsequent renewal shall expire on the next anniversary of the operator's date of birth occurring in an odd year. The license issued to an operator born on February twenty-ninth shall, for the purpose of this section, expire on March first. Every application for an original license filed under this section shall be sworn to by the applicant before a justice of the peace or notary public and, if the applicant is under age eighteen, be accompanied by the written consent in such form as the registrar shall determine of a parent or guardian or other person standing in the place of a parent of the applicant.

A person who removes from the commonwealth, or suffers physical or mental incapacity, or dies, after a license to operate motor vehicles has been issued to him may, or his legal representative may, return such license to the registrar within twelve months from the date of issue, accompanied by a written application for a rebate containing the reasons therefor. If the registrar is satisfied that the reasons stated are valid, such person or legal representative shall be entitled to a rebate of one half the fee paid for such license; provided, that no such rebate may be paid except upon a certificate, filed with the comptroller, setting forth the facts, and signed by the registrar or his authorized agent; and provided, also, that the rebate may be paid out of the fees received for licenses to operate motor vehicles without specific appropriation. No such rebate may be made if such license has been revoked or suspended or if the registrar deems there is probable cause for such suspension or revocation.

Section 69B. Any city or town owning or operating a municipal lighting or municipal gas plant pursuant to the provisions of this chapter may contract for the training and employment of cadet engineers in its plant; provided, however, that no such contract shall be entered into if there is a civil service eligible list from which an appointment may be made at the time. Such contract shall be in writing, and signed by the manager and the applicant for training and employment as a

cadet engineer. Such contract shall not be voidable or unenforceable because of the age of the cadet engineer; provided, that he had attained the age of seventeen when the contract was executed and that his parent or parents assent thereto in writing.

The contract shall provide (a) that the cadet engineer shall, by a date to be specified, begin or continue attendance at a duly accredited college or university within the commonwealth, having a course of study leading to a degree of bachelor of science in engineering. The contract may, in the discretion of the municipal light board, prescribe certain minimum courses of study to be undertaken by the cadet engineer in such college or university.

(b) That the cadet engineer shall, throughout the course of his college or university training as aforesaid, engage in work to be known as "on the job training", at the plant under the supervision and direction of the manager or his duly authorized representative, for such number of weeks during regular college or university vacations as the municipal light board may determine. The compensation for "graduate on the job training" shall be at an hourly rate to be determined by the municipal light board.

(d) That the cadet engineer shall, throughout his course of study at a college or university as aforesaid, maintain such minimum academic standing in such college or university as may be prescribed in the contract by the municipal light board.

(f) That the city or town shall pay all or such portion of the cadet engineer's tuition at the college or university attended by him as aforesaid, as the municipal light board shall determine and prescribe in the said contract. The term "tuition" shall be deemed to include the actual cost of all books or laboratory or similar equipment that may be required by the cadet engineer in his course of study.

The members of the selection committee shall be appointed for a term of one year, and shall serve without compensation.

At least three weeks prior to the date of final selection of the applicants for training and employment as cadet engineers the municipal light board shall cause a notice to be published in a newspaper of general circulation in the contracting city or town, which notice shall state that applications will be received for appointments of cadet engineers pursuant to the provisions of sections sixty-nine A to sixty-nine E, inclusive. The notice shall state the time and place at which such applications will be received.

An applicant for appointment as a cadet engineer must be a resident of the contracting city or town, a graduate of a duly accredited high school therein, shall be not less than seventeen nor more than twenty-five years of age, and must have been accepted for admission to or be enrolled in a duly accredited college or university within the commonwealth having a course of study leading to a degree of bachelor of science in engineering.

The municipal light board shall specify the number of cadet engineers to be selected from among the applicants. The selection committee shall select cadet engineers from among the applicants on the basis of academic ability, past courses of study and good moral character. The selection committee shall not discriminate among the applicants because of race, color, creed or national origin.

Section 69D. The employment of the cadet engineer in "on the job training" shall not be subject to the civil service laws and rules, but the appointment shall be reported to the division of civil service in such form as the director of civil service may require. The employment of the cadet engineer in "graduate on the job training" shall be in accordance with the civil service laws and rules, wherever applicable.

A cadet engineer shall not be subject to or entitled to the benefits of civil service laws, retirement laws, or pension laws during his time of service as a cadet engineer, except that deductions shall be made from his salary and paid into the contributory retirement system of the city or town in accordance with the provisions of the contributory retirement act, but he shall nevertheless be considered as an employee of the contracting city or town when actually employed in "on the job training" or "graduate on the job training" for purposes of workmen's compensation laws; provided, however, that the "graduate on the job training" period of any cadet engineer who, following his "graduate on the job training", continues in the employ of the contracting city or town as a permanent full-time employee, shall be considered as "credit-

able service" for purposes of retirement laws, pension laws, and other laws pertaining to municipal employees.

Section 69E. All expenses, obligations or commitments for the payment of money incurred by the contracting city or town, pursuant to the provisions of sections sixty-nine A to sixty-nine D, inclusive, shall be considered as part of the annual expense of the plant for the year in which they are incurred, and shall be paid from the income of the plant in accordance with the provisions of this chapter.

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT, STATE HOUSE,
BOSTON, May 7, 1958.

HONORABLE EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Foster Furcolo, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 313 of the Acts of 1958, entitled, "An Act to Permit the Examination of Inheritance Tax Returns by the United States Commissioner of Internal Revenue" and the enactment of which received my approval on May 6, 1958, should take effect forthwith.

HONORABLE EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY:— I, Foster Furcolo, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 353 of the Acts of 1958, entitled, "An Act Authorizing Certain Water Companies or Corporations to Take by Eminent Domain Certain Property, Rights and Easements" and the enactment

of which received my approval on May 26, 1958, should take effect forthwith.

I further declare that in my opinion said law is an emergency law and the facts constituting the emergency are as follows:

Postponement of the operation of this act for ninety days would defeat its purpose in that it will unnecessarily delay water companies in obtaining additional water facilities prior to any possible shortages this year.

Very truly yours,

FOSTER FURCOLO,
Governor of the Commonwealth.

OFFICE OF THE SECRETARY, BOSTON, June 4, 1958.

I, Francis X. Ahearn, Deputy Secretary of the Commonwealth, hereby certify that the accompanying statement was filed in this office by His Excellency the Governor of the Commonwealth of Massachusetts at eleven o'clock and fifty minutes, A.M., on the above date, and in accordance with Article Forty-eight of the Amendments to the Constitution said chapter takes effect forthwith, being chapter three hundred and fifty-three of the acts of nineteen hundred and fifty-eight.

FRANCIS X. AHEARN,
Deputy Secretary of the Commonwealth.

Any applicant required under this section or under section seven of chapter five hundred and ninety-five of the acts of nineteen hundred and fifty-seven, to pass an examination satisfactory to the board and who fails to pass such examination shall thereafter be entitled to re-examination by payment of a fee of ten dollars and by filing a re-examination application upon a form furnished by the board, but two re-examinations shall exhaust his privilege under his original application and if he fails to apply for re-examination within six months after notice of his grade on a previous examination, or to appear for re-examination when notified so to do, his re-examination privilege for such original application shall be forfeited. Any person licensed under this section shall thereafter be subject to all provisions of said chapter one hundred and twelve pertaining to licensed practical nurses.

SECTION 4. Notwithstanding any provision of chapter one hundred and twelve of the General Laws, any person who, on December thirty-first, nineteen hundred and fifty-seven, was engaged in the practice of practical nursing may continue to practice as a practical nurse without a license until December thirty-first, nineteen hundred and fifty-nine.

SECTION 1. Chapter 41 of the General Laws is hereby amended by striking out section 81U, as most recently amended by chapter 324 of the acts of 1955, and inserting in place thereof the following section: — *Section 81U.* When a definitive plan of a subdivision is submitted to the planning board, as provided in section 81O, a copy thereof shall also be filed with the board of health or board or officer having like powers and duties. Such health board or officer shall, within forty-five days after the plan is so filed, report to the planning board in writing approval or disapproval of said plan, and in the event of disapproval shall make specific findings as to which, if any, of the lots shown on such plan cannot be used for building sites without injury to the public health, and include such specific findings and the reasons therefor in such report, and, where possible, shall make recommendations for the adjustment thereof. Failure so to report shall be deemed approval by such board or officer.

After the hearing required by section eighty-one T and after the report of said health board or officer or the lapse of forty-five days without such report, the planning board shall approve, or, if such plan does not comply with the subdivision control law or the rules and regulations of the planning board or the recommendations of the health board or

officer, shall modify and approve or shall disapprove such plan, shall file a certificate of its action with the city or town clerk, a copy of which shall be recorded by him in a book kept for the purpose, and shall send notice of its action by registered mail, postage prepaid, to the applicant at his address stated on the application.

If the report of the board of health or board or officer having like powers and duties shall so require, the approval by the planning board shall be on condition that no building or structure shall be built or placed upon the areas designated without consent by such board of health or officer.

Failure of the planning board to take final action regarding a plan submitted by an applicant within sixty days after such submission, or such further time as may be agreed upon at the written request of the applicant, shall be deemed to be an approval thereof. Notice of such extension of time shall be filed forthwith by the planning board with the city or town clerk.

Before approval of a plan, a planning board shall require provision for the construction of ways and the installation of municipal services in accordance with the rules and regulations of said board, such construction and installation to be secured by one, or in part by one and in part by the other, of the methods described in the following clauses (1) and (2), which method may be selected and from time to time varied by the applicant:

(1) By a proper bond or a deposit of money or negotiable securities, sufficient in the opinion of the planning board to secure performance of the construction of ways and the installation of municipal services required for lots in the subdivision shown on the plan, and the planning board may require that the time be specified within which such construction and installation shall be completed.

(2) By a covenant, executed and duly recorded by the owner of record, running with the land, whereby such ways and services shall be provided to serve any lot before such lot may be built upon or conveyed, other than by mortgage deed; provided, that a mortgagee who acquires title to the mortgaged premises by foreclosure or otherwise and any succeeding owner of such premises or part thereof may sell any such lot, subject to that portion of the covenant which provides that no lot shall be built upon until such ways and services have been provided to serve such lot; and provided, further, that nothing herein shall be deemed to prohibit a conveyance by a single deed, subject to such covenant, of either the entire parcel of land shown on the subdivision plan or of all lots not previously released by the planning board. A deed of any part of the subdivision in violation hereof shall be voidable by the grantee prior to the release of the covenant but not later than three years from the date of such deed.

Any covenant given under the preceding paragraph and any condition required by the health board or officer shall be either inscribed on the plan or contained in a separate document, referred to on the plan.

The penal sum of any such bond, or the amount of any deposit held under clause (1) above, may, from time to time, be reduced by the planning board and the obligations of the parties thereto released by said board in whole or in part.

Upon the completion of the construction of ways and the installation of municipal services in accordance with the rules and regulations of the

planning board, security for the performance of which was given by bond, deposit or covenant, or upon the performance of any covenant with respect to any lot, the applicant may send by registered mail to the city or town clerk a written statement in duplicate that the said construction or installation in connection with which such bond, deposit or covenant has been given has been completed in accordance with said rules and regulations, such statement to contain the address of the applicant, and said clerk shall forthwith furnish a copy of said statement to the planning board. If the planning board determines that said construction or installation has been completed, it shall release the interest of the town in such bond and return the bond or the deposit to the person who furnished the same, or release the covenant by appropriate instrument, duly acknowledged, which may be recorded. If the board determines that said construction or installation has not been completed, it shall specify to the applicant in writing the details wherein said construction and installation fails to comply with its rules and regulations and upon failure so to do within forty-five days after the receipt by said clerk of said statement all obligations under the bond shall cease and terminate by operation of law, any deposit shall be returned and any such covenant shall become void. In the event that said forty-five day period expires without such specification, or without the release and return of the bond or return of the deposit or release of the covenant as aforesaid, the said clerk shall issue a certificate to such effect, duly acknowledged, which may be recorded.

Any such bond may be enforced and any such deposit may be applied by the planning board for the benefit of such city or town, as provided in section eighty-one Y, upon failure of the performance for which any such bond or deposit was given to the extent of the reasonable cost to such city or town of completing such construction and installation.

Before approval of a plan by a planning board, said board shall also in proper cases require the plan to show a park or parks suitably located for playground or recreation purposes or for providing light and air and not unreasonable in area in relation to the area of the land being subdivided and the prospective uses of such land, and if so determined said board shall by appropriate endorsement on the plan require that no building may be erected on such park or parks for a period of not more than three years without its approval.

SECTION 2. The provisions of section eighty-one U of chapter forty-one of the General Laws, as amended by section one, with reference to the release of the interest of a town in a bond, the termination of the obligations under a bond and the return of a bond or deposit given as security shall apply to all definitive plans whether filed before or after the effective date of this act and all other provisions of said section shall apply to definitive plans filed after said effective date.

Chapter 115 of the General Laws is hereby amended by inserting after section 5, the following section: — *Section 5A.* In every case where the applicant for or a recipient of benefits under this chapter is a dependent mother or father, as defined in section one, with an interest in one or more parcels of real estate and the fair market value of such interest is more than fifteen hundred dollars, an instrument signed and acknowledged by the veterans' agent of the town granting such benefits and giving notice of a lien upon each such parcel for all benefits granted and to be granted under this chapter by such town to such mother or father, who shall be named therein, shall, not earlier than three days, Saturdays, Sundays and legal holidays excluded, after a like instrument has been sent by certified mail to such mother or father, be recorded in the records of the county, or of the district, if such county is divided into districts, where each parcel lies, without the payment of any fee for such recording. Every such instrument shall contain a description sufficient to identify each parcel of real estate subject to the lien, and upon recording shall create a lien upon so much of such mother's or father's interest as has a fair market value in excess of fifteen hundred dollars, which lien shall be superior to any deed, mortgage, lien or other encumbrance thereafter recorded. Whenever such lien is satisfied or is ordered discharged as hereinafter provided, an instrument signed and acknowledged by such veterans' agent and reciting such fact shall be given; and upon the recording of such instrument, such lien shall be dissolved.

Such lien shall be enforceable in the superior court for the county where any parcel of the real estate lies by a petition in equity brought by the veterans' agent against all persons appearing of record to be interested in the real estate subject to such lien, whether as equity

owners, mortgagees, lienors, attaching creditors or otherwise. Such petition shall allege the amount claimed under such lien and incorporate a certified copy of the recorded instrument creating such lien. At any time before final decree, the court, of its own motion or upon the suggestion of any party, may issue a precept to any other person appearing to have an interest, directing him to appear on or before a specified day or be forever barred from redeeming from such lien. Proceeds realized through any such enforcement shall be apportioned between the commonwealth and the town granting the benefits in proportion to the amount of their respective contributions thereto, but in no case for more than the amount contributed, without interest. Whenever there is on the same parcel of real estate a lien under this section and also a lien under chapter one hundred and eighteen A, the proceeds realized shall upon enforcement be prorated according to the respective amounts of benefits and assistance granted. No lien under this section shall be enforceable until after the death of both mother and father, and then only when written permission has been obtained from the commissioner, who, in his discretion, may, if undue hardship might be caused by enforcement, waive enforcement in whole or in part, and order a discharge to the extent waived. If the veterans' agent neglects or refuses promptly to refer the enforcement of a lien under this section to the commissioner for his approval, or to bring a petition within the period specified by the commissioner, the commissioner shall thereupon bring the petition in his own name; and in such event, all proceeds shall be retained by the commonwealth.

Any conveyance of real estate by a mother or father within two years before an application for veterans' benefits, unless for fair market value, shall be deemed to be in avoidance of the provisions of this section and shall make such mother or father ineligible to receive veterans' benefits.

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT, STATE HOUSE,
BOSTON, August 7, 1958.

The Honorable EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Foster Furcolo, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 511 of the Acts of 1958, entitled, "An Act Making Certain Veterans of the Korean War Eligible to Take Civil Service Examinations, Notwithstanding Any Age Requirements" and the enactment of which received my approval on August 6, 1958, should take effect forthwith.

I further declare that in my opinion said law is an emergency law and the facts constituting the emergency are as follows:

Section 23B of chapter 138 of the General Laws, inserted by chapter 382 of the acts of 1955, is hereby amended by striking out, in line 12, the word "two" and inserting in place thereof the word: — four, — so as to read as follows: — *Section 23B.* Any holder of a license issued under this chapter to do business on certain premises which are subsequently taken by public authority and who is required to remove his business from such premises shall not thereby be deprived of his license. The decision of the appellate tax board shall, except as otherwise provided herein, be final and conclusive, and shall be communicated in writing to the petitioner and the commission within five days thereafter.

(c) The meetings of the supreme legislative or governing body and the election of officers, representatives or delegates are held as often as once in four calendar years;

(d) Each insured member is eligible for election to act or serve as a delegate to such meeting;

(e) The society has a board of directors charged with the responsibility for managing its affairs in the interim between meetings of its supreme legislative or governing body, subject to control by such body and having powers and duties delegated to it in the constitution or laws of the society;

(f) Such board of directors is elected by the supreme legislative or governing body, except in case of filling a vacancy in the interim between meetings of such body;

(g) The officers are elected either by the supreme legislative or governing body or by the board of directors; and

(h) The members, officers, representatives or delegates cannot vote by proxy.

Section 4. (1) Seven or more citizens of the United States, a majority of whom are citizens of the commonwealth who desire to form a fraternal benefit society, may make, sign and acknowledge before some officer, competent to take acknowledgment of deeds, articles of incorporation, in which shall be stated: —

(a) The proposed corporate name of the society, which shall not so closely resemble the name of any society or insurance company as to be misleading or confusing;

(b) The purposes for which it is being formed and the mode in which its corporate powers are to be exercised. Such purposes shall not include more liberal powers than are granted by this chapter, provided that any lawful, social, intellectual, educational, charitable, benevolent, moral, fraternal or religious advantages may be set forth among the purposes of the society; and

(c) The names and residences of the incorporators and the names,

residences and official titles of all the officers, trustees, directors, or other persons who are to have and exercise the general control of the management of the affairs and funds of the society for the first year or until the ensuing election at which all such officers shall be elected by the supreme legislative or governing body, which election shall be held not later than one year from the date of the issuance of the permanent certificate.

(2) Such articles of incorporation, duly certified copies of the constitution, by-laws and rules, copies of all proposed forms of certificates, applications therefor, and circulars to be issued by the society and a bond conditioned upon the return to applicants of the advance payments if the organization is not completed within one year, such bond to be in an amount to be determined by the commissioner not to exceed the sum of twenty-five thousand dollars with sureties approved by the commissioner, shall be filed with the commissioner, who may require such further information as he deems necessary. All documents filed are to be in the English language. If the purposes of the society conform to the requirements of this chapter, and all provisions of the law have been complied with, the commissioner shall so certify, retain and file the articles of incorporation and furnish the incorporators a preliminary certificate authorizing the society to solicit members as hereinafter provided.

(3) No preliminary certificate granted under the provisions of this section shall be valid after one year from its date or after such further period, not exceeding one year, as may be authorized by the commissioner upon cause shown, unless the five hundred applicants hereinafter required have been secured and the organization has been completed as herein provided. The articles of incorporation and all other proceedings thereunder shall become null and void in one year from the date of the preliminary certificate, or at the expiration of the extended period, unless the society shall have completed its organization and received a certificate of authority to do business as hereinafter provided.

(4) Upon receipt of a preliminary certificate from the commissioner, the society may solicit members for the purpose of completing its organization, shall collect from each applicant the amount of not less than one regular monthly premium in accordance with its table of rates as provided by its constitution and by-laws, and shall issue to each such applicant a receipt for the amount so collected. No society shall incur any liability other than for the return of such advance premium, nor issue any certificate, nor pay, allow or offer or promise to pay or allow, any death or disability benefit to any person until —

(a) Actual bona fide applications for death benefits have been secured aggregating at least five hundred thousand dollars on not less than five hundred lives;

(b) All such applicants for death benefits shall have furnished evidence of insurability satisfactory to the society;

(c) Certificates of examinations or acceptable declarations of insurability have been duly filed and approved by the chief medical examiner of the society;

(d) Ten subordinate lodges or branches have been established into which the five hundred applicants have been admitted;

(e) There has been submitted to the commissioner, under oath of the president or secretary, or corresponding officer of the society, a list of such applicants, giving their names, addresses, date each was admitted,

name and number of the subordinate branch of which each applicant is a member, amount of benefits to be granted and premiums therefor; and

(f) It shall have been shown to the commissioner, by sworn statement of the treasurer, or corresponding officer of such society, that at least five hundred applicants have each paid in cash at least one regular monthly premium as herein provided, which premiums in the aggregate shall amount to at least twenty-five hundred dollars, all of which shall be credited to the fund or funds from which benefits are to be paid, and no part of which may be used for expenses. Said advance premiums shall be held in trust during the period of organization, and if the society has not qualified for a certificate of authority within one year, as herein provided, such premiums shall be returned to said applicants.

(5) The commissioner may make such examination and require such further information as he deems advisable. Upon presentation of satisfactory evidence that the society has complied with all the provisions of law, he shall issue to the society a certificate to that effect, and that the society is authorized to transact business pursuant to the provisions of this chapter. The certificate shall be prima facie evidence of the existence of the society at the date of such certificate. The commissioner shall cause a record of such certificate to be made. A certified copy of such record may be given in evidence with like effect as the original certificate.

(6) Every society shall have the power to adopt a constitution and by-laws for the government of the society, the admission of its members, the management of its affairs and the fixing and readjusting of the rates of its members from time to time. It shall have the power to change, alter, add to or amend such constitution and by-laws, and shall have such other powers as are necessary and incidental to carrying into effect the objects and purposes of the society.

Section 5. The principal office of any domestic society shall be located in the commonwealth. The meetings of its supreme legislative or governing body may be held in any state, district, province or territory wherein such society has at least five subordinate branches, and all business transacted at such meetings shall be as valid in all respects as if such meetings were held in the commonwealth.

Section 6. A domestic fraternal benefit corporation may, with the approval of the commissioner, change the location of its place of business to another location in the commonwealth, or change the purposes for which it was incorporated so as to permit it to transact any business authorized by this chapter. Upon such approval the presiding, financial and recording officers, and a majority of its other officers having the powers of directors, shall file in the office of the state secretary a certificate, with the approval of the commissioner endorsed thereon, setting forth the change in the location of its place of business or in the purposes of the corporation. The state secretary shall, upon receipt of five dollars, cause such certificate to be filed in his office. Every domestic fraternal beneficiary corporation may exercise all the rights, powers and privileges conferred by this chapter, including the powers specified in section forty, or its certificate of incorporation or charter, not inconsistent herewith, and shall be subject to this chapter, as if reincorporated hereunder.

Section 7. A domestic society may consolidate or merge with any other society by complying with the provisions of this section.

It shall file with the commissioner —

(a) A certified copy of the written contract containing in full the terms and conditions of the consolidation or merger;

(b) A sworn statement by the president and secretary or corresponding officers of each society showing the financial condition thereof on a date fixed by the commissioner, but not earlier than December thirty-first, next preceding the date of the contract;

(c) A certificate of such officers, duly verified by their respective oaths, that the consolidation or merger has been approved by a two-thirds vote of the supreme legislative or governing body of each society; and

(d) Evidence that at least sixty days prior to the action of the supreme legislative or governing body of each society the text of the contract has been furnished to all members of each society either by mail or by publication in full in the official organ of each society.

If the commissioner finds that the contract is in conformity with the provisions of this section, that the financial statements are correct and that the consolidation or merger is just and equitable to the members of each society, he shall approve the contract and issue his certificate to such effect. Upon such approval, the contract shall be in full force and effect unless any society which is a party to the contract is incorporated under the laws of any other state or territory. In such event the consolidation or merger shall not become effective unless and until it has been approved as provided by the laws of such state or territory, and a certificate of such approval filed with the commissioner, or, if the laws of such state or territory contain no such provision, then the consolidation or merger shall not become effective unless and until it has been approved by the commissioner of insurance, or other officer or officers, exercising like powers, of such state or territory, and a certificate of such approval filed with the commissioner.

Upon the consolidation or merger becoming effective as herein provided, all the rights, franchises and interests of the consolidated or merged societies in and to every species of property, real, personal or mixed, and things in action thereunto belonging shall be vested in the society resulting from or remaining after the consolidation or merger without any other instrument, except that conveyances of real property may be evidenced by proper deeds, and the title to any real estate or interest therein, vested under the laws of the commonwealth in any of the societies consolidated or merged, shall not revert or be in any way impaired by reason of the consolidation or merger, but shall vest absolutely in the society resulting from or remaining after such consolidation or merger.

The affidavit of any officer of the society or of any one authorized by it to mail any notice or document, stating that such notice or document has been duly addressed and mailed, shall be prima facie evidence that such notice or document has been furnished the addressees.

Section 8. Any domestic society may be converted and licensed as a mutual life insurance company by compliance with all the requirements of chapter one hundred and seventy-five relating to the financial requirements of mutual life insurance companies if such plan of conversion has been approved by the commissioner. Such plan shall be prepared in writing setting forth in full the terms and conditions thereof. The board of directors shall submit such plan to the supreme legislative or governing body of such society at any regular or special meeting thereof,

by giving a full, true and complete copy of such plan, with the notice of such meeting. Such notice shall be given as provided in the laws of the society for the convocation of a regular or special meeting of such body, as the case may be. The affirmative vote of two thirds of all members of such body shall be necessary for the approval of such agreement. No such conversion shall take effect unless and until approved by the commissioner who may give such approval if he finds that the proposed change is in conformity with the requirements of law and not prejudicial to the certificate holders of the society.

Section 9. A society may admit to benefit membership any person not less than fifteen years of age, nearest birthday, who has furnished evidence of insurability acceptable to the society. Any such member who shall apply for additional benefits more than six months after becoming a benefit member shall pass an additional medical examination, or make an additional declaration of insurability, as required by the society.

Any person admitted prior to attaining the full age of twenty-one years shall be bound by the terms of the application and certificate and by all the by-laws and rules of the society, and shall be entitled to all the rights and privileges of membership therein to the same extent as though said applicant had attained said full age at the time of application. A society may also admit general or social members who shall have no voice or vote in the management of its insurance affairs.

Section 10. A domestic society may amend its articles of incorporation, constitution or laws in accordance with the provisions thereof by action of its supreme legislative or governing body at any regular or special meeting thereof, or, if its articles of incorporation, constitution or laws so provide, by referendum. Such referendum may be held in accordance with the provisions of its articles of incorporation, constitution or by-laws by the vote of the voting members of the society, by the vote of delegates or representatives of voting members, or by the vote of local lodges or branches. No amendment submitted for adoption by referendum shall be adopted unless, within six months from the date of submission thereof, a majority of all of the voting members of the society shall have signified their consent to such amendment by one of the methods herein specified.

No amendment to the articles of incorporation, constitution or by-laws of any domestic society shall take effect unless approved by the commissioner who shall approve such amendment if he finds that it has been duly adopted and is not inconsistent with any requirement of the laws of the commonwealth or with the character, objects and purposes of the society. Unless the commissioner shall disapprove any such amendment within sixty days after the filing of same, such amendment shall be considered approved. The approval or disapproval of the commissioner shall be in writing and mailed to the secretary or corresponding officer of the society at its principal office. In case he disapproves such amendment, the reasons therefor shall be stated in such written notice.

Within ninety days from the approval thereof by the commissioner, or from the time such amendment is considered approved, as provided in this section, all such amendments, or a synopsis thereof, shall be furnished to all members of the society either by mail or by publication in full in the official organ of the society. The affidavit of any officer of the society or of any one authorized by it to mail any amendments or

synopsis thereof, stating facts which show that same have been duly addressed and mailed, shall be prima facie evidence that such amendments or synopsis thereof have been furnished the addressee.

Every foreign or alien society authorized to do business in the commonwealth shall file with the commissioner a duly certified copy of all amendments of, or additions to, its articles of incorporation, constitution or laws within ninety days after the enactment of same.

Printed copies of the constitution or laws, as amended, certified by the secretary or corresponding officer of the society, shall be prima facie evidence of the legal adoption thereof.

Section 11. Whoever with fraudulent intent alters, defaces, mutilates, destroys or conceals any record of any society made by or in the custody of the secretary thereof shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

Section 12. Any society may create, maintain, invest, disburse and apply a death fund, any part of which may in accordance with the by-laws of the society be designated and set apart as an emergency, a surplus or other similar fund, and a disability fund and a hospitalization and medical service fund. Such funds shall be held, invested and disbursed for the use and benefit of the society, and no member or beneficiary shall have or acquire individual rights therein or become entitled to any part thereof except as provided in sections seventeen, twenty or twenty-five. The funds from which benefits shall be paid shall be derived and the fund from which the expenses of the society shall be defrayed may be derived from periodical or other payments by the members of the society and accretions of said funds.

Section 13. No society shall make any disbursements of fifteen dollars or more, except disbursements on account of the return of dues paid in advance, unless the same be evidenced by a voucher signed by or on behalf of the person receiving the money and correctly describing the consideration for the payment, and if the same be for services and disbursements setting forth the services rendered and an itemized statement of the disbursements made; and if it be in connection with any matter pending before any legislature or public body, or before any department, board, commission or officer of any government, whether local, state or national, correctly describing in addition the nature of the matter and of the interest of such society therein; or, if such voucher cannot be obtained, by an affidavit stating the reason for not obtaining such voucher, and setting forth the particulars above mentioned.

Section 14. It shall be lawful for a society to create, maintain and operate charitable, benevolent or educational institutions for the benefit of its members and their families and dependents, and for the benefit of children insured by the society. For such purpose it may own, hold or lease personal property or real property located within or without the commonwealth, with necessary buildings thereon. Such property shall be reported in every annual statement, but shall not be allowed as an admitted asset of such society.

Maintenance, treatment and proper attendance in any such institution may be furnished free or a reasonable charge may be made therefor; but no such institution shall be operated for profit. The society shall maintain a separate accounting of any income and disbursements under

this section and report them in its annual statement. No society shall own or operate funeral homes or undertaking establishments.

Section 15. A society may pay benefits, other than insurance benefits, to its members from any special account or fund maintained for such purpose; provided, that if such benefits are of such a nature that they could constitute benefits within the classes of insurance set forth in section seventeen, a society making such payments may not —

(a) Make any separate charge therefor;

(b) Issue any certificate, policy or other document promising such payments;

(c) Provide in its constitution, laws or any other document that such payments may be received by the member as a matter of right; or

(d) Advertise such payments as insurance or as payments to which the member has any right.

The society shall maintain a separate accounting of all disbursements made under this section and report them in its annual statement.

Section 16. The officers and members of the supreme, grand or any subordinate body of a society shall not be personally liable for payment of any benefits provided by a society.

Section 17. A society authorized to do business in the commonwealth may provide for the payment of —

(a) Death benefits in any form;

(b) Endowment benefits;

(c) Annuity benefits;

(d) Temporary or permanent disability benefits;

(e) Hospital, medical or nursing benefits;

(f) Monument or tombstone benefits to the memory of deceased members not exceeding in any case the sum of three hundred dollars; and

(g) Any such benefits may be provided for a member or upon application of a member for the member's family, including the member, the member's spouse, and minor children in one or more certificates.

Section 18. A society may provide for benefits on the lives of children under the minimum age for adult membership, but not greater than twenty-one years of age at time of application therefor, upon the application of some adult person, as its by-laws or rules may provide, which benefits shall be in accordance with the provisions of section seventeen. A society may, at its option, organize and operate branches for such children. Membership and initiation in local lodges shall not be required of such children, nor shall they have a voice in the management of the society.

Children insured under certificates issued pursuant to this section shall be transferred to and become members of the adult branch of the society upon attaining the minimum age for adult membership under the by-laws of the society.

A society shall have power to provide for the designation and changing of designation of beneficiaries in the certificates providing for such benefits, and to provide in all other respects for the regulation, government and control of such certificates, and all rights, obligations and liabilities incident thereto and connected therewith.

Section 19. Deferred payments or instalments of claims shall be considered as fixed liabilities on the happening of the contingency upon which such payments or instalments are thereafter to be paid. Such

liability shall be the present value of such future payments or instalments upon the rate of interest and mortality assumed by the society for establishing contributions and for valuation; and every society shall at once, upon the filing of due proofs of the happening of the contingency, set apart a fund to meet such deferred payments, regardless of proposed future collections to meet any such payments, and hold such fund, with its interest accretions, in trust for the beneficiary entitled thereto.

No society shall provide for such deferred payments or instalments unless it possesses the full reserve specified in the following section, or, if paying accident benefits only, has assets sufficient to pay all its liabilities.

Section 20. A society may grant paid-up nonforfeiture benefits, cash surrender values, certificate loans and such other options as its by-laws may permit. As to each certificate issued, a society shall grant at least one paid-up nonforfeiture benefit.

In the case of certificates other than those for which reserves are computed on the Commissioners 1941 Standard Ordinary Mortality Table or the 1941 Standard Industrial Table, the value of every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan or other option granted shall not be less than the excess, if any, of (a) over (b), as follows: —

(a) The reserve under the certificate determined on the basis specified in the certificate; and

(b) The sum of any indebtedness to the society on the certificate, including interest due and accrued, and a surrender charge equal to two and one half per cent of the face amount of the certificate, which, in the case of insurance on the lives of children, shall be the ultimate face amount of the certificate, if death benefits provided therein are graded.

However, in the case of certificates issued on a substandard basis, or in the case of certificates, the reserves for which are computed upon the American Men Ultimate Table of Mortality, the term of any extended insurance benefit granted, including accompanying pure endowment, if any, may be computed upon the rates of mortality not greater than one hundred and thirty per cent of those shown by the mortality table specified in the certificate for the computation of the reserve.

In the case of certificates for which reserves are computed on the Commissioners 1941 Standard Ordinary Mortality Table or the 1941 Standard Industrial Table, every paid-up nonforfeiture benefit and the amount of any cash surrender value, loan or other option granted shall not be less than the corresponding amount ascertained in accordance with the provisions of the laws of the commonwealth applicable to life insurance companies issuing policies containing like insurance benefits based upon such tables.

Section 21. A member shall have the right at all times to change the beneficiary or beneficiaries in accordance with the constitution, by-laws or rules of the society. Every society by its constitution, by-laws or rules may limit the scope of beneficiaries and shall provide that no beneficiary shall have or obtain any vested interest in the proceeds of any certificate until the certificate has become due and payable in conformity with the provisions of the insurance contract.

A society may make provision for the payment of funeral benefits to the extent of such portion of any payment under a certificate as might

reasonably appear to be due to any person equitably entitled thereto by reason of having incurred expense occasioned by the burial of the member, provided the portion so paid shall not exceed the sum of five hundred dollars.

Any society may pay the benefits due to minors in monthly instalments of not over twenty-five dollars per month for each minor beneficiary to the person or persons who in the opinion of the society are caring for and supporting such beneficiary, and such payment shall be a complete discharge of the society's liability to the extent of such payments.

If, at the death of any member, there is no lawful beneficiary to whom the insurance benefits shall be payable, the amount of such benefits, except to the extent that funeral benefits may be paid as hereinbefore provided, shall be payable to the personal representative of the deceased member.

Section 22. No money or other benefit, charity, relief or aid to be paid, provided or rendered by any society, shall be liable to attachment or other process, or to be seized, taken, appropriated or applied by any legal or equitable process or operation of law to pay any debt or liability of a member or beneficiary, or any other person who may have a right thereunder, either before or after payment by the society.

Section 23. Every society authorized to do business in the commonwealth shall issue to each benefit member a certificate specifying the amount of benefits provided thereby. The certificate, together with any riders or indorsements attached thereto, the charter or articles of incorporation, the constitution and by-laws of the society, the application for membership, and declaration of insurability, if any, signed by the applicant, and all amendments to each thereof, shall constitute the agreement, as of the date of issuance, between the society and the member, and the certificate shall so state. A copy of the application for membership and of the declaration of insurability, if any, shall be endorsed upon or attached to the certificate.

All statements purporting to be made by the member shall be representations and not warranties. Any waiver of this provision shall be void.

Any changes, additions or amendments to the charter or articles of incorporation, constitution or by-laws duly made or enacted subsequent to the issuance of the certificate, shall bind the member and the beneficiaries, and shall govern and control the agreement in all respects the same as though such changes, additions or amendments had been made prior to and were in force at the time of the application for membership, except that no change, addition or amendment shall destroy or diminish benefits which the society contracted to give the member as of the date of issuance.

Copies of any of the documents mentioned in this section, certified by the secretary or corresponding officer of the society shall be received as evidence of the terms and conditions thereof.

A society shall provide in its constitution or by-laws that if its reserves as to all or any class of certificates become impaired, its board of directors or corresponding body may require that there shall be paid by the member to the society the amount of the member's equitable proportion of such deficiency as ascertained by its board, and that if the payment

be not made it shall stand as an indebtedness against the certificate and draw interest not to exceed five per cent per annum compounded annually.

Section 24. No life benefit certificate shall be delivered or issued for delivery in this state unless a copy of the form shall have been filed with the commissioner of insurance.

(1) The certificate shall contain in substance the following standard provisions or, in lieu thereof, provisions which are more favorable to the member: —

(a) Title on the face and filing page of the certificate clearly and correctly describing its form;

(b) A provision stating the amount of rates, premiums or other required contributions, by whatever name known, which are payable by the insured under the certificate;

(c) A provision that the member is entitled to a grace period of not less than a full month (or thirty days at the option of the society) in which the payment of any premium after the first may be made. During such grace period the certificate shall continue in full force, but in case the certificate becomes a claim during the grace period before the overdue payment is made, the amount of such overdue payment or payments may be deducted in any settlement under the certificate;

(d) A provision that the member shall be entitled to have the certificate reinstated at any time within three years from the due date of the premium in default, unless the certificate has been completely terminated through the application of a nonforfeiture benefit, cash surrender value or certificate loan, upon the production of evidence of insurability satisfactory to the society, and the payment of all overdue premiums and any other indebtedness to the society upon the certificate, together with interest on such premiums and such indebtedness, if any, at a rate not exceeding six per cent per annum compounded annually;

(e) Except in the case of pure endowment, annuity or reversionary annuity contracts, reducing term insurance contracts, or contracts of term insurance of uniform amount of fifteen years or less expiring before age sixty-six, a provision that, in the event of default in payment of any premium after three full years' premiums have been paid or after premiums for a lesser period have been paid if the contract so provides, the society will grant, upon proper request not later than sixty days after the due date of the premium in default, a paid-up nonforfeiture benefit on the plan stipulated in the certificate, effective as of such due date, of such value as specified in this chapter. The certificate may provide, if the society's laws so specify or if the member shall so elect prior to the expiration of the grace period of any overdue premium, that default shall not occur so long as premiums can be paid under the provisions of an arrangement for automatic premium loan as may be set forth in the certificate;

(f) A provision that one paid-up nonforfeiture benefit as specified in the certificate shall become effective automatically unless the member elects another available paid-up nonforfeiture benefit, not later than sixty days after the due date of the premium in default;

(g) A statement of the mortality table and rate of interest used in determining all paid-up nonforfeiture benefits and cash surrender options available under the certificate, and a brief general statement of the method used in calculating such benefits;

(h) A table showing in figures the value of every paid-up nonforfeiture benefit and cash surrender option available under the certificate for each certificate anniversary either during the first twenty certificate years or during the term of the certificate, whichever is shorter;

(i) A provision that the certificate shall be incontestable after it has been in force during the lifetime of the member for a period of two years from its date of issue except for nonpayment of premiums, violation of the provisions of the certificate relating to military aviation or naval service, and violation of the provisions relating to suspension or expulsion as substantially set forth in the certificate. At the option of the society, supplemental provisions relating to benefits in the event of temporary or permanent disability or hospitalization, and provisions which grant additional insurance specifically against death by accident or accidental means, may also be excepted. The certificate shall be incontestable on the ground of suicide after it has been in force during the lifetime of the member for a period of two years from date of issue. The certificate may provide, as to statements made to procure reinstatement, that the society shall have the right to contest a reinstated certificate within a period of two years from date of reinstatement with the same exceptions as herein provided;

(j) A provision that in case the age of the member or of the beneficiary is considered in determining the premium, and it is found at any time before final settlement under the certificate that the age has been misstated, and the discrepancy and premium involved have not been adjusted, the amount payable shall be such as the premium would have purchased at the correct age; but if the correct age was not an insurable age under the society's charter or by-laws, only the premiums paid to the society, less any payments previously made to the member, shall be returned, or, at the option of the society, the amount payable under the certificate shall be such as the premium would have purchased at the correct age according to the society's promulgated rates and any extension thereof based on actuarial principles;

(k) A provision or provisions which recite fully, or which set forth the substance of, all sections of the charter, constitution, by-laws, rules or regulations of the society, in force at the time of issuance of the certificate, the violation of which will result in the termination of, or in the reduction of, the benefit or benefits payable under the certificate;

(l) If the constitution or by-laws of the society provide for expulsion or suspension of a member, any member so expelled or suspended, except for non-payment of a premium or within the contestable period for material misrepresentations in such member's application for membership, shall have the privilege of maintaining his insurance in force by continuing payment of the required premium; and

(m) In the case of a certificate issued by a foreign or alien society, a provision that the rights or obligations of the member or of any person rightfully claiming under the certificate shall be governed by the laws of the commonwealth.

Any of the foregoing provisions or portions thereof not applicable by reason of the plan of insurance or because the certificate is an annuity certificate may, to the extent inapplicable, be omitted from the certificate.

(2) No life benefit certificate shall be delivered or issued for delivery in this state containing in substance any of the following provisions: —

(a) Any provision limiting the time within which any action at law or in equity may be commenced to less than two years after the cause of action shall accrue;

(b) Any provision by which the certificate shall purport to be issued or to take effect more than six months before the original application for the certificate was made, except in case of transfer from one form of certificate to another in connection with which the member is to receive credit for any reserve accumulation under the form of certificate from which the transfer is made; or

(c) Any provision for forfeiture of the certificate for failure to repay any loan thereon or to pay interest on such loan while the total indebtedness, including interest, is less than the loan value of the certificate.

Section 25. Whenever it appears by a valuation certified to by a competent actuary that the actual assets of a society exceed its liabilities, including in liabilities the tabular reserves computed on the basis specified in section twenty by an amount equal to five per cent of said reserves, increased by an amount equal to all its other mortuary liabilities, it may, by vote of its officers having the powers of directors, and for such period as its assets are maintained as aforesaid, waive the further collection of the regular mortuary contributions from its members. A society maintaining a surplus of assets in excess of such amount as enables it to waive contributions as aforesaid may pay back to its several members an equitable portion of such surplus in such manner as may be determined by vote of said officers.

Section 26. No domestic, foreign or alien society authorized to do business in the commonwealth shall issue or deliver in the commonwealth any certificate or other evidence of any contract of accident insurance or health insurance or of any total and permanent disability insurance contract unless and until the form thereof, together with the form of application and all riders or endorsements for use in connection therewith, shall have been filed with the commissioner and approved by him as conforming to reasonable rules and regulations from time to time made by him, and as not inconsistent with any other provisions of law applicable thereto. The commissioner shall, within a reasonable time after the filing of any such form, notify the society filing the same either of his approval or of his disapproval of such form. The commissioner may approve any such form which in his opinion contains provisions on any one or more of the several requirements made by him which are more favorable to the members than the one or ones so required. Pursuant to the foregoing provisions the commissioner shall have power, from time to time, to make, alter and supersede reasonable regulations prescribing the required, optional and prohibited provisions in such contracts, and such regulations shall conform, as far as practicable, to the provisions of law relating to health and accident policy provisions and disability policy provisions. Where the commissioner deems inapplicable, either in part or in their entirety, the provisions of the foregoing sections, he may prescribe the portions or summary thereof of the contract to be printed on the certificate issued to the member. Any filing made hereunder shall be deemed approved unless disapproved within sixty days from the date of such filing.

Section 27. The constitution and by-laws of the society may provide that no subordinate body, nor any of its subordinate officers or members shall have the power or authority to waive any of the provisions of by-

laws or the constitution. Such provisions shall be binding on the society and every member and beneficiary of a member.

Section 28. A domestic society may, by a reinsurance agreement, cede any individual risk or risks in whole or in part to an insurer, other than another fraternal benefit society, having the power to make such reinsurance and authorized to do business in the commonwealth, or, if not so authorized, one which is approved by the commissioner; but no such society may reinsure substantially all of its insurance in force without the written permission of the commissioner. It may take credit for the reserves on such ceded risks to the extent reinsured, but no credit shall be allowed as an admitted asset or as a deduction from liability, to a ceding society for reinsurance made, ceded, renewed or otherwise becoming effective, unless the reinsurance is payable by the assuming insurer on the basis of the liability of the ceding society under the contract or contracts reinsured without diminution because of the insolvency of the ceding society.

Section 29. The authority of a society licensed under the provisions of this chapter may be renewed annually, but in all cases shall terminate on the first day of the succeeding July; provided, however, a license so issued shall continue in full force and effect until the new license be issued or specifically refused. For each such license or renewal the society shall pay the commissioner twenty dollars. A duly certified copy or duplicate of such license shall be prima facie evidence that the licensee is a fraternal benefit society within the meaning of this chapter.

Section 30. No foreign or alien society shall transact business in the commonwealth without a license issued by the commissioner. Any such society may be licensed to transact business in the commonwealth upon filing with the commissioner —

- (a) A duly certified copy of its charter or articles of incorporation;
- (b) A copy of its constitution and by-laws, certified by its secretary or corresponding officer;
- (c) A power of attorney to the commissioner as prescribed in section thirty-six;
- (d) A statement of its business under oath of its president and secretary or corresponding officers in a form prescribed by the commissioner, duly verified by an examination made by the supervising insurance official of its home state or other state, territory, province or country, satisfactory to the commissioner;
- (e) A certificate from the proper official of its home state, territory, province or country that the society is legally incorporated and licensed to transact business therein;
- (f) Copies of its certificate forms; and
- (g) Such other information as he may deem necessary — and upon a showing that its assets are invested in accordance with the provisions of this chapter

Any foreign or alien society desiring admission to this commonwealth shall have the financial qualifications required of domestic societies organized under this chapter.

Section 31. The beneficiary under a certificate issued by any society may maintain an action thereon in his own name.

Section 32. A foreign society, if formed under the laws of any government or state other than the United States or one of the United

States, shall not be admitted and authorized to transact business in the commonwealth until, besides complying with the conditions of sections thirty and thirty-six, it has satisfied the commissioner that it has made a deposit, as hereinafter provided, with the state treasurer or with the proper board or officer of some other state of the United States or with trustees who are citizens or corporations of the United States and approved by the commissioner, appointed under a deed of trust executed in a form approved by the attorney general and the commissioner and who have filed with the commissioner a bond, in a form approved by the attorney general and the commissioner, with a surety company authorized to transact business in the commonwealth as surety, and in such sum as the commissioner may require, conditioned upon the faithful performance of their duties and running to the commissioner or his successor for the benefit of all the members, certificate holders and creditors within the United States of such society. Such deposit shall be held in exclusive trust for the benefit and security of all the members, certificate holders and creditors in the United States of such society, and shall be in an amount not less than the reserves with respect to all its outstanding certificates of membership held by residents of the United States and may be made in the securities and subject to the limitations specified in sections sixty-three and sixty-six of chapter one hundred and seventy-five, or in cash or such other securities as the commissioner may approve. If made with the state treasurer, such deposit shall not be returned to the society until it has ceased to transact business in the commonwealth, nor until the commissioner is satisfied that the society is under no obligation to members, certificate holders or other persons in this commonwealth or in any other state of the United States for whose benefit such deposit was made, nor until he has given his written consent to such return; provided, that the commissioner may, in any case, authorize in writing the return to the society of any excess of any such deposit over the amount required by this section if he is satisfied that such return will not be prejudicial to the interests of its members, certificate holders or creditors.

Section 33. When the commissioner upon investigation finds that a domestic society —

- (a) Has exceeded its powers;
- (b) Has failed to comply with any provision of this chapter;
- (c) Is not fulfilling its contracts in good faith;
- (d) Has a membership of less than four hundred after an existence of one year or more; or
- (e) Is conducting business fraudulently or in a manner hazardous to its members, creditors, the public or the business, he shall notify the society of his findings, state in writing the reasons for his dissatisfaction, and require the society to show cause before him, at a time and place named, why he should not take action to have the society enjoined from carrying on any business until the violation complained of shall have been corrected, or to have any other appropriate action commenced in court, as provided in the next paragraph.

If on such date the society does not present good and sufficient reasons why he should not take such action, the commissioner may present the facts relating thereto to the attorney general, who shall, if he deems the circumstances warrant, commence an action to enjoin the society from transacting business or commence any other appropriate action in court.

The court shall thereupon notify the officers of the society of a hearing. If after a full hearing it appears that the society should be so enjoined or liquidated or a receiver appointed, or that other appropriate action be taken by the court, the court shall enter the necessary order.

No society so enjoined shall have authority to do business until —

(a) The commissioner finds that the violation complained of has been corrected;

(b) The cost of such action shall have been paid by the society if the court finds that the society was in default as charged;

(c) The court has dissolved its injunction; and

(d) The commissioner has reinstated the certificate of authority.

If the court orders the society liquidated, it shall be enjoined from carrying on any further business, whereupon the receiver of the society shall proceed at once to take possession of the books, papers, money and other assets of the society, and, under the direction of the court, proceed forthwith to close the affairs of the society and to distribute its funds to those entitled thereto.

No action under this section shall be commenced in any court of the commonwealth unless brought by the attorney general upon request of the commissioner. Whenever a receiver is to be appointed for a domestic society, the court shall appoint the commissioner as such receiver.

The provisions of this section relating to hearing by the commissioner, action by the attorney general at the request of the commissioner, hearing by the court, injunction and receivership shall be applicable to a society which shall voluntarily determine to discontinue business.

Section 34. When the commissioner upon investigation finds that a foreign or alien society transacting or applying to transact business in this state, (a) has exceeded its powers; (b) has failed to comply with any of the provisions of this chapter; (c) is not fulfilling its contracts in good faith; or (d) is conducting its business fraudulently or in a manner hazardous to its members or creditors or the public, he shall notify the society of his findings, state in writing the reasons for his dissatisfaction, and require the society to show cause on a date named why its license should not be suspended, revoked or refused. If on such date the society does not present good and sufficient reason why its authority to do business in this state should not be suspended, revoked or refused, he may suspend or refuse the license of the society to do business in this state until satisfactory evidence is furnished to him that such suspension or refusal should be withdrawn, or he may revoke the authority of the society to do business in this state.

Nothing contained in this section shall be taken or construed as preventing any such society from continuing in good faith all contracts made in the commonwealth during the time such society was legally authorized to transact business herein.

Section 35. Agents of societies shall be licensed in accordance with the provisions of this section.

(1) The term "insurance agent" as used in this section means any authorized or acknowledged agent of a society who acts as such in the solicitation, negotiation or procurement or making of a life insurance, accident and health insurance or annuity contract, except that the term "insurance agent" shall not include —

(a) Any regular salaried officer or employee of a licensed society who devotes substantially all of his services to activities other than the solicitation of fraternal insurance contracts from the public, and who receives for the solicitation of such contracts no commission or other compensation directly dependent upon the amount of business obtained; or

(b) Any agent or representative of a society who devotes, or intends to devote, less than fifty per cent of his time to the solicitation and procurement of insurance contracts for such society. Any person who in the preceding calendar year has solicited and procured life insurance contracts on behalf of any society in an amount of insurance in excess of fifty thousand dollars, or, in the case of any other kind or kinds of insurance which the society might write, on the persons of more than twenty-five individuals, and who has received or will receive a commission or other compensation therefor, shall be presumed to be devoting, or intending to devote, fifty per cent of his time to the solicitation or procurement of insurance contracts for such society.

(2) Any person who in the commonwealth acts as insurance agent for a society without having authority so to do by virtue of a license issued and in force pursuant to the provisions of this section shall, except as provided in subsection (1), be guilty of a misdemeanor.

(3) No society doing business in the commonwealth shall pay any commission or other compensation to any person for any services in obtaining in the commonwealth any new contract of life, accident or health insurance, or any new annuity contract, except to a licensed insurance agent of such society, and except an agent exempted under subsection (1) (b) of this section.

(4) (a) The commissioner may issue a license to any person who has paid an annual license fee of five dollars and who has complied with the requirements of this section, authorizing such licensee to act as an insurance agent on behalf of any society named in such license which is authorized to do business in the commonwealth.

(b) Before any insurance agent's license shall be issued there shall be on file in the office of the commissioner the following documents: —

(1) A written application by the prospective licensee in such form or forms and supplements thereto, and containing such information, as the commissioner may prescribe; and

(2) A certificate by the society which is to be named in such license, stating that such society has satisfied itself that the named applicant is trustworthy and competent to act as such insurance agent, and that the society will appoint such applicant to act as its agent if the license applied for is issued by the commissioner. Such certificates shall be executed and acknowledged by an officer or managing agent of such society.

(c) No written or other examination shall be required of any individual seeking to be named as a licensee to represent a society as its agent.

(d) The commissioner may refuse to issue or renew any insurance agent's license if in his judgment the proposed licensee is not trustworthy and competent to act as such agent, or has given cause for revocation or suspension of such license, or has failed to comply with any prerequisite for the issuance or renewal, as the case may be, of such license.

(e) Every license issued pursuant to this section, and every renewal thereof, shall expire on December thirty-first of the even-numbered

calendar year following the calendar year in which such license or renewal license was issued.

(f) If the application for a renewal license shall have been filed with the commissioner on or before December thirty-first of the year in which the existing license is to expire, such applicant named in such existing license may continue to act as insurance agent under such existing license, unless same shall be revoked or suspended, until the issuance by the commissioner of the renewal license, or until the expiration of five days after he shall have refused to renew such license and shall have served written notice of such refusal on the applicant. If the applicant shall, within thirty days after such notice is given, notify the commissioner in writing of his request for a hearing on such refusal, the commissioner shall, within a reasonable time after receipt of such notice, grant such hearing, and he may, in his discretion, reinstate such license.

(g) Any such renewal license of an insurance agent may be issued upon the application of the society named in the existing license. Such application shall be in the form or forms prescribed by the commissioner and shall contain such information as he may require. Such application shall contain a certificate executed by the president, or by a vice president, a secretary, an assistant secretary, or corresponding officer by whatever name known, or by an employee expressly designated and authorized to execute such certificate of a domestic or foreign society or by the United States manager of an alien society, stating that the addresses therein given of the agents of such society for whom renewal licenses are requested therein have been verified in each instance immediately preceding the preparation of the application. Notwithstanding the filing of such application, the commissioner may, after reasonable notice to any such society, require that any or all agents of such society to be named as licensees in renewal licenses shall execute and file separate applications for the renewal of such licenses, as hereinbefore specified, and he may also require that each such application shall be accompanied by the certificate specified in paragraph (b) (2) of subsection (4) of this section.

(5) Every society doing business in the commonwealth shall, upon the termination of the appointment of an insurance agent licensed to represent it in the commonwealth, forthwith file with the commissioner a statement, in such form as he may prescribe, of the facts relative to such termination and the cause thereof. Every statement made pursuant to this section shall be deemed a privileged communication.

(6) (a) The commissioner may revoke or may suspend for such period as he may determine, any insurance agent's license if, after notice and hearing as specified in this section, he determines that the licensee has —

(1) Violated any provision of, or any obligation imposed by, this section, or has violated any law in the course of his dealings as agent;

(2) Made a material misstatement in the application for such license;

(3) Been guilty of fraudulent or dishonest practices;

(4) Demonstrated his incompetency or untrustworthiness to act as an insurance agent; or

(5) Been guilty of rebating as defined by the laws of the commonwealth applicable to life insurance companies.

(b) The revocation or suspension of any insurance agent's license shall terminate forthwith the license of such agent. No individual whose license has been revoked shall be entitled to obtain any insurance

agent's license under the provisions of this section for a period of one year after such revocation, or, if such revocation be judicially reviewed, for one year after the final determination thereof affirming the action of the commissioner in revoking such license.

Section 36. Every society authorized to do business in the commonwealth shall appoint in writing the commissioner and each successor in office to be its true and lawful attorney upon whom all lawful process in any action or proceeding against it shall be served, and shall agree in such writing that any lawful process against it which is served on said attorney shall be of the same legal force and validity as if served upon the society, and that the authority shall continue in force so long as any liability remains outstanding in the commonwealth. Copies of such appointment, certified by said commissioner, shall be deemed sufficient evidence thereof and shall be admitted in evidence with the same force and effect as the original thereof might be admitted.

Service shall only be made upon the commissioner, or if absent, upon the person in charge of his office. It shall be made in duplicate and shall constitute sufficient service upon the society. When legal process against a society is served upon the commissioner, he shall forthwith forward one of the duplicate copies by registered mail, prepaid, directed to the secretary or corresponding officer. Such service shall be made at least thirty days prior to the return day of the writ, and a society shall not be required to appear or file an answer, pleading or defence in less than thirty days after such service of any other process not commenced by writ. Legal process shall not be served upon a society except in the manner herein provided. At the time of serving any process upon the commissioner, the plaintiff or complainant in the action shall pay to the commissioner a fee of two dollars.

Section 37. No application or petition for injunction against any domestic, foreign or alien society, or branch thereof, shall be brought in any court of the commonwealth except by the attorney general upon request of the commissioner.

Section 38. All decisions and findings of the commissioner made under the provisions of this chapter shall be subject to review by proper proceedings in any court of competent jurisdiction in the commonwealth.

Section 39. All assets shall be held, invested and disbursed for the use and benefit of the society, and no member or beneficiary shall have or acquire individual rights therein or become entitled to any apportionment or the surrender of any part thereof, except as provided in the contract.

A society may create, maintain, invest, disburse and apply any special fund or funds necessary to carry out any purpose permitted by the by-laws of such society.

Every society, the admitted assets of which are less than the sum of its accrued liabilities and reserves under all of its certificates when valued according to standards required for certificates issued, shall, in every provision of the by-laws of the society for payments by members of such society, in whatever form made, distinctly state the purpose of the same and the proportion thereof which may be used for expenses, and no part of the money collected for mortuary or disability purposes or the net accretions thereto shall be used for expenses.

Section 40. Every society shall invest its funds in securities permitted by chapter one hundred and seventy-five for the investment of the capital of insurance companies, except that it may invest an amount not exceeding ten per cent of its funds in the shares of federal savings and loan associations located in the commonwealth and, in addition, invest and deposit in paid-up shares and accounts of and in co-operative banks chartered by the commonwealth, and may deposit any of its funds in any savings bank, or savings department of a trust company, chartered under the laws of the commonwealth; provided, that any foreign society permitted or seeking to do business in the commonwealth may invest its funds in accordance with the laws of the state where it is incorporated; and provided, further, that a part thereof, not exceeding twenty per cent of its death fund, may be invested in a building for use and occupation by the society as its home office; and that a society having branches situated in the Dominion of Canada may invest a part of its death fund in the public funds of the Dominion of Canada, or of any province of the Dominion of Canada, not exceeding in the aggregate an amount equal to the sum of its collected premiums for the four months last past. Any society, having admitted assets as shown by its annual statement filed with the commissioner in excess of one hundred and five per cent of its entire liabilities, including its required reserves, provided such reserves are at least equivalent to the amount required by the American experience table of mortality with interest at two and one half per cent per annum, may invest an amount not exceeding five per cent of its funds in the capital stock of a trust company incorporated in and doing business in the commonwealth, or of a national banking association incorporated under federal law and located in any one of the New England states, if such trust company or association has paid dividends in cash of not less than four per cent on its capital stock in each of the five years next preceding the date of the investment, and if the amount of surplus of such trust company or association is at least equal to fifty per cent of the amount of its capital stock.

Section 41. Reports shall be filed and synopsis of annual statements shall be published in accordance with the provisions of this section.

(1) Every society transacting business in the commonwealth shall annually, on or before the first day of March, unless for cause shown such time has been extended by the commissioner, file with the commissioner a true statement of its financial condition, transactions and affairs for the preceding calendar year and pay a fee of five dollars for filing same. The statement shall be in general form and context as approved by the National Association of Insurance Commissioners for fraternal benefit societies and as supplemented by additional information required by the commissioner.

(2) A synopsis of its annual statement providing an explanation of the facts concerning the condition of the society thereby disclosed shall be printed and mailed to each benefit member of the society not later than June first of each year, or, in lieu thereof, such synopsis may be published in the society's official publication.

(3) As a part of the annual statement herein required, each society shall, on or before the first day of March, file with the commissioner a valuation of its certificates in force on December thirty-first last pre-

ceding, provided the commissioner may, in his discretion for cause shown, extend the time for filing such valuation for not more than two calendar months. Such report of valuation shall show, as reserve liabilities, the difference between the present mid-year value of the promised benefits provided in the certificates of such society in force and the present mid-year value of the future net premiums as the same are in practice actually collected, not including therein any value for the right to make extra assessments, and not including any amount by which the present mid-year value of future net premiums exceeds the present mid-year value of promised benefits on individual certificates. At the option of any society, in lieu of the above, the valuation may show the net tabular value. Such net tabular value as to certificates issued prior to January first, nineteen hundred and fifty-nine, shall be determined in accordance with the provisions of law applicable prior to said January first, and, as to certificates issued on or after said January first, shall not be less than the reserves determined according to the Commissioners' Reserve Valuation method as hereinafter defined. If the premium charged is less than the tabular net premium according to the basis of valuation used, and additional reserve equal to the present value of the deficiency in such premiums shall be set up and maintained as a liability. The reserve liabilities shall be properly adjusted in the event that the mid-year or tabular values are not appropriate.

(4) Reserves according to the Commissioners' Reserve Valuation method, for the life insurance and endowment benefits of certificates providing for a uniform amount of insurance and requiring the payment of uniform premiums shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such certificates, over the then present value of any future modified net premiums therefor. The modified net premiums for any such certificate shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the date of issue of the certificate, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the certificate and the excess of (a) over (b), as follows:—

(a) A net level premium equal to the present value, at the date of issue, of such benefits provided for after the first certificate year, divided by the present value, at the date of issue, of an annuity of one per cent per annum payable on the first and each subsequent anniversary of such certificate on which a premium falls due; provided, however, that such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such certificate; and

(b) A net one-year term premium for such benefits provided for in the first certificate year.

Reserves according to the Commissioners' Reserve Valuation method for (1) life insurance benefits for varying amounts of benefits or requiring the payment of varying premiums; (2) annuity and pure endowment benefits; (3) disability and accidental death benefits in all certificates and contracts; and (4) all other benefits except life insurance and endowment benefits, shall be calculated by a method consistent with the principles of this subsection.

(5) The present value of deferred payments due under incurred claims

or matured certificates shall be deemed a liability of the society, and shall be computed upon mortality and interest standards prescribed in the following subsection: —

(6) Such valuation and underlying data shall be certified by a competent actuary or, at the expense of the society, verified by the actuary of the department of insurance of the state of domicile of the society.

The minimum standards of valuation for certificates issued prior to January first, nineteen hundred and fifty-nine, shall be those provided by the law applicable immediately prior to said January first, but not lower than the standards used in the calculating of rates for such certificates.

The minimum standard of valuation for certificates issued on or after said January first shall be three and one half per cent interest and the following tables: —

(a) For certificates of life insurance — American Men Ultimate Table of Mortality, with Bowerman's or Davis' Extension thereof or with the consent of the commissioner, the Commissioner's 1941 Standard Ordinary Mortality Table or the Commissioner's 1941 Standard Industrial Table of Mortality;

(b) For annuity certificates, including life annuities provided or available under optional modes of settlement in such certificates — the 1937 Standard Annuity Table;

(c) For disability benefits issued in connection with life benefit certificates — Hunter's Disability Table, which, for active lives, shall be combined with a mortality table permitted for calculating the reserves on life insurance certificates, except that the table known as Class III Disability Table (1926) modified to conform to the contractual waiting period, shall be used in computing reserves for disability benefits under a contract which presumes that total disability shall be considered to be permanent after a specified period;

(d) For accidental death benefits issued in connection with life benefit certificates — the Inter-Company Double Indemnity Mortality Table combined with a mortality table permitted for calculating the reserves for life insurance certificates; and

(e) For non-cancellable accident and health benefits — the Class III Disability Table (1926) with conference modifications or, with the consent of the commissioner, tables based upon the society's own experience.

The commissioner may, in his discretion, accept other standards for valuation if he finds that the reserves produced thereby will not be less in the aggregate than reserves computed in accordance with the minimum valuation standard herein prescribed. The commissioner may, in his discretion, vary the standards of mortality applicable to all certificates of insurance on substandard lives or other extra hazardous lives by any society authorized to do business in the commonwealth. Whenever the mortality experience under all certificates valued on the same mortality table is in excess of the expected mortality according to such table for a period of three consecutive years, the commissioner may require additional reserves when deemed necessary in his judgment on account of such certificates.

Any society, with the consent of the commissioner of insurance or other officer or officers exercising like powers of the state of domicile of the society and under such conditions, if any, which he may impose, may establish and maintain reserves on its certificates in excess of the

reserves required thereunder, but the contractual rights of any insured member shall not be affected thereby.

(7) A society neglecting to file the annual statement in the form and within the time provided by this section shall forfeit one hundred dollars for each day during which such neglect continues, and, upon notice by the commissioner to that effect, its authority to do business in this state shall cease while such default continues.

Section 42. Any society may, in the annual statement required by section forty-one, value its bonds or other evidences of debt having a fixed term and rate and not in default as to principal or interest and if amply secured, in accordance with the following rule:— if purchased at par, at the par value; if purchased above or below par, on the basis of the purchase price adjusted so as to bring the value to par at maturity and so as to yield meantime the effective rate of interest at which the purchase was made; provided that the purchase price shall in no case be taken at a higher figure than the actual market value at the time of purchase and provided, further, that the commissioner shall have full discretion in determining the method of calculating values according to the foregoing rule; and provided, also, that any society may return such bonds or other evidences of debt at either their market or their book value but in no event at any aggregate value exceeding the aggregate of the values calculated according to the foregoing rule.

Section 43. If the stated periodical contributions of the members of any society subject to section forty-one are insufficient to pay all reported death, disability, hospitalization and medical service claims in full, and to provide for the creation and maintenance of the funds required by its by-laws or by this chapter, additional contributions or additional, increased or extra rates of contributions shall be collected from its members to meet the deficiency, and the by-laws of the society shall so provide; and such by-laws may provide that upon the written application or consent of the member his certificate may be charged with its proportion of any deficiency disclosed by valuation, with interest not exceeding five per cent per annum.

Section 44. The commissioner, or any person he may appoint, shall have the power of visitation and examination into the affairs of any domestic society, and he shall make such examination at least once in every three years. He may employ assistants for the purpose of such examination, and he, or any person he may appoint, shall have free access to all books, papers and documents that relate to the business of the society. The minutes of the proceedings of the supreme legislative or governing body and of the board of directors or corresponding body of a society shall be in the English language. In making any such examination the commissioner may summon and qualify as witnesses under oath and examine its officers, agents and employees or other persons in relation to the affairs, transactions and condition of the society. A summary of the report of the commissioner and such recommendations or statements of the commissioner as may accompany such report, shall be read at the first meeting of the board of directors or corresponding body of the society following the receipt thereof, and if directed so to do by the commissioner, shall also be read at the first meeting of the supreme legislative or governing body of the society following the receipt thereof. A copy of the report, recommendations and statements of the commissioner shall be furnished by the society to each member of such

board of directors or other governing body. The expense of each examination and of each valuation, including compensation and actual expense of examiners, shall be paid by the society examined or whose certificates are valued, upon statements furnished by the commissioner.

Section 45. The commissioner, or any person whom he may appoint, may examine any foreign or alien society transacting or applying for admission to transact business in this state. He may employ assistants, and he, or any person he may appoint, shall have free access to all books, papers and documents that relate to the business of the society. He may in his discretion accept, in lieu of such examination, the examination of the insurance department of the state, territory, district, province or country where such society is organized. The compensation and actual expenses of the examiners making any examination or general or special valuation shall be paid by the society examined or by the society whose certificate obligations have been valued, upon statements furnished by the commissioner.

Section 46. Pending, during or after an examination or investigation of a society, either domestic, foreign or alien, the commissioner shall make public no financial statement, report or finding, nor shall he permit to become public any financial statement, report or finding affecting the status, standing or rights of any society, until a copy thereof shall have been served upon the society at its principal office and the society shall have been afforded a reasonable opportunity to answer any such financial statement, report or finding and to make such showing in connection therewith as it may desire.

Section 47. No person shall cause or permit to be made, issued or circulated in any form —

(a) Any misrepresentation or false or misleading statement concerning the terms, benefits or advantages of any fraternal insurance contract now issued or to be issued in the commonwealth, or the financial condition of any society;

(b) Any false or misleading estimate or statement concerning the dividends or shares of surplus paid or to be paid by any society on any insurance contract; or

(c) Any incomplete comparison of an insurance contract of one society with an insurance contract of another society or insurer for the purpose of inducing the lapse, forfeiture or surrender of any insurance contract. A comparison of insurance contracts is incomplete if it does not compare in detail —

(1) The gross rates, and the gross rates less any dividend or other reduction allowed at the date of the comparison; and

(2) Any increase in cash values, and all the benefits provided by each contract for the possible duration thereof as determined by the life expectancy of the insured; or if it omits from consideration —

(3) Any benefit or value provided in the contract;

(4) Any differences as to amount or period of rates; or

(5) Any differences in limitations or conditions or provisions which directly or indirectly affect the benefits.

In any determination of the incompleteness or misleading character of any comparison or statement, it shall be presumed that the insured had no knowledge of any of the contents of the contract involved.

Any person who violates any provision of this section or knowingly receives any compensation or commission by or in consequence of such

violation, shall be punished by a fine not less than one hundred dollars nor more than five hundred dollars or by imprisonment for not less than thirty days nor more than one year, or by both such fine and imprisonment; and shall, in addition, be liable in the amount of three times the sum received by such violator as compensation or commission, which may be sued for and recovered by any person or society aggrieved for his or its own use and benefit in an action of tort.

Section 48. No society doing business in the commonwealth shall make or permit any unfair discrimination between insured members of the same class and equal expectation of life in the premiums charged for certificates of insurance, in the dividends or other benefits payable thereon, or in any other of the terms and conditions of the contracts it makes.

No society, by itself, or any other party, and no agent or solicitor, personally, or by any other party, shall offer, promise, allow, give, set off, or pay, directly or indirectly, any valuable consideration or inducement to, or for insurance, on any risk authorized to be taken by such society, which is not specified in the certificate. No member shall receive or accept, directly or indirectly, any rebate of premium, or part thereof, or agent's or solicitor's commission thereon, payable on any certificate, or receive or accept any favor or advantage or share in the dividends or other benefits to accrue on, or any valuable consideration or inducement not specified in, the contract of insurance.

Section 49. Every society organized or licensed under this chapter is hereby declared to be a charitable and benevolent institution, and all of its funds shall be exempt from all and every state, county, district, municipal and school tax other than taxes on real estate and office equipment.

Section 50. Societies shall be governed by this chapter, and shall be exempt from all other provisions of the insurance laws of the commonwealth except sections sixteen, one hundred and sixty A, one hundred and sixty B, one hundred and seventy-eight to one hundred and eighty, inclusive, and one hundred and eighty-five of chapter one hundred and seventy-five, not only in governmental relations with the commonwealth, but for every other purpose; and no law hereafter enacted shall apply to them unless they are expressly designated therein.

Section 51. Nothing contained in this chapter shall be so construed as to affect or apply to —

(a) Grand or subordinate lodges of societies, orders or associations doing business in the commonwealth on December thirty-first, nineteen hundred and fifty-eight, which provide benefits exclusively through local or subordinate lodges;

(b) Orders, societies or associations which admit to membership only persons engaged in one or more crafts or hazardous occupations, in the same or similar lines of business, insuring only their own members, their families and descendants of members, and the ladies' societies or ladies' auxiliaries to such orders, societies or associations;

No society which, by the provisions of this section, is exempt from the requirements of this chapter, except any society described in clause (b) of this section, shall give or allow, or promise to give or allow, to any person any compensation for procuring new members.

Every society which provides for benefits in case of death or disability resulting solely from accident, and which does not obligate itself to pay

natural death or sick benefits, shall have all of the privileges and be subject to all the applicable provisions and regulations of this chapter except that the provisions thereof relating to medical examination, valuations of benefit certificates, and incontestability, shall not apply to such society.

The commissioner may require from any society or association, by examination or otherwise, such information as will enable him to determine whether such society or association is exempt from the provisions of this chapter.

Section 52. Any person who willfully makes a false or fraudulent statement in or relating to an application for membership or for the purpose of obtaining money from or a benefit in any society, shall be punished by a fine of not less than one hundred nor more than five hundred dollars, or by imprisonment for not less than thirty days nor more than one year, or by both such fine and imprisonment.

Any person who willfully makes a false or fraudulent statement in any verified report or declaration under oath required or authorized by this chapter, or of any material fact or thing contained in a sworn statement concerning the death or disability of a member for the purpose of procuring payment of a benefit named in the certificate, shall be guilty of perjury and shall be subject to the penalties therefor prescribed by law.

Any person who solicits membership for, or in any manner assists in procuring membership in, any society not licensed to do business in this state shall be punished by a fine of not less than fifty nor more than two hundred dollars.

Any person guilty of a willful violation of, or neglect or refusal to comply with, the provisions of this chapter for which a penalty is not otherwise prescribed, shall be punished by a fine of not more than two hundred dollars.

Section 53. CHAP. 541. AN ACT ESTABLISHING THE OLD COLONY AREA TRANSPORTATION COMMISSION FOR THE PURPOSE OF MAKING A CONTRACT WITH THE NEW YORK, NEW HAVEN AND HARTFORD RAILROAD COMPANY TO CONTINUE PASSENGER SERVICE UNTIL JULY FIRST, NINETEEN HUNDRED AND FIFTY-NINE ON THE OLD COLONY LINES AND EXTEND AN OPTION TO BUY SAID LINES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to avoid substantial loss of employment, great reduction in property values, other irreparable harm to the economic welfare of the southeastern part of the commonwealth and to the city of Boston and vehicular traffic congestion and other hardships in travelling which will ensue if railroad passenger service into and out of the city of Boston upon the lines formerly owned by the Old Colony Railroad Company is discontinued pursuant to a certain plan of reorganization, therefore this act is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. *Old Colony Area Transportation Commission.* — Until July first, nineteen hundred and fifty-nine, there shall be in the department of public utilities, but in no respect subject to the direction or control of the commission having the supervision and control of said department, a board, known as the Old Colony Area Transportation Commission, consisting of five persons serving without compensation upon appointment by the governor by and with the advice and consent of the council, of whom one shall be a resident of the city of Boston and the others residents of cities and towns named in paragraph (2) of section three. None of the commissioners shall be in the employ of, or own any stock in, or be in any way, directly or indirectly, pecuniarily interested in any railroad corporation or bus or street railway company; nor shall more than three of the commissioners be of the same political party; nor shall any two of the commissioners reside in the same city or town. The governor shall designate one of the commissioners as chairman. With the advice and consent of the council, the governor may remove any commissioner for cause. Any vacancy in the commission from any cause shall be filled by appointment as aforesaid.

SECTION 2. *Duties of Commission.* — The Old Colony Area Transportation Commission shall forthwith enter into a contract in the name and behalf of the commonwealth with the New York, New Haven and Hartford Railroad Company whereby, in consideration of an agreement by the commonwealth to pay to said company the sum of nine hundred thousand dollars in four equal instalments of two hundred and twenty-five thousand dollars each on October first in the current year and on January second, April first and July first in the year nineteen hundred and fifty-nine, said company shall agree to operate from the time of the execution of such contract until July first, nineteen hundred and fifty-nine, railroad passenger service to and from the city of Boston through the Atlantic station in the city of Quincy to and from the Greenbush station in the town of Scituate, the Plymouth station in the town of Plymouth, the Woods Hole station in the town of Falmouth, and the Hyannis station in the town of Barnstable, respectively, — such service to be of the same type as, or of a type which in the judgment of said commission is better than, the service furnished on such lines during the year beginning July first, nineteen hundred and fifty-seven, and of a quality at least as good as the service so furnished during said year, and provided by equipment at least as good as the service so furnished during said year, and furnished on the same or more frequent operating schedules for each season for the aforesaid stations and all intermediate stations during the period of the contract as the service so furnished during said year, and operated on the tariffs in effect for such service on the passage of this act; and by such contract said company shall further grant an option to the commonwealth to purchase from said company on or before August fifteenth, nineteen hundred and fifty-nine, that portion of the Boston group lines extending from Boston to Braintree at the salvage value thereof which was accepted for the purposes of the plan of reorganization approved on March sixth, nineteen hundred and forty-four, and confirmed on September sixth, nineteen hundred and forty-five, by the United States District Court for the District of Connecticut in proceedings for the reorganization of the New York, New Haven

and Hartford Railroad Company, plus the depreciated amount of capital improvements made since the date of the appraisal of such salvage value, — such option (a) to be limited to such facilities appurtenant to said Boston-Braintree segment as shall reasonably be required by the commonwealth for its passenger operation and subject to a right in said company to make joint use of such of said facilities as are not reasonably required for the exclusive use of the commonwealth, and (b) to be accompanied by an undertaking by said company to accord to the commonwealth so far as possible, in the event it exercises such option, the right to use the Boston Terminal Company property on the same terms and conditions as possessed by said company. In the event such option is exercised, neither the aforesaid nine hundred thousand dollars nor any part thereof shall be applied to the purchase price.

The Old Colony Area Transportation Commission shall superintend for the commonwealth the performance of such contract, shall investigate all complaints that said company is not faithfully performing its obligations thereunder, and may refer to the board established by section four of this act for advice any such complaint or the results of its investigation thereof, or both. Upon application of the commonwealth acting by the attorney general upon the request of said commission, the superior court shall have jurisdiction in equity to compel the specific performance of such contract by said company.

If in the exercise of its reserved jurisdiction to consider and act in any matter arising out of the option granted in the aforesaid plan of reorganization to the commonwealth for the purchase of the aforesaid portion of the Boston group lines, the United States District Court for the District of Connecticut shall allow the option aforesaid as an extension of the option granted in said plan, the option aforesaid shall be deemed for all purposes to be an extension of the option granted in said plan. Nothing in this act, and nothing done thereunder, shall be construed to affect in any way the jurisdiction or power of the United States District Court for the District of Connecticut or any right, privilege or obligation of said company under the aforesaid plan of reorganization except as provided in the preceding sentence of this paragraph and except in so far as such contract shall require of said company the operation of railroad passenger service as described in this section. Said company shall render a quarterly account of the disposition of the two hundred and twenty-five thousand dollars received by it during the prior quarter, and said report shall be filed with the Old Colony Area Transportation Commission and a copy thereof forwarded to the department of public utilities.

SECTION 3. *Assessments on Municipalities in Old Colony Transportation Area.* — 1. On or before October first in the current year, the city of Boston shall pay to the New York, New Haven and Hartford Railroad Company the sum of two hundred and twenty-five thousand dollars in discharge of the obligation of the commonwealth to pay the instalment payable under such contract on said date. When assessing taxes under section twenty-three of chapter fifty-nine of the General Laws in the current year, the assessors of said city shall include a like sum for the purpose of enabling said city to make such payment.

2. The aggregate amount of the instalments payable by the commonwealth under such contract in the year nineteen hundred and fifty-nine,

with interest or other charges incurred in borrowing money to pay such instalments, shall be assessed, as provided by section twenty of chapter fifty-nine of the General Laws, upon the cities and towns named in the following schedule in the proportions set against their respective names:

SECTION 4. *Old Colony Area Transportation Advisory Council.* — Until July first, nineteen hundred and fifty-nine, there shall be in the Old Colony transportation area a board, to be known as the Old Colony

Area Transportation Advisory Council, consisting of the mayor of each city, and the chairman of the board of selectmen of each town, named in paragraphs 1 and 2 of section three. Each mayor and chairman of a board of selectmen shall have a number of votes in proportion to the amount, exclusive of interest or other charges, paid by his city or town under section three. SECTION 5. *Duties of Advisory Council.* — Said advisory council shall consider, and make to the General Court such recommendations as it may deem expedient with respect to the continuation, after July first, nineteen hundred and fifty-nine, of commuter service to and from the Old Colony transportation area and the city of Boston; shall consider, and give advice upon, such matters as shall be referred to it by the transportation commission aforesaid; and may on its own initiative make to said commission such recommendations as it may deem expedient with respect to any matter within the jurisdiction of said commission.

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT, STATE HOUSE,
BOSTON, August 27, 1958.

The Honorable EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY:—I, Foster Furcolo, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 557 of the Acts of 1958, entitled "An Act Increasing the Membership of the Public Utilities Commission and Providing That One of the Members Thereof Shall be a Woman" and the enactment of which received my approval on August 26, 1958, should take effect forthwith.

I further declare that in my opinion said law is an emergency law and the facts constituting the emergency are as follows:

Postponement of the operation of this act for ninety days would tend to defeat its purpose in that it would delay action on the large number of petitions filed with the Department in connection with serious transportation matters, gas and electrical problems involving atomic energy and other types of fuel related to said services, and other matters over which the department of public utilities has jurisdiction.

Very truly yours,

FOSTER FURCOLO,
Governor of the Commonwealth.

I, John W. Newman, Deputy Secretary of the Commonwealth, hereby certify that the accompanying statement was filed in this office by His Excellency the Governor of the Commonwealth of Massachusetts at three o'clock and fifteen minutes, P.M., on the above date, and in accordance with Article Forty-eight of the Amendments to the Constitution said chapter takes effect forthwith, being chapter five hundred and fifty-seven of the acts of nineteen hundred and fifty-eight.

JOHN W. NEWMAN,
Deputy Secretary of the Commonwealth.

“Board”, the board of registration of professional engineers and of land surveyors, established by section forty-five of chapter thirteen.

“Professional engineer”, a person who, by reason of his special knowledge of the mathematical and physical sciences and the principles and methods of engineering analysis and design acquired by professional education and practical experience, is qualified to practice engineering, as attested by his registration as a professional engineer; provided, however, that registration as a professional engineer shall not qualify

a person to practice as an engineer licensed under chapter one hundred and forty-six.

“Practice of engineering”, any professional service or creative work requiring engineering education, training and experience and the application of special knowledge of the mathematical, physical and engineering sciences to such professional services or creative work as consultation, investigation, evaluation, planning, design and supervision of construction for the purpose of assuring compliance with specifications and design, in connection with any public or private utilities, structures, buildings, machines, equipment, processes, works or projects, but it shall not include the practice of architecture, as defined in section sixty A, except that a registered professional engineer may do such architectural work as is incidental to his work.

A person shall be construed to practice or to offer to practice engineering who practices any branch of the profession of engineering; or who, by verbal claim, sign, advertisement, letterhead, card, or in any other way represents himself to be a professional engineer, or through the use of some other title implies that he is a professional engineer; or who holds himself out as able to perform, or who does perform any engineering service or work or any other professional service designated by the practitioner or recognized by educational authorities as engineering. The practice of engineering shall not include the work ordinarily performed by persons who operate, maintain or install machinery or equipment.

“Land surveyor”, a person who engages in the practice of land surveying.

“Land surveying”, the surveying of areas for their correct determination and description and for conveyancing, or for the establishment or re-establishment of land boundaries and the plotting of lands and subdivisions thereof.

SECTION 3. Said chapter 112 is hereby further amended by striking out section 81E and inserting in place thereof the following section: — *Section 81E.* The board shall examine applicants for registration as professional engineers and as land surveyors and applicants for certification as engineers-in-training. It shall make such rules and regulations as are necessary or proper for the conduct of its duties. The board may adopt and shall use an official seal.

If any person, firm, co-partnership, corporation or joint stock association refuses to obey any decision, rule or order, or any part thereof, issued by the board pursuant to its powers, the attorney general of the commonwealth shall, upon request of the board, file a petition in equity for the enforcement of such decision, rule or order in the superior court for Suffolk county or for the county in which such person, firm, co-partnership, corporation or joint stock association resides or has a place of business. After due hearing, with such notice as the court may direct, the court shall order the enforcement of such decision, rule or order, or any part thereof, to the extent that such decision, rule or order, or any part thereof, has been legally and properly made by the board.

The board, for the purposes of registration of professional engineers, shall recognize all the fundamental branches of engineering which shall include, without limiting the generality thereof by specific enumeration, the following fields: — aeronautical, chemical, civil, electrical, heating

and ventilating, industrial, mechanical, metallurgical, mining, safety, fire protection, sanitary and structural.

SECTION 4. Said chapter 112 is hereby further amended by striking out section 81J and inserting in place thereof the following section:—
Section 81J. The following shall be considered as minimum evidence satisfactory to the board that an applicant is qualified for registration as a professional engineer, or for certification as an engineer-in-training, or for registration as a land surveyor, respectively, to wit:—

(1) As a professional engineer:—

(a) Graduation from a college or university authorized by the general court to grant degrees of bachelor of science in engineering or the equivalent, or graduation from an engineering curriculum of four years or more accredited by Engineers Council for Professional Development in a school or college approved by the board as of satisfactory standing; and a specific record of an additional four years or more of experience in engineering work of a character satisfactory to the board and indicating that the applicant is competent to practice professional engineering; or

(b) Successfully passing a written, or written and oral, examination designed to show knowledge and skill approximating that attained through graduation from an approved four-year engineering curriculum; and a specific record of eight years or more of experience in engineering work of a character satisfactory to the board and indicating that the applicant is competent to practice professional engineering; or

(c) A specific record of twelve years or more of lawful practice in professional engineering work of a character satisfactory to the board and indicating that the applicant is qualified to design or to supervise construction of engineering works; provided, that the applicant shall be not less than thirty-five years of age.

In counting years of experience under (1) (a), the board may give credit, but not in excess of one year, for satisfactory graduate study in engineering.

(2) As an engineer-in-training:—

(a) Graduation in an accredited engineering curriculum of four scholastic years or more from a school or college approved by the board as of satisfactory standing, and successfully passing a written examination in the basic engineering subject; or

(b) A specific record of four years or more of experience in engineering work of a character satisfactory to the board, and successfully passing a written examination in the basic engineering subjects.

(3) As a land surveyor:—

(a) Graduation from a school or college approved by the board as of satisfactory standing, including the completion of an approved course in surveying, and an additional two years or more of experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying; or

(b) A specific record of six years or more of experience in land surveying work of a character satisfactory to the board and indicating that the applicant is competent to practice land surveying and successfully passing a written, or written and oral, examination in surveying prescribed by the board; or

(c) A specific record of ten years or more of lawful practice in land surveying work of a character satisfactory to the board, provided the applicant is not less than thirty years of age.

No person shall be eligible for registration as a professional engineer or land surveyor, or for certification as an engineer-in-training, who is not of good character and reputation. In considering the qualifications of applicants, engineering teaching may be construed as engineering experience.

The satisfactory completion of each year of an approved curriculum in engineering in a school or college approved by the board as of satisfactory standing, without graduation, shall be considered as equivalent to a year of experience under clauses (1) (b) and (3) (b) of this section. Graduation in a curriculum other than engineering from a college or university of recognized standing may be considered as equivalent to two years of such experience; provided, however, that no applicant shall receive credit for more than four years of experience because of undergraduate educational qualifications.

The execution, as a contractor, of work designed by a professional engineer, or the supervision of the construction of such work as a foreman or superintendent shall not be deemed to be the practice of engineering.

The fact that an applicant for registration by the board is not at the time of application practicing his profession shall not of itself make him ineligible for such registration.

SECTION 5. Said chapter 112 is hereby further amended by striking out section 81K and inserting in place thereof the following section: —

Section 81K. Applications for registration shall be on forms prescribed and furnished by the board, shall contain statements made under oath, showing the applicant's education and detailed summary of his technical work, and shall contain not less than five references, of whom three or more shall be professional engineers having personal knowledge of the applicant's engineering or surveying experience.

The registration fee for professional engineers shall be twenty-five dollars, fifteen dollars of which shall accompany the application, the remaining ten dollars to be paid upon the issuance of a certificate; provided, that when a certificate of qualification issued by the National Bureau of Engineering Registration is accepted as evidence of qualification the total fee for registration as a professional engineer shall be ten dollars. The fee for engineers-in-training shall be ten dollars which shall accompany the application and shall include the cost of examination and the issuance of a certificate. When registration as a professional engineer is completed by an engineer-in-training, an additional fee of fifteen dollars shall be paid before the issuance of a certificate as a professional engineer. The registration fee for land surveyors shall be fifteen dollars, which shall accompany the application.

If in the opinion of the board any applicant is ineligible to receive a certificate of registration no part of the fee accompanying his application shall be refunded to him.

SECTION 6. Section 81L of said chapter 112 is hereby amended by inserting after the first paragraph the following paragraph: —

The board shall issue to each applicant who passes the examination in fundamental engineering subjects a certificate stating that he has passed such examination and that his name has been recorded as an engineer-in-training.

SECTION 7. Said chapter 112 is hereby further amended by striking out section 81M and inserting in place thereof the following section: —

Section 81M. The board shall issue a certificate of registration upon payment of the registration fee to any applicant who, in the opinion of the board, has satisfactorily met all the requirements of said sections. In the case of a registered professional engineer, the certificate shall authorize the practice of engineering. In the case of an engineer-in-training, the certificate shall state that the applicant has successfully passed the examination in fundamental engineering subjects required by the board and has been enrolled as an engineer-in-training. In the case of a registered land surveyor, the certificate shall authorize the practice of land surveying. Certificates of registration and certificates as engineer-in-training shall show the full name of the registrant, shall have a serial number, and shall be signed by the chairman and the secretary of the board and be under seal of the board.

The issuance of a certificate of registration by the board shall be prima facie evidence that the person named therein is entitled to all the rights and privileges of a registered professional engineer or of a registered land surveyor, as the case may be, while such certificate remains unrevoked or unexpired.

Each registrant hereunder shall, upon registration, obtain a seal of the design authorized by the board, bearing the registrant's name and the legend "Registered Professional Engineer" or "Registered Land Surveyor". CHAP. 597. AN ACT TO ALLOW AN ELECTED TOWN MEETING MEMBER OF THE TOWN OF MILTON TO CONTINUE TO SERVE AS SUCH, ALTHOUGH HE IS AN OFFICER OF SAID TOWN WHO IS DESIGNATED BY APPOINTMENT OR ELECTION, EX OFFICIO, A TOWN MEETING MEMBER.

Be it enacted, etc., as follows:

Section 2 of chapter 27 of the acts of 1927 is hereby amended by striking out the third paragraph and inserting in place thereof the following paragraph: —

Any elected town meeting member who becomes by appointment or election one of the officers designated as town meeting members, ex officio, shall notwithstanding such appointment or election continue to serve as an elected town meeting member rather than an ex officio member. The town clerk shall notify the town meeting members of the time and place at which representative town meetings are to be held, such notices to be sent by mail at least three days before any such meeting, but failure to comply with this provision shall not affect the validity of any act of the meeting, and this provision shall be in addition to the warrant for such meeting duly published and served according to law. The representative town meeting shall have authority to determine the election and qualifications, as set forth in this act, of its members. A majority of the town meeting members shall constitute a quorum for doing business; but a less number may organize temporarily and may adjourn from time to time. All town meetings shall be held in public. Town meeting members shall receive no compensation as such. CHAP. 598. AN ACT PROVIDING FOR THE CONSTRUCTION, MAINTENANCE, REPAIR AND OPERATION OF AN ADDITIONAL VEHICULAR TUNNEL BETWEEN BOSTON PROPER AND EAST BOSTON; CONFERRING UPON THE MASSACHUSETTS TURNPIKE AUTHORITY THE POWER AND DUTY TO CONSTRUCT, MAINTAIN, REPAIR AND OPERATE THE SAME; PROVIDING FOR THE FINANCING OF SUCH ADDITIONAL TUNNEL AND THE REFINANCING OF THE EXISTING TUNNEL; PROVIDING FOR THE TRANSFER TO SAID AUTHORITY OF SAID EXISTING TUNNEL; AND REPEALING CERTAIN EXISTING PROVISIONS OF LAW PERTAINING THERETO.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to remove the critical hazards and handicaps in vehicular traffic between Boston proper and the East Boston section of the city, therefore this act is hereby declared to be an emergency law

necessary for the immediate preservation of the public safety and convenience.

Be it enacted, etc., as follows:

SECTION 1. *Definitions.* — As used in this act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent: —

(a) The words “additional tunnel” shall mean the tunnel for vehicular traffic to be constructed under the provisions of this act between Boston proper and the East Boston section of said city, and shall embrace such entrance plazas, buildings, equipment, appurtenances and facilities for parking and storing motor vehicles as the Authority may deem necessary for the efficient operation of the Sumner tunnel and the additional tunnel and the elimination of traffic congestion at the approaches to said tunnels, together with all property, rights, easements and interests acquired or leased by the Authority for the construction of the additional tunnel and its facilities or the operation of both tunnels.

(b) The word “Authority” shall mean the Massachusetts Turnpike Authority, created by section three of chapter three hundred and fifty-four of the acts of nineteen hundred and fifty-two, or, if said Authority shall be abolished, the board, body or commission succeeding to the principal functions thereof or to whom the powers given by this act to the Authority shall be given by law.

Any obligation or expense hereafter incurred at the request of the Authority by the state department of public works or by the city for traffic surveys, borings, preparation of plans and specifications, and other engineering services in connection with the construction of the additional tunnel, shall be regarded as a part of the cost of the additional tunnel and shall be assumed and paid by the Authority or reimbursed to the commonwealth

to the credit of the Highway Fund or to the city out of the proceeds of the tunnel revenue bonds hereinafter authorized.

(g) The term "current expenses" shall mean the Authority's reasonable and necessary expenses of maintaining, repairing and operating the existing tunnel, and, when the additional tunnel is open to traffic, both tunnels, and shall include, without limiting the generality of the foregoing, all administrative expenses, insurance premiums, fees and expenses of the trustee, engineering expenses relating to operation and maintenance, legal expenses, charges of the paying agents, ordinary and usual expenses of maintenance and repair, which may include expenses not annually recurring and any other expenses required to be paid by the Authority under the provisions of the trust agreement or resolution hereinafter mentioned or by law.

(i) The term "fiscal year" shall be deemed to be the calendar year.

(j) The word "trustee" shall mean the bank or trust company acting as trustee under the resolution whereby the revenue bonds herein provided for are issued by the Authority or under a trust agreement made and entered into by and between the Authority and a bank or trust company.

SECTION 2. *Additional Vehicular Tunnel under Boston Harbor.* — In order to relieve the present congestion in vehicular traffic between Boston proper and East Boston, and remove the handicaps and hazards in traffic through the existing two-way vehicular tunnel under Boston harbor, the Authority, notwithstanding the provisions of section twenty of chapter four hundred and sixty-five of the acts of nineteen hundred

and fifty-six (which, in so far as inconsistent with the provisions of this act, is hereby repealed), is hereby authorized, empowered and directed, subject to the provisions of this act, (a) to start construction, within eighteen months after the passage of this act, of an additional tunnel under Boston harbor consisting of two lanes for vehicular traffic, from a point at or near the intersection of Cross street and North street in the city to a point at or near the intersection of Porter street and Havre street in the East Boston section of the city; (b) to acquire the existing Sumner tunnel; (c) to pay to the city the sum specified in clause (a) of section eight; (d) to pay to the city interest as provided in clause (b) of section eight; (e) to pay to the board sufficient funds to pay the principal of the traffic tunnel bonds outstanding at their respective maturities or earliest practical redemption dates as provided in clause (2) of section 8; (f) to maintain, repair and operate the additional tunnel and the existing Sumner tunnel; (g) to issue tunnel revenue bonds of the Authority payable solely from tolls and other revenues of both tunnels for the purpose of acquiring and refinancing the existing tunnel and paying the cost of the additional tunnel.

SECTION 3. *Credit of Commonwealth or any Political Subdivision not pledged.* — Tunnel revenue bonds, interim receipts, temporary bonds and tunnel revenue refunding bonds issued under the provisions of this act shall not be deemed to constitute a debt of the commonwealth or of any political subdivision thereof, or a pledge of the faith and credit of the commonwealth or of any such political subdivision; but such bonds and interim receipts shall be payable solely from the funds herein provided therefor from revenues. All such bonds and interim receipts shall contain on the face thereof a statement to the effect that neither the Authority nor the commonwealth nor any political subdivision thereof shall be obliged to pay the same or the interest thereon except from revenues of the tunnels, and that neither the faith and credit nor the taxing power of the commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds and interim receipts.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the authority of this act, and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which monies shall have been provided under the provisions of this act.

SECTION 4. *Massachusetts Turnpike Authority.* — The Massachusetts Turnpike Authority shall not be subject to the supervision and regulation of the department of public works or of any other department, commission, board, bureau, or agency of the commonwealth or of the city, except to the extent and in the manner provided in this act. The exercise by the Authority of the powers conferred by this act, shall be deemed and held to be the performance of an essential governmental function.

Before the issuance of any tunnel revenue bonds, interim receipts or temporary bonds under the provisions of this act, each member of the Authority shall execute a surety bond in the penal sum of twenty-five thousand dollars and the secretary-treasurer shall execute a surety bond in the penal sum of fifty thousand dollars, each such surety bond to be conditioned upon the faithful performance of the duties of his office,

executed with a surety company, authorized to transact business in the commonwealth, as surety, approved by the attorney general, and filed in the office of the secretary of the commonwealth. Such surety bonds shall be in addition to the bonds provided for in the last paragraph of section three of chapter three hundred and fifty-four of the acts of nineteen hundred and fifty-two.

In addition to the salary provided in the last paragraph of section three of chapter three hundred and fifty-four of the acts of nineteen hundred and fifty-two, the chairman of the Authority shall receive an annual salary of eight thousand dollars and the other members shall receive an annual salary of two thousand dollars for services rendered in connection with this act.

SECTION 5. *General Grant of Powers.* — The Authority is hereby authorized and empowered —

(a) To construct the additional tunnel substantially in accordance with the plans partially prepared under the provisions of chapter five hundred and sixty-seven of the acts of nineteen hundred and forty-six, which plans shall be furnished without expense to the Authority, and to maintain, repair and operate the existing tunnel and the additional tunnel;

(b) To issue tunnel revenue bonds of the Authority, interim receipts, and temporary bonds, payable solely from revenues, as hereinafter provided, and to refund its bonds, all as provided in this act;

(c) To fix and revise from time to time and charge and collect tolls for transit through the existing tunnel and the additional tunnel; provided, however, that no toll or charge for the use of the tunnels shall be collected by the Authority for the passage of vehicles of the city or the Boston protective department;

(d) To establish rules and regulations for the use of the existing tunnel and the additional tunnel, and to provide penalties for the violation of said rules and regulations not exceeding fifty dollars for each offence, which may be recovered by indictment or complaint before a district court and shall be accounted for and paid to the Authority;

(e) To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this act;

(f) To acquire in the name of the Authority by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain in accordance with the provisions of chapter seventy-nine of the General Laws, or any alternative method now or hereafter provided by law, in so far as such provisions may be applicable, such public lands, parks, playgrounds, reservations, highways or parkways, or parts thereof or rights therein, and any fee simple absolute or any lesser interest in such private property as it may deem necessary for carrying out the provisions of this act, which acquisition may be fixed by planes of division, or otherwise, below or above or at the surface of the soil with no taking of upper or lower portions; provided, that no compensation shall be paid for public lands taken; provided, further, that when a parcel of private property so taken is used in whole or in part for residential purposes, the owner or owners of said parcel may, within thirty days of the date of the Authority's notice to vacate such parcel, appeal to the Authority

for a postponement of the date set for vacating, whereupon the Authority shall grant to the owner or owners of the property a postponement of three months from the date of such appeal; provided, however, that the appeal for such postponement shall be in the form of a written request to the Authority sent by registered mail, return receipt requested; and provided, further, that the Authority shall give security to the state treasurer for the payment of such damages as may be awarded in accordance with law for such taking, and that the provisions of section forty of said chapter seventy-nine, in so far as the same may be applicable, shall govern the rights of the Authority and of any person whose property shall be so taken;

(g) To make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act;

(h) To employ consulting engineers, accountants, attorneys, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgment, and to fix their compensation;

(i) To receive and accept from any federal agency grants for or in aid of the construction of the additional tunnel, and to receive and accept aid or contributions from any source of either money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions may be made; and

(j) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

SECTION 6. *Acquisition of Property.* — The Authority is hereby authorized and empowered to acquire by purchase, whenever it shall deem such purchase expedient, any land, property, rights, rights of way, franchises, easements and other interests in lands as it may deem necessary or convenient for the construction of the additional tunnel or for the operation of both tunnels, upon such terms and at such price as may be considered by it to be reasonable and can be agreed upon between the Authority and the owner thereof, and to take title thereto in the name of the Authority.

The Authority may, for the purposes of this act, acquire in its own name by purchase or otherwise, or may take by eminent domain under chapter seventy-nine of the General Laws or any other alternative method now or hereafter provided by law, lands in fee including buildings thereon, and easements, estates and rights in land, including the right to go under the surface thereof, or through or under buildings or parts of buildings thereon or any leasehold rights, or other rights therein or relative thereto. Such takings, in fee or otherwise, may be made whether the lands or other rights taken or otherwise affected are held under or by title derived by eminent domain or otherwise, and the Authority may, for such purposes acquire in its own name by purchase or otherwise, or may take any property and rights of any kind deemed by it essential for the construction of the additional tunnel or for the operation of both tunnels. A taking or purchase under this section of an easement or other estate, air right or other right in a particular parcel of real estate, or any right taken, whether such parcel or other right taken consists of unimproved land or of land and buildings or rights of any nature, may be confined to a portion or section of such parcel or

right fixed by planes of division, or otherwise, below or above or at the surface of the soil, and in such case no taking need be made of upper or lower portions, or other parts or sections thereof, except of such easements therein, if any, as the Authority may deem necessary. The Authority shall, so far as may be practicable, notify all known owners of such taking, but the validity thereof shall not be affected by want of such notice.

The Authority may sell the buildings or other structures upon any land taken by it, or may remove the same, and shall sell, if a sale be practicable, or if not, shall lease, if a lease be practicable, any lands or rights or interests in lands or other property taken or purchased for the purposes of this act, whenever the same shall, in the opinion of the Authority, cease to be needed for such purposes. The proceeds of any such sale or lease shall be applied toward the cost of the additional tunnel or deposited to the credit of the sinking fund for the tunnel revenue bonds issued under the provisions of this act.

SECTION 7. *Incidental Powers.* — The Authority shall have power to change and adjust the lines and grades of public highways so as to accommodate the same to the design of the existing tunnel and the additional tunnel and any damage incurred in changing and adjusting the lines and grades of such highways shall be ascertained and paid by the Authority as a part of the cost of the additional tunnel.

The Authority may, with the approval of the traffic commission of the city, establish satisfactory detours over existing public ways during the process of constructing the additional tunnel.

If the Authority shall find it necessary to change the location of any portion of any public way, it shall reconstruct the same at such location as the Authority shall deem most favorable with the approval of the department of public works of the city and of substantially the same type and in as good condition as the original highway. Land or rights in land may be acquired for this purpose by eminent domain under chapter seventy-nine of the General Laws by the Authority in behalf of the city or in behalf of the Authority, at the option of the Authority. The Authority may acquire by purchase or take by eminent domain under said chapter seventy-nine easements in land outside the location of the tunnels, said easements to be acquired or taken in behalf of those owners of land abutting the tunnels whose rights of access to and egress from their land, and any other rights necessary to make the same available for use will become inoperative due to the construction, maintenance, repair and operation of the tunnels. Control of the land or rights in the land acquired under this paragraph shall not vest in the city or owners of land abutting the tunnels until such time as the work for which the land or rights in land have been acquired has been completed by the Authority. Any person whose property has been taken by the Authority under this paragraph may recover from the Authority under said chapter seventy-nine. The cost of such reconstruction and the damages incurred under this paragraph shall be paid by the Authority as a part of the cost of the additional tunnel.

Any public highway affected by the construction of the additional tunnel or the maintenance, repair and operation of both tunnels may be vacated or relocated by the Authority, and any damages awarded on account thereof shall be paid by the Authority as a part of the cost of the additional tunnel.

The Authority and its authorized agents and employees may enter upon any lands, waters and premises in the commonwealth for the purpose of making surveys, soundings, drillings and examinations as they may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed a trespass, nor shall an entry for such purposes be deemed an entry under any eminent domain proceedings which may be then pending. The Authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The Authority may order the removal or relocation of any surface tracks, and the removal or relocation of any conduits, pipes, wires, poles or other property located in public ways or places, or in or upon private lands, which it deems to interfere with the laying out and construction of the additional tunnel or the operation of both tunnels, and the proper authorities shall grant new locations for any such structure so removed or relocated, and the owner thereof shall be reimbursed by the Authority for the reasonable cost of such removal or relocation. Such orders, to the extent specified therein, shall be deemed a revocation of the right or license to maintain such tracks, pipes, conduits, wires, poles or other property in such public ways or places, and the private owner of any such structures in public ways or lands shall comply with such orders. If any such owner shall fail to comply with any such order of the Authority relating to any such structure in public ways and places within a reasonable time, to be fixed in the order, the Authority may discontinue and remove such tracks, conduits, pipes, wires, poles or other property, and may relocate the same, and the cost of such discontinuance, removal or relocation shall be repaid to the Authority by the owner. No such discontinuance, removal or relocation shall entitle the owner of the property thus affected to any damages on account thereof, except for the reimbursement of cost provided for above. Any such structure in or upon private lands may be removed and relocated by the Authority, or, if removed and relocated by the owner thereof, the reasonable expense shall be repaid to him by the Authority.

Any gas or electric lighting company shall shut off the gas or current from any pipes or wires affected by any acts done hereunder, so far and for such time as may be necessary to prevent the escape or explosion of gas, or other public danger.

The city may place and maintain in the existing tunnel and in the additional tunnel at its own cost but without payment of any charge or rental such wire and apparatus as may be necessary for its police and fire alarm service, to be used however, exclusively for such service and to be so placed as the Authority may determine, but this privilege shall not extend to water pipes, except such as may be needed for fire protection and other uses therein.

The Authority may place and maintain, or may grant permission to any corporation or person to place and maintain, within the additional tunnel ducts or other structures, to be so located as not to interfere with the safe and convenient operation and maintenance of the tunnel and other apparatus which the city is herein permitted to place therein, and may contract with any such person or corporation for such permission or for the use of such ducts or other structures at such rate of rental as may be fixed by the Authority. The construction, mainte-

nance and repair of any such ducts or other structures shall be subject to such directions and regulations as the Authority may impose.

The commonwealth hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the Authority to be necessary for the construction or operation of the additional tunnel.

SECTION 8. *Tunnel Revenue Bonds.* — For the purpose of providing funds (a) to pay to the city the sum of ten million, nineteen thousand, three hundred and eighty dollars in full satisfaction of just compensation for the existing tunnel and also for the net amounts heretofore paid by and raised in tax levies of the city for Sumner tunnel operating deficits; (b) to pay to the city interest at the rate of two per cent per annum on the sum specified in clause (a) from January first, nineteen hundred and fifty-nine, until the date of actual payment; (c) to pay to the board sufficient funds to pay the principal of the outstanding Traffic Tunnel Bonds, City of Boston, Act of 1929, Series C and the outstanding Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, at their respective maturities or earliest practicable redemption dates as provided in clause (2) herein below; and (d) to pay the cost of the additional tunnel, the Authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of its tunnel revenue bonds. The principal of and the interest on such bonds shall be payable from the funds herein provided for such payment. The bonds shall be dated, shall bear interest at such rate or rates, not exceeding five per centum per annum, shall mature at such time or times not exceeding forty years from their date or dates, as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest, which may be at any bank or trust company within or without the commonwealth. The bonds shall be signed by the chairman of the Authority or shall bear his facsimile signature, and shall bear a facsimile of the official seal of the Authority, attested by the secretary-treasurer of the Authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the Authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such

bonds in such manner, either at public or at private sale, and for such price as it may determine to be for the best interests of the Authority, but no such sale shall be made at a price so low as to require the payment of interest on the money received therefor at more than five per centum per annum, computed with relation to the absolute maturity of the bonds in accordance with standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on redemption of any bonds prior to maturity.

The proceeds of the bonds shall be deposited with the trustee and applied as follows: —

(1) There shall be paid to the collector-treasurer of the city, in addition to any interest as provided in clause (b) of this section, the sum provided for in clause (a) of this section, out of which seven million nine hundred and nineteen thousand three hundred and eighty dollars shall be set aside and used only upon appropriation pursuant to section three of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, as most recently amended by section one of chapter six hundred and four of the acts of nineteen hundred and forty-one, for a purpose or purposes for which the city is authorized to incur debt outside its debt limit for a period of twenty years or more; and anything in section four A of chapter seven hundred and seventeen of the acts of nineteen hundred and fifty-seven to the contrary notwithstanding, the balance of the sum provided for in clause (a) of this section may be included in the deductions made by the assessors of Boston in the current year under clause (a) of section twenty-three of chapter fifty-nine of the General Laws on account of estimated receipts.

(2) Such amount of such proceeds shall be paid to the board as in addition to the securities, computed at principal face amount, and cash then held in the sinking funds for the outstanding Traffic Tunnel Bonds, City of Boston, Act of 1929, Series C and for the outstanding Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, will equal the aggregate principal amount of the then outstanding traffic tunnel bonds. The board shall invest such proceeds in direct obligations of, or obligations the principal of and the interest on which are unconditionally guaranteed, by the United States Government, having such maturities, not later than August 1, 1965, as may be deemed by the board to be most practicable for paying the interest on and the principal of all of the outstanding traffic tunnel bonds at their respective maturities or earliest practicable redemption date.

(3) The balance of such proceeds shall be deposited with the trustee for the credit of a special fund to be used solely for the payment of the cost of the additional tunnel, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or the trust agreement hereinafter mentioned securing the same.

If the proceeds of the bonds initially issued, by error of estimates or otherwise, shall be less than the amounts required for the above-mentioned purposes, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of such bonds shall

exceed the amounts so required, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued by the Authority under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth or of the city, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

The provisions of this section relating to payments to be made to the city and the board for the Sumner tunnel shall, within ten days after the effective date of this act, be submitted by the mayor of the city to the city council of the city for acceptance and if accepted by vote of said council or if not rejected by vote of said council within twenty days after the effective date of this act shall be presumed to constitute the payment of just compensation for the Sumner tunnel.

SECTION 9. *Trust Agreement.* — In the discretion of the Authority, the bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the tolls and other revenues to be received, but shall not convey or mortgage the tunnels or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction of the additional tunnel and the improvement, maintenance, operation, repair, and insurance of the existing tunnel and the additional tunnel, the rates of toll to be charged and the custody, safeguarding and application of all monies, and may contain provisions for the employment of consulting engineers in connection with the construction of the additional tunnel and the operation of both tunnels. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depositary of the proceeds of the bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such trust agreement or resolution shall set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to the foregoing, such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of the tunnels.

SECTION 10. *Operation of Existing Tunnel.* — Upon the issuance of tunnel revenue bonds under the provisions of this act, and the application of the proceeds of said bonds as provided in section eight, or at such

later date as the Authority may determine, title to the existing tunnel shall be vested in the Authority, and thereafter said tunnel shall be maintained, repaired and operated by the Authority, and the treasurer of the city shall deposit with the trustee for the credit of the appropriate funds created under the provisions of the trust agreement or resolution all monies then in his hands which pertain to the existing tunnel excluding any monies under the control of the board. The board shall continue to administer the second supplemental sinking fund for the outstanding Traffic Tunnel Bonds, City of Boston, Act of 1929, Series C, and the third supplemental sinking fund for the outstanding Traffic Tunnel Retirement Bonds, City of Boston, Act of 1945, in such manner as to meet the payment of the interest on said bonds as the same shall become due and payable and to provide for the payment of the principal of said bonds as the same mature or for the redemption of said bonds at the earliest practicable redemption dates. The board shall make a report to the Authority and to the trustee within the first fifteen days of each fiscal year covering all receipts and disbursements and all securities sold or purchased during the preceding fiscal year on account of each of said sinking funds and a detailed statement of the securities and cash then held by it and belonging to each of said sinking funds. Each such report shall also set forth what amount, if any, in addition to securities and cash held in said sinking funds, shall be deposited by the Authority with the board during the current fiscal year for the credit of each of said sinking funds in order to insure the payment of the interest on the outstanding bonds for which such sinking fund has been established as the same shall become due and payable and the payment of the principal of such bonds at their respective maturities or earliest practicable redemption dates (the amounts so to be deposited in any fiscal year for the credit of the sinking funds being herein below sometimes called the "sinking fund requirements"). Each such report shall also set forth the date or dates during the current fiscal year on which the sinking fund requirements for the outstanding tunnel bonds are to be paid by the Authority and the Authority shall pay the same to the board on such date or dates.

All traffic tunnel bonds shall be called for redemption and cancellation at the earliest date or dates permitted by their terms.

SECTION 11. *Revenues.* — The Authority is hereby authorized to fix, revise, charge and collect tolls for the use of the tunnels and the different parts or sections thereof, and to contract with any person, partnership, association or corporation desiring the use of the tunnels, approaches and appurtenances, or any part thereof, for any purpose, except for tracks for railroad or railway use, and to fix the terms, conditions, rents and rates of charges for such use including such commutation rate of a uniform nature for the users of the tunnels as the Authority may deem desirable. Such tolls shall be so fixed and adjusted in respect of the aggregate of tolls from the tunnels as to provide a fund sufficient with other revenues of the tunnels, if any, (a) to pay the Authority's current expenses, (b) to meet any sinking fund requirements for the outstanding tunnel bonds, (c) to pay the principal of and the interest on all bonds and interim receipts issued under the provisions of this act, as the same become due and payable, and (d) to create reserves for such purposes.

Such tolls shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof. The tolls and all other revenues derived from the tunnels, except such part thereof as may be necessary to pay such current expenses and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, and as may be necessary to meet any sinking fund requirements for the outstanding bonds, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to and charged with the payment of —

(1) The interest on such tunnel revenue bonds as such interest shall fall due;

(2) The principal of such bonds as the same shall fall due; and

(3) The redemption price or the purchase price of bonds retired by call or purchase as therein provided.

Such pledge shall be valid and binding from the time when the pledge is made; the tolls and other revenues or other monies so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority.

The use and disposition of monies to the credit of such sinking fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

SECTION 12. *Trust Funds.* — All monies received pursuant to the authority of this act, whether as proceeds from the sale of tunnel revenue bonds or as revenues, shall be deemed to be trust funds, to be held and applied solely as provided in this act. The resolution authorizing the bonds or the trust agreement securing such bonds shall provide that any officer with whom, or any bank or trust company with which, such monies shall be deposited shall act as trustee of such monies and shall hold and apply the same for the purposes hereof, subject to such regulations as this act and such resolution or trust agreement may provide.

SECTION 13. *Remedies.* — Any holder of bonds issued under the provisions of this act or of any of the coupons appertaining thereto, and the trustee under any trust agreement or resolution, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the commonwealth or granted hereunder or under such trust agreement or resolution authorizing the issuance of such bonds, and may enforce and compel the performance of all duties required by this act or by such trust agreement or resolution to be performed by the Authority or by any officer thereof, including the fixing, charging and collecting of tolls.

SECTION 14. *Bonds Eligible for Investment.* — Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section forty of chapter one hundred and seventy-two of the General Laws, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature, may properly and legally invest funds, including capital in their control or belonging to them, and such bonds are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by section fifty of chapter one hundred and sixty-eight of the General Laws. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency or political subdivision of the commonwealth for any purpose for which the deposit of bonds or other obligations of the commonwealth is now or may hereafter be authorized by law.

SECTION 15. *Miscellaneous.* — The existing tunnel and the additional tunnel when constructed and open to traffic shall be operated, maintained and kept in good condition and repair by and at the expense of the Authority.

After the effective date of this act, and so long as any bonds issued under the provisions of this act shall be outstanding, no bridge, tunnel, or ferry for vehicular traffic shall be constructed or operated by the commonwealth or any political subdivision thereof, or by any public instrumentality other than the Authority over, under or across Boston harbor within a distance of one half mile upstream or one mile downstream from the center line of the existing tunnel or the additional tunnel, and no franchise shall be granted for the construction or operation of such a bridge, tunnel or ferry for vehicular traffic.

The city and all public agencies and commissions of the commonwealth, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant, or convey to the Authority at its request upon such terms and conditions as the proper authorities of such city or such agencies or commissions of the commonwealth may deem reasonable and fair, and without the necessity for any advertisement, order of court or other action or formality, other than the regular and formal action of the authorities concerned any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority, including public roads and other real property already devoted to public use.

The Authority may call upon the state department of public works, the metropolitan district commission, the Boston city planning board, and such other state or city boards, commissions or divisions as may be deemed advisable for the purpose of assisting in making investigations and in effecting the design and construction of the additional tunnel, and the Authority may arrange for payment for such services and expenses of said agencies in connection therewith.

The existing tunnel and the additional tunnel shall be policed and operated by such force of police, toll takers and other operating employees as the Authority may in its discretion employ.

Concomitant with title to the existing tunnel becoming vested in the Authority, all employees of the city whose work is directly related to the existing tunnel shall be transferred to, and become employees of, the Authority without reduction in their compensation or impairment of their vacation, holiday and sick leave rights; and the civil service laws and rules shall continue to apply to such employees and to govern promotions among those to whom they continue to apply. Every person who immediately prior to being transferred to and made an employee of the Authority by this paragraph is a member of the Boston retirement system, or of the State-Boston retirement system, shall continue to be a member thereof and subject to the laws applicable thereto; and the Authority shall deduct from the wages of every such person, and pay over to the Boston retirement board, such sums as the city would deduct and pay over if such person were an employee of the city; and at such times as the commissioner of insurance shall from time to time prescribe, the Authority shall, as a part of its current expenses, pay to the Boston retirement board such sums as said commissioner shall from time to time determine the city would be obliged to pay if such person were an employee of the city, including, in the case of a member of the Boston retirement system, accruals for prior service and accidental disability. Every person who immediately prior to being transferred to the Authority was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said sections shall mean the members of the Authority; and provided, further, that the amount of all retirement allowances payable under said sections by virtue of this act shall be paid by the Authority. Upon the retirement of any such person under said sections fifty-six to sixty, inclusive, the Boston retirement board shall refund to the person so retired the amount of his accumulated deductions, and, if such person is a member of the Boston retirement system, shall refund to the Authority all other payments made on behalf of such person.

All private property damaged or destroyed in carrying out the powers granted by this act shall be restored or repaired and placed in its original condition as nearly as practicable or adequate compensation made therefor out of funds provided under the authority of this act.

Until the tunnels shall have become a part of the state highway system under the provisions of section sixteen of this act, the Authority shall be liable to any person sustaining bodily injury or damage in his property by reason of a defect or want of repair therein or thereupon to the same extent as though the tunnels were a way within the meaning of sections fifteen, eighteen and nineteen of chapter eighty-four of the General Laws, and shall be liable for the death of any person caused by such defect or want of repair to the same extent as is provided in chapter two hundred and twenty-nine of the General Laws. Any notice of such injury, damage or death required by law shall be given to any member of the Authority, or to the secretary-treasurer.

Until the tunnels shall have become a part of the state highway system they shall be deemed to be a way within the meaning and purport of sections two, four A, four B and five of chapter eighty-nine of the General Laws, and sections three A, three B, three C, six, seven, nine, ten, eleven, twelve, thirteen, fourteen, fourteen B, sixteen, the first

sentence of section seventeen, section twenty, the first sentence of section twenty-one, sections twenty-three, twenty-four, twenty-five, twenty-six, and thirty-four J of chapter ninety of the General Laws.

Any operator of a vehicle using the tunnels who refuses to pay the toll prescribed by the Authority, or who evades or attempts to evade payment of the toll prescribed by the Authority, may be arrested without a warrant.

Any person damaged in his property by the exercise of any of the powers granted by this act may recover his damages from the Authority under chapter seventy-nine of the General Laws.

So much of the cost of the audit of the books of the Authority as is attributed to the carrying out of the provisions of this act may be treated as a part of the cost of construction or operation of the tunnels.

SECTION 16. *Transfer to Commonwealth.* — When all bonds and interim receipts issued under the provisions of this act and the interest thereon shall have been paid, or a sufficient amount for the payment of all such bonds and interim receipts and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, the tunnels, if then in good condition and repair to the satisfaction of the state department of public works, shall become a part of the state highway system and shall thereafter be maintained and operated by said department free of tolls, as may be provided by law, and all funds of the Authority received under this act and not required for the payment of the bonds and interim receipts and of the interest thereon shall be paid into the treasury of the commonwealth and credited to the Highway Fund, and all machinery, equipment and other property belonging to the Authority and used in carrying out the provisions of this act shall be vested in the commonwealth and delivered to the state department of public works.

SECTION 17. *Exemption from Taxation.* — The exercise of the powers granted by this act will be in all respects for the benefit of the people of the commonwealth, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the operation and maintenance of the tunnels by the Authority will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the tunnels or any property acquired or used by the Authority under the provisions of this act or upon the income therefrom, and the bonds and interim receipts issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the commonwealth.

SECTION 18. *Tunnel Revenue Refunding Bonds.* — The Authority is hereby authorized to provide by resolution for the issuance of its tunnel revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements of the existing tunnel or the additional tunnel. The issuance of such bonds, the maturities and other details thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by

the provisions of this act in so far as the same may be applicable. The issuance of tunnel revenue bonds or tunnel revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds.

SECTION 19. *Preliminary Expenses.* — To provide for the preliminary expenses of the Authority in carrying out the provisions of this act, the sum of two hundred thousand dollars is hereby appropriated from the Highway Fund, which sum shall be paid to the Authority, and simultaneously with the delivery of the bonds, the sum so paid shall be reimbursed by the Authority to the commonwealth for the credit of the Highway Fund out of the proceeds of any bonds which may be issued under the provisions of this act.

The Authority is hereby authorized and directed to make such surveys and studies of the existing tunnel and the additional tunnel as may be necessary to effect the financing authorized by this act at the earliest practicable time, and for this purpose to employ such consulting engineers, traffic engineers, legal and financial experts and such other employees and agents as it may deem necessary. To effect the purposes of this act, the city, the state department of public works and the Massachusetts Port Authority, created by chapter four hundred and sixty-five of the acts of nineteen hundred and fifty-six, shall make available to the Authority without cost all maps, plans and data in their possession which may be useful to the Authority in making such surveys and studies and in constructing the additional tunnel. The state department of public works may furnish such assistance in making investigations, in preparing designs for the tunnel and in the operation and maintenance of both tunnels as may be called for by the Authority and the cost thereof hereafter incurred shall be paid by the Authority.

SECTION 20. *Act Liberally Construed.* — This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

SECTION 21. *Constitutional Construction.* — The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 22. *Inconsistent Laws Inapplicable.* — All provisions of chapter four hundred and sixty-five of the acts of nineteen hundred and fifty-six relative to the purchase, payment of just compensation for, use, control and refinancing of the Sumner Tunnel; all provisions of said act authorizing the construction of an additional vehicular crossing between Boston proper and East Boston by the Massachusetts Port Authority; all provisions of said act for the transfer to the Massachusetts Port Authority of the Sumner Tunnel; and any other provisions of said act inconsistent with the provisions of this act are hereby repealed, and any action taken in accordance therewith is hereby declared void and of no effect.

Sections forty-four A to forty-four L, inclusive, of chapter one hundred and forty-nine of the General Laws, and all general or special laws, or parts thereof, inconsistent therewith, are hereby declared to be inapplicable to the provisions of this act.

Approved October 3, 1958.

CHAP. 599. AN ACT RELATIVE TO THE ISSUANCE OF BONDS BY THE MASSACHUSETTS PORT AUTHORITY AND REPEALING THE AUTHORIZATION OF SAID AUTHORITY TO ACQUIRE THE SUMNER TUNNEL AND TO CONSTRUCT A CERTAIN ADDITIONAL VEHICULAR CROSSING.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to immediately divest the Massachusetts Port Authority of the right to construct an additional vehicular crossing between Boston proper and East Boston and of the right to acquire the Sumner Tunnel and thus to make possible the construction of such crossing by some other instrumentality of the government and to expedite the sale of its bonds, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Such tolls, rates, fees, rentals and other charges shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof.

The Authority is further authorized to pledge such amount of such tolls and other revenues, over and above the amounts necessary to pay such current expenses and to provide such reserves therefor as may be provided for in the trust agreement, to the payment of the interest on and the principal of the bonds issued under the provisions of this act. The moneys so pledged shall be set aside at such regular intervals and in such amounts as may be provided in the trust agreement in a sinking fund for the payment of such interest, principal and the redemption price or purchase price of such bonds. Such pledge shall be valid and binding from the time when the pledge is made; the tolls or other revenues or other moneys so pledged and thereafter received by the Authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the Authority, irrespective of whether such parties have notice thereof. The balance of such tolls and other revenues not needed for such sinking fund requirements shall be applied to the purposes set forth in clauses (d), (e) and (f) of this section as may be provided in the trust agreement.

No trust agreement by which a pledge is created need be filed or recorded except in the records of the Authority. The use and disposition of moneys to the credit of such sinking fund shall be subject to the provisions of the trust agreement. Except as may otherwise be provided in the trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

SECTION 9A. Said chapter 465 is hereby further amended by striking out section 20 and inserting in place thereof the following section:—

Section 20. Freedom from Competition.— After the effective date of this act and so long as any bonds issued under the provisions thereof shall be outstanding, no bridge, tunnel or ferry, for vehicular traffic, shall be constructed by the commonwealth or any political subdivision thereof or by any public instrumentality, over, under or across the Mystic river between its junction with the Chelsea creek and a point one mile upstream from the location of the bridge authorized by chapter five hundred and sixty-two of the acts of nineteen hundred and forty-six and no franchise shall be granted for the construction or operation of such a bridge, tunnel or ferry.

SECTION 10. Said chapter 465 is hereby further amended by striking out section 22 and inserting in place thereof the following section:—

Section 22. Transfer of Employees.— Upon the control of the Mystic River bridge, the airport properties or the port properties becoming vested in the Authority, the employees of said projects whose work is

directly related to such projects shall be transferred to the Authority and shall continue to perform the same duties at a salary not less than theretofore and every employee so transferred who immediately prior to such transfer was subject to section nine A of chapter thirty or to chapter thirty-one of the General Laws under a permanent appointment and who has served a probationary period shall continue to serve subject to the provisions of said section nine A of chapter thirty or to sections forty-three and forty-five of said chapter thirty-one as the case may be, whether or not thereafter reclassified, and shall retain all rights to holidays, sick leave and vacations in effect on the effective date of this act; provided, that any person transferred who was not subject to said section nine A or said chapter thirty-one and persons appointed after the effective date of this act shall not be subject to said section nine A of chapter thirty or to any provisions of said chapter thirty-one.

Every employee who upon transfer to the Authority is covered by the group insurance provided by chapter thirty-two A of the General Laws shall continue in uninterrupted coverage and all other employees of the Authority are hereby likewise made eligible for said group insurance to the same extent as if they were employees of the commonwealth; provided, that the share of the commonwealth of the cost of such insurance shall, with respect to the employees of the Authority, be borne by said Authority. The Authority shall forward its contribution, together with all amounts withheld from the salaries or wages of its employees as provided in paragraph (a) of section eight of said chapter thirty-two A and all amounts paid by an employee as provided in paragraph (b) of said section, to the state employees group insurance commission at such time and in such manner as said commission may prescribe.

Every employee who immediately prior to being transferred to the Authority by this section is a member of the state retirement system shall continue to be a member thereof and subject to the laws applicable thereto. All other employees of the Authority shall be required to become members of the state retirement system in the same manner and subject to the same laws, rules and regulations as persons entering the employ of the commonwealth. Employees of the Mystic River Bridge Authority upon becoming members of the state retirement system shall be allowed as creditable prior service the period of their employment by the Mystic River Bridge Authority under federal old age and survivors insurance laws. The Authority shall deduct from the wages of its employees and pay over to the state retirement board such sums as the commonwealth would deduct and pay over if such person were an employee of the commonwealth.

The Authority shall reimburse the commonwealth for its proportionate share of any amounts expended by the commonwealth under the provisions of chapter thirty-two of the General Laws for retirement allowances to or on account of its employees.

Every person who immediately prior to being transferred to the Authority was subject to the provisions of sections fifty-six to sixty, inclusive, of chapter thirty-two of the General Laws, shall continue subject to the provisions of said sections; provided, however, that the words "retiring authority", as used in said sections shall mean the members of said Authority; and provided, further, that the amount of all retirement allowances payable under said sections by virtue of this

act shall be paid by the Authority, and the commonwealth shall reimburse the Authority for its proportionate share of any amounts so paid. Upon the retirement of any such person under said sections fifty-six to sixty, inclusive, the state retirement board shall refund to the person so retired the amount of his accumulated deductions.

SECTION 11. Said chapter 465 is hereby further amended by striking out section 23 and inserting in place thereof the following section: — *Section 23. Miscellaneous.* — Any member, agent or employee of the Authority who contracts with the Authority or is interested, either directly or indirectly, in any contract with the Authority or in the sale or lease of any property, either real or personal, to, or in the purchase or lease of any property from, the Authority shall be punished by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or both.

The Authority may call upon the department of public works, the metropolitan district commission, the department of commerce, the department of public safety, the planning board of the city, and such other state or city boards, commissions, divisions or agencies as may be deemed advisable for the purposes of assisting in making investigations, studies, surveys and estimates, and in policing the projects, and the Authority may arrange for payment for such services and expenses of said agencies in connection therewith.

All maps, charts, plans, records and all other related documents and equipment pertaining to the acquisition, construction, maintenance and operation of the airport properties and the port properties which are in the possession of the division of building construction of the commission on administration and finance, the state airport management board and the Port of Boston Commission upon the transfer of those properties to the Authority shall be transferred and delivered to the Authority.

Any action taken by the Authority under the provisions of this act may be authorized by resolution at any regular or special meeting, and each such resolution shall take effect immediately and need not be published or posted.

Each project shall be maintained and kept in good condition and repair by the Authority. Each such project shall also be policed and operated by such force of police, tolltakers and other operating employees as the Authority may in its discretion employ.

Any person who uses any project and fails or refuses to pay the toll provided therefor shall be punished by a fine of not more than one hundred dollars to be paid to the Authority or by imprisonment for not more than thirty days or both, and in addition thereto the Authority shall have a lien upon the vehicle driven by such person for the amount of such toll and may take and retain possession thereof until the amount of such toll and all charges in connection therewith shall have been paid.

Until the projects of the Authority shall have come under the control of the general court under the provisions of section twenty-five, the Authority shall be liable to any persons sustaining bodily injury or damage in or on its property by reason of a defect or want of repair of ways in or on said projects to the same extent as though said ways were ways within the meaning of sections fifteen, eighteen, and nineteen of chapter eighty-four of the General Laws, and shall be liable for the death of any person caused by such defect or want of repair to the same

extent as is provided in chapter two hundred and twenty-nine of the General Laws. Any notice of such injury, damage or death required by law shall be given to any member of the Authority or to the secretary-treasurer of the Authority.

The commonwealth, acting by the military division, shall have the right, in connection with the retention of title to a portion of Logan Airport, as provided in sections one (a), three (k), and four, to use for purposes of the air national guard the facilities of said airport necessary or proper for the air national guard to perform its present or future assigned missions. Such facilities shall include, but are not limited to, the use of runways, taxiways, services of the control tower, the right of ingress and egress, utilities and the like. For the use of such facilities there shall be paid to the Authority such reasonable compensation as, subject to appropriation, may be agreed. The treasurer is authorized and directed to pay to the Authority such sums as he may receive under existing or future leases or service agreements between the commonwealth and the United States executed in connection with the use of Logan Airport by the air national guard.

SECTION 12. Said chapter 465 is hereby further amended by striking out section 32 and inserting in place thereof the following section: — *Section 32.* Upon title to the airport properties becoming vested in the Authority under the provisions of section five of this act, sections fifty-nine A to fifty-nine C, inclusive, of chapter six of the General Laws and sections fifty A to fifty L, inclusive, of chapter ninety of the General Laws shall be inoperative and cease to be effective, and no bonds of the commonwealth shall thereafter be issued under the provisions of chapters four hundred and eighty-four and seven hundred and twelve of the acts of nineteen hundred and fifty-seven.

SECTION 13. Said chapter 465 is hereby further amended by striking out section 35.

Approved October 3, 1958.

CHAP. 600. AN ACT RELATIVE TO THE ESTABLISHMENT OF RATES TO BE PAID BY THE COMMONWEALTH OR ITS POLITICAL SUBDIVISIONS FOR NURSING OR CONVALESCENT HOME CARE.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is immediately to establish procedures for fixing the rates to be paid by the commonwealth or its political subdivisions for nursing or convalescent home care, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience and welfare.

Be it enacted, etc., as follows:

Chapter 7 of the General Laws is hereby amended by striking out section 30L, as amended by chapter 480 of the acts of 1958, and inserting in place thereof the following section: — *Section 30L.* The director of hospital costs and finances shall, after hearing, determine at least as often as annually, the per diem rate or rates to be paid to nursing or convalescent homes, as defined in section seventy-one of chapter one hundred and eleven, by the various departments, boards or commissions of the commonwealth, or by the various subdivisions of the commonwealth receiving reimbursement therefor, in whole or in part, from the commonwealth and may establish fair and reasonable classification or

classifications of such rate or rates. Such rates shall be adequate and reasonable and shall include a fair return on invested capital. The determination of the per diem rate or rates as provided in this section shall be deemed a "regulation" as defined in paragraph (5) of section one of chapter thirty A.

Each nursing or convalescent home shall file with the director from time to time, on request, such data, statistics, schedules or information as he may reasonably require to enable him to determine the rate or rates. The director shall have the power to examine the books and accounts of any such nursing or convalescent home, if in his opinion such examination is necessary to determine such rates. Any person conducting such nursing or convalescent home, who fails to furnish any such data, statistics, schedules or information as requested, or who files fraudulent returns thereof, shall be punished by a fine of not more than fifty dollars. Upon notice from the director, no city or town shall thereafter purchase care in a nursing or convalescent home failing to file such data, statistics or information as requested with the director, until such time as the director advises such city or town that his order prohibiting the purchase of such care has been rescinded.

If a person conducting a nursing or convalescent home believes that the rate so established is inadequate, unreasonable, or does not include a fair return on invested capital in the case of such nursing or convalescent home in particular, he may, within sixty days after the date such rate was established, file an appeal with the director for a determination of a rate for such nursing or convalescent home. If the director does not determine a rate for such nursing or convalescent home the person conducting said home may file a further appeal for the determination of a rate for such home in accordance with the provisions of section fourteen of chapter thirty A.

CHAP. 601. AN ACT AUTHORIZING THE USE OF CERTAIN FUNDS FOR THE PREPARATION OF PLANS FOR AN ENGINEERING BUILDING AND A COMBINED LIBRARY AND STUDENT-UNION BUILDING AT THE BRADFORD DURFEE COLLEGE OF TECHNOLOGY.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide funds immediately for the preparation of plans for certain buildings at the Bradford Durfee College of Technology, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Item 8157-27 of section 2 of chapter 711 of the acts of 1956 is hereby amended by inserting after the word "For", in line 1, the following: — the preparation of plans for an engineering building and a combined library and student-union building and for.

CHAP. 602. AN ACT RELATIVE TO EXPENDITURES FOR THE CARE, MAINTENANCE AND REPAIR OF TUBERCULOSIS HOSPITALS IN CERTAIN COUNTIES.

Whereas, The deferred operation of this act would result in unnecessarily extending the period during which expenditures by certain counties for tuberculosis hospital purposes would be made without express authorization therefor by the general court, therefore this act is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

The trustees of the Bristol county tuberculosis hospital and the county commissioners of the other counties hereinafter specified are hereby authorized to expend for the year nineteen hundred and fifty-eight the sums set forth in this act for the care, maintenance and repair of the county tuberculosis hospitals within their respective counties, and to assess the same in the manner set forth in section eighty-five of chapter one hundred and eleven of the General Laws, as amended.

The sums set forth are based upon detailed schedules approved by the joint committee on counties, copies of which are deposited with the director of accounts.

Said director shall file with said trustees and said county commissioners and with the county treasurer a certification of the amounts set forth in the approved schedules for such hospitals. Except as provided by this act or except as otherwise provided by law, no liability may be incurred and no expenditure shall be made in excess of the amount available in an existing main group, a class or a sub-class.

Transfers from a main group to another main group may be made upon written request of said trustees or said county commissioners with the written approval of the director of accounts and copies of said request and approval shall be filed with the county treasurer.

Transfers within an appropriation between classes and between sub-classes within a main group may be made by said trustees or said county commissioners whenever in their opinion public necessity and convenience so requires; provided, however, that no transfer shall be made within the classes of the main group "personal services".

Amounts included for permanent positions in sums appropriated herein for personal services are based upon schedules of permanent positions and salary rates as approved by the joint committee on counties, and, except as otherwise shown by the files of said committee, a copy of which shall be deposited with the county personnel board, no part of sums so appropriated shall be available for payment of salaries of any additional permanent positions, or for payments on account of reallocations of permanent positions, or for payments on account of any change of salary range or compensation of any permanent positions, notwithstanding any special or general act to the contrary.

No direct drafts against the account known as the reserve fund shall be made, but transfers from this account to other accounts may be made to meet extraordinary or unforeseen expenditures upon the request of said trustees and said county commissioners with the approval of the director of accounts.

CHAP. 603. AN ACT INCORPORATING THE MASSACHUSETTS STATE OFFICE BUILDING ASSOCIATION AS A NON-PROFIT MEMBERSHIP CORPORATION FOR THE PURPOSE OF CONSTRUCTING A STATE OFFICE BUILDING TO HOUSE VARIOUS DEPARTMENTS, COMMISSIONS AND AGENCIES OF THE COMMONWEALTH.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is as soon as may be to provide urgently needed facilities in the city of Boston for various state departments, commissions and agencies, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Anthony N. DiNatale of Milton, William F. Callahan of Newton, Otis M. Whitney of Concord, and their successors, are hereby made a corporation, by the name of Massachusetts State Office Building Association, hereinafter referred to as the Association, for the purpose of constructing a state office building, to contain not less than five hundred thousand square feet of office space, for office, restaurant, garage, meeting and other like facilities for the use of the commonwealth and boards, departments, commissions and officers and employees thereof. Said building shall be constructed within the area bounded by Ashburton place, Somerset street, Cambridge street and Bowdoin street, in the city of Boston, said area being a part of the government center project, so called, and the Association may construct an underground passageway or passageways connecting said building with the state house and other public buildings and facilities.

SECTION 2. The Association may install in said building such elevators, moving stairways, escalators, plumbing, heating, air conditioning, electrical, food preservation, preparation and handling, dishwashing and like fixtures, machinery and equipment as the board of directors of the Association may deem necessary or desirable, but shall not be required to furnish or install any furniture or furnishings. The Association may also install in said passageway or passageways any machinery and equipment necessary or desirable, in the opinion of the board of directors of the Association, for conveying passengers and materials through the same.

SECTION 3. The principal office of the Association shall be located in the city of Boston.

SECTION 4. The incorporators named in section one and their successors shall constitute the members of said Association and its board of directors. In the event of the death, resignation or incapacity of any member and director, his successor shall be elected by the remaining member or members in such manner as may be provided in the by-laws of the Association; provided, however, that at any time when there are two surviving members and directors of the Association who are members of the same political party no person who is a member of that party shall be eligible for election as a member and director of the Association. In the event that at any time there shall not be any surviving member and director of the Association capable of acting as such

the Association shall not be dissolved, but three successor members shall be appointed by the commissioner of corporations and taxation, provided that in such event not more than two of such appointees shall be members of the same political party.

SECTION 5. Said directors shall elect a president and a clerk from their number. Said directors shall appoint a treasurer and such other officers as they deem necessary, and may prescribe their duties and fix their tenure of office and compensation.

No funds of the Association shall be paid to or distributed among its members other than as reimbursement for their actual expenses reasonably and necessarily incurred in the discharge of their duties, but all such funds shall be devoted solely to the carrying out of the purposes of this act.

SECTION 6. The Association shall have and may exercise the powers conferred upon corporations by sections six, seven and eight of chapter one hundred and fifty-five of the General Laws and in addition thereto may —

(a) Employ engineers, architects, attorneys, accountants, construction and financial experts and such other experts and advisers as may be necessary in the discretion of the board of directors, and fix their compensation;

(b) Receive and accept from the federal government or any federal agency grants for or in aid of the carrying out of the purposes for which the Association is created, and receive any aid or contributions from any source of money, property, labor or other things of value, to be held, used and applied only for the carrying out of said purposes; and

(c) Do all acts and things necessary or convenient to carry out said purposes and powers.

SECTION 7. The Association may hold both real and personal property in such amount as the board of directors of the Association may deem necessary or desirable for the purposes for which it is created, and, acting by its board of directors, may acquire such property by purchase, gift or otherwise, on such terms and conditions and in such manner as the board of directors may deem proper. After the lease hereinafter provided for shall have been entered into between the Association and the commonwealth, and after the Association shall have issued its bonds hereinafter provided for, the Association, acting by its board of directors, may take by right of eminent domain any fee simple absolute or any lesser interest in such property, both public and private, including, but not limited to, public lands and improvements thereon, ways, streets and parks, or parts thereof, or rights or interests therein, as the board of directors of the Association may deem necessary or desirable for the purposes for which it is created, and shall award and pay the damages, if any, sustained by persons in their property by reason of such taking. The provisions of sections one, three, four, eight, nine, ten, twelve, thirteen, fourteen, sixteen through thirty-nine, forty-one, forty-two, forty-three, and forty-four A of chapter seventy-nine of the General Laws shall apply to any such taking or takings, but said chapter seventy-nine shall not otherwise apply thereto.

The Association may sell the buildings or other structures upon any lands taken by it, or may remove the same. The proceeds of any such sale shall be applied in such manner as the board of directors may deter-

mine, or be deposited with the trustee appointed by the Association under the provisions of this act for the payment, purchase or redemption of, or payment of interest on, any bonds or other evidences of indebtedness issued by the Association under the provisions of this act.

SECTION 8. The commissioner of administration may, in the name of and for the commonwealth, and with the approval of the governor and council, enter into a contract of lease with the Association of the state office building, and any incidental structure, facility, passageway or passageways constructed hereunder for such period and upon such other terms as the said commissioner and the Association shall determine. All property so leased shall become the property of the commonwealth upon the payment in full of all obligations incurred hereunder by the Association with respect thereto.

SECTION 9. The Association shall have no power to sell, lease, mortgage, pledge or otherwise dispose of or encumber any of its property or any right or interest therein except as in this act expressly provided, and except for the granting of easements which the board of directors of the Association shall determine not to interfere with the construction or enjoyment of the facility.

SECTION 10. The Association may borrow money, but not more than thirty million dollars, to carry out the purposes of this act, and may pledge as security for the payment thereof all or any part of the rentals receivable under such lease as may be made hereunder by the Association to the commonwealth. Such rentals so pledged and thereafter received by the Association shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of such pledge shall be valid and binding as against all parties having claims of any kind against the Association, irrespective of whether such parties have notice thereof.

Such borrowing, except temporary loans made in anticipation of permanent financing, shall, unless the loan shall be made and retained by a single investor or by a group of investors acting as a unit, be represented by bonds or other evidences of indebtedness issued under a trust agreement between the Association and a corporate trustee organized under the laws of the commonwealth defining the form and terms of such bonds or other evidences of indebtedness, the security therefor and for the obligations of the Association under such trust agreement and the rights and obligations thereunder of the Association, such trustee and the holders of such bonds or other evidences of indebtedness, all on such terms as the board of directors of the Association shall authorize. Any such bond or evidence of indebtedness so issued shall be signed by the president of the Association, and the official seal of the Association, attested by the clerk of the Association, shall be affixed thereto, and any coupons attached thereto shall bear the facsimile signature of the president of the Association, but any or all of such signatures and such seal may be facsimile if said bonds or other evidences of indebtedness shall be authenticated by the corporate trustee aforesaid. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or other evidences of indebtedness or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery.

All bonds or other evidences of indebtedness issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the commonwealth.

The Association may sell such bonds or other evidences of indebtedness in such manner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the Association.

Bonds or other evidences of indebtedness may be issued under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the commonwealth, and without any other proceedings or the happening of any other conditions or things than the proceedings, conditions or things which are specifically required by this act and the provisions of chapter one hundred and ten A of the General Laws shall not apply thereto.

SECTION 11. The Association shall not be required to pay any taxes or assessments upon the state office building, and any incidental structure, facility, passageway or passageways constructed or any property acquired or used by the Association under the provisions of this act or upon the income therefrom, and the bonds or other evidences of indebtedness issued under the provisions of this act, their transfer and the income therefrom (including any profits made on the sale thereof) shall at all times be free from taxation within the commonwealth.

SECTION 12. The Association shall pay the sum of two hundred thousand dollars annually to the city of Boston until the state office building shall have become the property of the commonwealth hereunder. The first such payment shall be made in the year in which the Association shall first receive the proceeds from any borrowing, other than a temporary loan made in anticipation of permanent financing, hereunder.

SECTION 13. Bonds or other evidences of indebtedness issued by the Association under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section forty of chapter one hundred and seventy-two of the General Laws, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature, may properly and legally invest funds, including capital in their control or belonging to them, and such bonds or other evidences of indebtedness are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by section fifty of chapter one hundred and sixty-eight of the General Laws.

SECTION 14. No bonds or other evidences of indebtedness issued by the Association under the provisions of this act shall constitute a debt of the commonwealth or a pledge of the faith and credit of the commonwealth, but such bonds or other evidences of indebtedness shall be payable solely from the funds of the Association.

SECTION 15. This act shall be liberally construed to effect the purposes hereof.

SECTION 16. The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent

jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 17. The provisions of chapter four hundred and fifty-seven of the acts of eighteen hundred and ninety-nine and of chapter five hundred and twenty-five of the acts of nineteen hundred and one and of all other general or special laws, or parts thereof, inconsistent herewith and of any zoning ordinance of the city of Boston are declared to be inapplicable to the state office building, or any other facility or structure constructed under the provisions of this act. The provisions of section four of chapter sixteen of the General Laws shall not apply to the provisions of this act.

SECTION 18. Section twelve of chapter sixty-three of the General Laws is hereby amended by inserting after paragraph (r) inserted by section eleven of chapter seven hundred and one of the acts of nineteen hundred and fifty-seven, the following paragraph: —

(s) Bonds or evidences of indebtedness issued by the Massachusetts State Office Building Association. *Approved October 3, 1958.*

CHAP. 604. AN ACT FURTHER REGULATING THE DISPOSAL OF CONTAINERS USED FOR REFRIGERATIVE PURPOSES.

Whereas, The deferred operation of this act would tend to defeat its purpose which is, in part, to immediately extend the provisions of law requiring an owner of certain containers used for refrigerative purposes to remove the door thereof before discarding the same so that said provisions shall apply to any person discarding such a container whether or not such person is the owner thereof, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety.

Be it enacted, etc., as follows:

Chapter 271 of the General Laws is hereby amended by striking out section 46, as amended by section 1 of chapter 191 of the acts of 1954, and inserting in place thereof the following section: — *Section 46.* Whoever discards or sets aside for failure to use a container originally used for refrigerative purposes without first removing the door or doors, unless the container may be easily opened from the inside, shall be punished by a fine of not more than one hundred dollars.

Approved October 3, 1958.

CHAP. 605. AN ACT ESTABLISHING A MASSACHUSETTS BOARD OF REGIONAL COMMUNITY COLLEGES AND PROVIDING FOR THE ESTABLISHMENT OF REGIONAL COMMUNITY COLLEGES.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide immediately for an expanded regional higher educational program for the commonwealth, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Chapter 15 of the General Laws is hereby amended by adding at the end the following section: — *Section 27.* There is hereby established in the department, but not subject to its control, a Massa-

chusetts board of regional community colleges, hereinafter called the board, which shall consist of fifteen members, including the commissioner of education, the president of the university of Massachusetts, a president of a state teachers college elected annually by the presidents of the state teachers colleges including the Massachusetts school of art, a president of a Massachusetts technical institute elected by the presidents of such technical institutes, and eleven members appointed by the governor with the advice and consent of the council, at least one of whom shall be the president of a private college, university, or junior college in the commonwealth. The members shall serve without compensation, but shall be reimbursed for their actual and necessary expenses incurred in the performance of their duties. The governor, in his initial appointments, shall designate three members to serve for six years, three members for five years, two members for four years, one member for three years, one member for two years, and one member for one year. Upon the expiration of the term of office of a member of the board his successor shall be appointed for a term of six years. The governor shall from time to time designate one of the members as chairman. The board shall appoint and fix the duties of a chief administrative officer, to be known as the president of the Massachusetts regional community colleges, and may employ and fix the duties of such other persons and expend such funds as are necessary to carry out the functions of the board, within the limits of the amounts appropriated therefor. The board is hereby authorized and empowered to receive and use such private foundation funds or such federal funds as may be available in the carrying out of its functions. Said president and all employees of the regional community colleges shall receive such compensation as the board shall determine, and shall not be subject to chapter thirty-one.

The duties of the board shall include the determination of the need for education at the community and junior college level throughout the commonwealth, and the development and execution of an over-all plan to meet this need. The board shall then establish and maintain regional community colleges at suitable locations in accordance with this plan. The board shall have the power to construct, lease or otherwise provide any facilities required for these colleges, including the right to take land for such purposes by eminent domain under the provisions of chapter seventy-nine. The board may also enter into agreements for the use of local facilities with a local school committee or other local authority or jointly with local school committees or other authorities of two or more cities or towns; provided, that the board and the local school committee or committees or other local authorities, shall have the right to review this agreement for the use of local facilities at any time. The board may, upon six months' notice and after consultation with the local school committee or committees or other authorities, require changes in such an agreement or discontinue the agreement. The school committee or school committees or other local authorities may discontinue the agreement at the close of any academic year, provided at least six months' notice is given to the board.

The board shall have general supervision and control of regional community colleges established under the provisions of this section, shall select the dean and other officers of each college and shall define their duties and tenure of office.

The board shall have complete authority with respect to the election or appointment of officers and professional staff, including their dismissal, promotion, demotion and transfer, including the assignment of their respective ranks and duties within quotas and titles established in the appropriation act by the general court. For the purposes of this section, professional staff shall include all persons employed for actual instruction of students and corresponding positions in the fields of experiment, extension, law enforcement and related activities.

The board may hire such professional personnel at a rate above the minimum and within the grade to which the position is allocated upon determination by the board that the person to be employed has served satisfactorily in a comparable position for a period of time equivalent to the period required by the general salary schedule had such service been entirely in the service of the commonwealth.

The board may, without prior approval, within the limits of appropriation made therefor, engage consultants and lecturers and employ such temporary professional employees at rates and in titles corresponding to permanent positions authorized for these colleges as they shall determine necessary for the operation of the colleges for periods not exceeding the fiscal year.

The board may, notwithstanding the provisions of section twenty-one of said chapter thirty, authorize the payment of overtime or extra compensation to such professional employees, within the limits of appropriations made therefor, for such services rendered in summer sessions or other periods outside the session periods of the normal academic year; provided, that the trustees shall determine that such services shall not interfere with regular full-time activities as provided by law required of such professional employees. The board shall establish the curricula which shall be substantially equivalent to the first two years of college education, including post-high school professional or vocational education, and may establish programs of adult education; shall fix the tuition to be charged, and may grant the degree of Associate in Arts or Associate in Science, or both such degrees, to persons who complete the required courses of instruction in such colleges.

Each regional community college established under this section shall have an advisory board to consist of ten members appointed by the governor. The members shall be residents of the region served by the college. In the initial appointments, two members shall be appointed to serve for five years, two for four years, two for three years, two for two years, and two for one year. Upon the expiration of the term of a member of an advisory board his successor shall be appointed for a term of five years. At least one member of each advisory board shall be a representative of business, and one shall be a representative of labor.

SECTION 2. Chapter 71 of the General Laws is hereby amended by inserting after section 80, inserted by chapter 127 of the acts of 1958, the following section: — *Section 81.* Notwithstanding the provisions of sections seventy-five to seventy-nine, inclusive, no junior college shall be established by a city or town after January first, nineteen hundred and fifty-nine.

SECTION 3. Chapter 73 of the General Laws is hereby amended by striking out section 7, as most recently amended by chapter 309 of the acts of 1957, and inserting in place thereof the following section: —

Section 7. The department may grant the degree of Bachelor of Education or of Bachelor of Science in Education to any person completing a four-year course in a Massachusetts state teachers college, and the degree of Master of Education to graduates of colleges or universities who have satisfactorily completed a graduate course of instruction in any such teachers college. The department may grant the degree of Bachelor of Fine Arts to any student at the Massachusetts school of art upon the successful completion of certain four-year prescribed courses in the field of fine arts.

SECTION 4. Section 9 of said chapter 73, added by section 4 of chapter 620 of the acts of 1948, is hereby repealed.

Approved October 3, 1958.

CHAP. 606. AN ACT PROVIDING FOR THE CONSTRUCTION, MAINTENANCE, REPAIR, OPERATION OR LEASING OF A GARAGE FOR THE PARKING OF MOTOR VEHICLES UNDER BOSTON COMMON IN THE CITY OF BOSTON AND CREATING THE MASSACHUSETTS PARKING AUTHORITY, DEFINING ITS POWERS AND DUTIES, AND PROVIDING FOR THE FINANCING OF SUCH GARAGE.

Be it enacted, etc., as follows:

SECTION 1. *Declaration of Necessity.* — It is hereby declared that the free circulation of traffic of all kinds through the streets of the city of Boston is necessary for the rapid and effective fighting of fires and disposition of police forces in said city and for the health, safety and general welfare of the public, whether residing in said city or traveling to, through or from said city in the course of lawful pursuits; that in recent years the parking of motor vehicles in the streets of said city has so substantially impeded such free circulation of traffic as to constitute at the present time a public nuisance endangering the health, safety and welfare of the general public, as well as endangering the economic life of said city; that this parking nuisance is not capable of being adequately abated except by the construction and operation of a garage under Boston Common in said city; that notwithstanding chapter two hundred and ninety-four of the acts of nineteen hundred and forty-six, and subsequent acts amendatory thereof, and chapter seven hundred and one of the acts of nineteen hundred and fifty-seven, such a garage has not been constructed; and a public exigency exists which makes the provisions of this act a public necessity.

SECTION 2. *Definitions.* — As used in this act, the following words and terms shall have the following meanings, unless the context shall indicate another or different meaning or intent: —

(a) "Authority" shall mean the Massachusetts Parking Authority, created by section three of this act, or, if said Authority shall be abolished, the board, body, authority or commission succeeding to the principal functions thereof or to whom the powers given by this act to the Authority shall be given by law.

(b) "City" shall mean the city of Boston.

(c) "Cost of the project" shall embrace the cost of preparing plans and specifications for, and constructing the garage, tunnel, and underground passageway, as hereinafter defined, including all necessary and

convenient approaches thereto and all extensions and improvements thereof, the cost of restoring gardens, lawns, trees and shrubs in the area included in the project to substantially the same condition as prior to construction, except at the points of ingress and egress, the cost of acquiring all land, rights-of-way, property, rights, easements and interests acquired by the Authority for such construction, the cost of demolishing or removing any buildings or structures on land so acquired, including the cost of acquiring any lands to which such buildings or structures may be moved, the cost of all machinery and equipment, financing charges, interest prior to and during construction, and, if deemed advisable by the Authority, for one year after completion of construction, cost of removal or relocation of any public utilities facilities, cost of traffic estimates and of engineering and legal services, surveys, estimates of cost and of revenues, other expenses necessary or incident to determining the feasibility or practicability of constructing the garage, tunnel and underground passageway, administrative expenses, and such other expenses as may be necessary or incident to the construction of the garage, tunnel and underground passageway, and the cost of issuing revenue bonds or interim receipts under the provisions of this act. Any obligation or expense hereafter incurred at the request of the Authority by the state department of public works or by the city for traffic surveys, borings, preparation of plans and specifications, and other engineering services in connection with the construction of the garage, tunnel and underground passageway, shall be regarded as a part of the cost of the project and shall be assumed and paid by the Authority or reimbursed to the commonwealth or to the city out of the proceeds of the Common garage revenue bonds hereinafter authorized.

(d) "Current expenses" shall mean the reasonable and necessary current expenses of the Authority in maintaining, repairing, operating or leasing the garage, tunnel and underground passageway including, without limiting the generality of the foregoing, ordinary and usual expenses of maintenance and repair, including expenses not annually recurring, engineering expenses relating to operation and maintenance, insurance premiums after completion of construction, all administrative and legal expenses after such completion, charges of paying agents and fees and expenses of the trustee after such completion, and any other expenses accruing after such completion which are required to be paid by the Authority under the provisions of the trust agreement or resolution hereinafter mentioned or by law.

be so carried on that the gardens, lawns, trees and shrubs in the area will, after construction, remain in, or be restored to, substantially the same condition as prior to construction except at the points of ingress and egress, and that the filling or relocation of the Public Garden pond, or any part thereof, will not be required. "Garage" shall include such service station and other facilities for administration and storage which the Authority may deem necessary for the operation of the garage, and also all property, rights, easements and interests which may be acquired by the Authority for the construction of the garage.

(f) "Common garage project" or "project" shall mean the "garage" as defined in (e), the "tunnel" as defined in (h), and the "underground passageway" as defined in (j) and all approaches thereto and extensions and improvements thereof.

"Tunnel" shall include all property, rights, easements and interests which may be acquired by the Authority for the construction or the operation of the tunnel.

(i) "Trustee" shall mean the bank or trust company acting as trustee under the resolution whereby the revenue bonds herein provided for are issued by the Authority or under a trust agreement made and entered into by and between the Authority and a bank or trust company.

(j) "Underground passageway" shall mean the underground passageway for the convenience of persons using or employed in the garage to be constructed under the provisions of this act from the garage to a point at or near the corner of West and Tremont streets, together with machinery and equipment for conveying passengers, and all property, rights, easements and interests which may be acquired by the Authority for the construction or the operations of the underground passageway.

SECTION 3. *Massachusetts Parking Authority.* — There is hereby created and placed in the state department of public works a body politic and corporate to be known as the "Massachusetts Parking Authority," which shall not be subject to the supervision and regulation of the department of public works or of any other department, commission, board, authority, bureau or agency of the commonwealth except to the extent and in the manner provided in this act. The Authority is hereby constituted a public instrumentality and the exercise by the Authority of the powers conferred by this act in the construction, operation and maintenance of the garage shall be deemed and held to be the performance of an essential governmental function.

The Massachusetts Parking Authority shall consist of three unpaid members, two of whom, hereinafter sometimes referred to as the governor's appointees, shall be appointed by the governor, by and with the

advice and consent of the council, and the third member shall be such officer of the city as the mayor of the city shall from time to time designate, who shall serve ex officio.

The members of the Authority first appointed by the governor shall serve for terms expiring on July first, nineteen hundred and sixty-five, and July first, nineteen hundred and sixty-six, the terms of such members to be designated by the governor, and until their respective successors shall be duly appointed and qualified. The governor shall designate one of the governor's appointees as chairman who shall serve as such during his term of office. Upon the expiration of the term of office of such chairman, the governor shall appoint one of the governor's appointees as his successor as chairman. The successor of each of the governor's appointees shall be appointed for a term of eight years, except that any person appointed to fill a vacancy shall serve only for the unexpired term. Any member of the Authority shall be eligible for reappointment. Each member of the Authority before entering upon his duties shall take an oath before the governor to administer the duties of his office faithfully and impartially, and a record of such oaths shall be filed in the office of the secretary of the commonwealth.

The Authority shall elect one of the members as vice chairman thereof and shall also elect a secretary-treasurer who need not be a member of the Authority. Two members of the Authority shall constitute a quorum and the affirmative vote of two members shall be necessary for any action taken by the Authority. No vacancy in the membership of the Authority shall impair the right of a quorum to exercise all the rights and perform all the duties of the Authority.

Before the issuance of any Common garage revenue bonds under the provisions of this act, each member of the Authority shall execute a surety bond in the penal sum of twenty-five thousand dollars, and the secretary-treasurer shall execute a surety bond in the penal sum of fifty thousand dollars, each such surety bond to be conditioned upon the faithful performance of the duties of his office, to be executed by a surety company authorized to transact business in the commonwealth as surety and to be approved by the attorney general and filed in the office of the secretary of the commonwealth. Each member shall be reimbursed for his actual expenses necessarily incurred in the performance of his duties. All expenses incurred in carrying out the provisions of this act shall be paid solely from funds provided under the authority of this act and no liability or obligation shall be incurred by the Authority hereunder beyond the extent to which moneys shall have been provided under the authority of this act.

SECTION 4. *Credit of Commonwealth or any Political Subdivision not Pledged.* — Common garage revenue bonds, interim receipts, temporary bonds and Common garage revenue refunding bonds issued under the provisions of this act shall not be deemed to constitute a debt of the commonwealth or of any political subdivision thereof, or a pledge of the faith and credit of the commonwealth or of any such political subdivision; but all such bonds and interim receipts shall be payable solely from the funds herein provided therefor from revenues. All such bonds and interim receipts shall contain on the face thereof a statement to the effect that neither the Authority nor the commonwealth nor any political subdivision thereof shall be obliged to pay the same or the

interest thereon except from revenues of the Common garage project, and that neither the faith and credit nor the taxing power of the commonwealth or of any political subdivision thereof is pledged to the payment of the principal of or the interest on such bonds and interim receipts.

All expenses incurred in carrying out the provisions of this act shall be payable solely from funds provided under the authority of this act, and no liability or obligations shall be incurred by the Authority hereunder beyond the extent to which monies shall have been provided under the provisions of this act.

SECTION 5. *General Grant of Powers.* — The Authority is hereby authorized and empowered —

(a) To adopt by-laws for the regulation of its affairs and the conduct of its business;

(b) To adopt an official seal and alter the same at pleasure;

(c) To maintain an office or offices at such place or places within the commonwealth as it may determine;

(d) To sue and be sued in its own name, plead and be impleaded;

(e) To prepare plans and specifications for, construct, reconstruct, extend, improve, insure, repair, maintain, operate or lease a garage under Boston Common for the parking and the servicing and repairing of motor vehicles, together with all necessary and convenient approaches to such garage above and below ground, including the underground passageway and the tunnel;

(f) To issue Common garage revenue bonds of the Authority, interim receipts, and temporary bonds, payable solely from revenues as herein-after provided, and to refund its bonds, all as provided in this act;

(g) To fix and revise from time to time and charge and collect fees for the parking of motor vehicles in the garage and for the servicing and repair of motor vehicles;

(h) To establish and revise from time to time rules and regulations for the use of the common garage project, and to provide penalties for the violation of said rules and regulations not exceeding fifty dollars for each such offence, which upon payment into court shall be accounted for and paid to the Authority;

(i) To acquire by conveyance under section seven of this act, and hold such interest in and under the lands constituting Boston Common and in Commonwealth avenue, Arlington street, the Public Garden, Charles street and any other public street as it may deem necessary for carrying out the provisions of this act;

(j) To acquire, hold and dispose of real and personal property in the exercise of its powers and the performance of its duties under this act;

(k) To acquire in the name of the Authority by purchase or otherwise, on such terms and conditions and in such manner as it may deem proper, or by the exercise of the power of eminent domain in accordance with the provisions of chapter seventy-nine of the General Laws or any alternative method now or hereafter provided by law insofar as such provisions may be applicable, such public lands, parks, playgrounds, reservations, highways or parkways, or parts thereof or rights therein, and any fee simple absolute or any lesser interest in such private property as it may deem necessary for carrying out the provisions of this act, which taking or purchase may be fixed by planes of division, or otherwise,

below or above or at the surface of the soil, with no taking of upper or lower portions; provided, that no compensation shall be paid for public lands taken; provided, further, that whenever a parcel of private property so taken is used in whole or in part for residential purposes, the owner or owners of said parcel may, within thirty days of the date of the Authority's notice to vacate such parcel, appeal to the Authority for a postponement of the date set for vacating, whereupon the Authority shall grant to the owner or owners of the property a postponement of three months from the date of such appeal; provided, however, that the appeal for such postponement shall be in the form of a written request to the Authority sent by registered mail return receipt requested; and provided, further, that the Authority shall give security to the state treasurer for the payment of such damages as may be awarded in accordance with law for such taking, and that the provisions of section forty of said chapter seventy-nine, insofar as the same may be applicable, shall govern the rights of the Authority and of any person whose property shall be so taken;

(l) To make and enter into all contracts, leases and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, including leases with any person, partnership, association, or corporation for the operation of the project;

(m) To employ consulting engineers, accountants, attorneys, construction and financial experts, superintendents, managers and such other employees and agents as may be necessary in its judgment, and to fix their compensation;

(n) To receive and accept from the federal government or any federal agency grants for or in aid of the construction of the Common garage project, and to receive and accept aid or contributions, from any source, of money, property, labor or other things of value, to be held, used and applied only for the purposes for which such grants and contributions are made;

(o) Without license under section thirteen of chapter one hundred and forty-eight of the General Laws, but subject to any applicable rules and regulations of the board of fire prevention regulations under said chapter, to buy, store, sell and deal in gasoline and other motor vehicle fuels and oils, accessories, goods, wares, and merchandise in any way connected with motor vehicles and to service motor vehicles including the right to make minor repairs, and to lease the rights to exercise such powers; and

(p) To do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

SECTION 6. *Incidental Powers.* — The Authority shall have power to change and adjust the lines and grades of public highways so as to accommodate the same to the design of the Common garage project and any damage incurred in changing and adjusting the lines and grades of such highways shall be ascertained and paid by the Authority as a part of the cost of the project.

The Authority may, with the approval of the traffic commissioner of the city, establish satisfactory detours over existing public ways during the construction of the project.

If the Authority shall find it necessary to change the location of any

portion of any public way, it shall reconstruct the same at such location as the Authority shall deem most favorable with the approval of the public improvement commission of the city, and of substantially the same type and in as good condition as the original highway. Land or rights in land may be acquired for this purpose by eminent domain under chapter seventy-nine by the Authority in behalf of the city or in behalf of the Authority, at the option of the Authority. Control of the land or rights in the land acquired under this paragraph on behalf of the city shall not vest in the city until such time as the work for which the land or rights in land have been acquired has been completed by the Authority. Any person whose property has been taken by the Authority under this paragraph may recover from the Authority under chapter seventy-nine. The cost of such construction and the damages incurred under this paragraph shall be paid by the Authority as part of the cost of the project.

§ Any public highway affected by the construction of the Common garage project may be abandoned or relocated by the Authority, and any damages awarded on account thereof shall be paid by the Authority as a part of the cost of the project.

§ The Authority and its authorized agents and employees may enter upon any lands, waters, and premises in the city of Boston for the purpose of making surveys, soundings, drillings and examinations as they may deem necessary or convenient for the purposes of this act, and such entry shall not be deemed a trespass, nor shall an entry for such purpose be deemed an entry under any eminent domain proceedings which may be then pending. The Authority shall make reimbursement for any actual damages resulting to such lands, waters and premises as a result of such activities.

The Authority may order the removal or relocation of any conduits, pipes, wires, poles or other property located in public ways or places, or in or upon private lands, which it deems to interfere with the laying out and construction of the Common garage project, and the appropriate authorities shall grant new locations for any such structure so removed or relocated, and the owner thereof shall be reimbursed by the Authority for the reasonable cost of such removal or relocation. Such orders, to the extent specified therein, shall be deemed a revocation of the right or license to maintain such pipes, conduits, wires, poles or other property in such public ways or places, and the owner of any such structures in public ways or lands shall comply with such orders. If any such owner shall fail to comply with any such order of the Authority within a reasonable time, to be fixed in the order, the Authority may discontinue and remove such conduits, pipes, wires, poles or other property, and may relocate the same. No such discontinuance, removal or relocation shall entitle the owner of the property thus affected to any damages on account thereof, except for the reimbursement of cost provided for above. Any such structures in or upon private lands may be removed and relocated by the Authority, or, if removed and relocated by the owner thereof, the reasonable expense shall be repaid to him by the Authority.

Any gas or electric company shall shut off the gas or current from any pipes or wires affected by any acts done hereunder, so far and for such time as may be necessary to prevent the escape or explosion of gas, or other public danger.

The commonwealth hereby consents to the use of all lands owned by it, including lands lying under water, which are deemed by the Authority to be necessary for the construction or operation of the Common garage project.

SECTION 7. *City authorized to convey Necessary Interest in Common, etc.* — Notwithstanding any contrary provision of general or special law, the city of Boston, by its mayor shall convey to the Authority, without consideration, such interest in the lands constituting Boston Common and in Commonwealth avenue, Arlington street, the Public Garden, Charles street and any other public street as the Authority may deem necessary for carrying out the provisions of this act; provided, that the parks and recreation commission of the city shall, by vote at a regular or special meeting of said commission, assent to such conveyance; and provided, further, that such conveyance is authorized, after two separate readings, by two separate votes of the city council of the city, the second of said readings and votes to be had not less than fourteen days after the first.

SECTION 8. *Common Garage Revenue Bonds.* — The Authority is hereby authorized to provide by resolution, at one time or from time to time, for the issuance of Common garage revenue bonds of the Authority for the purpose of paying all or any part of the cost of the project or any part or parts thereof. The principal of and the interest on such bonds shall be payable solely from the funds herein provided for such payment. The bonds shall be dated, shall bear interest at such rate or rates and mature at such time or times, not exceeding forty years from their date or dates, all as may be determined by the Authority, and may be made redeemable before maturity, at the option of the Authority, at such price or prices and under such terms and conditions as may be fixed by the Authority prior to the issuance of the bonds. The Authority shall determine the form of the bonds, including any interest coupons to be attached thereto, and shall fix the denomination or denominations of the bonds and the place or places of payment of principal and interest which may be at any bank or trust company within or without the commonwealth. The bonds shall be signed by the chairman of the Authority or shall bear his facsimile signature, and shall bear a facsimile of the official seal of the Authority, attested by the Secretary-Treasurer of the Authority, and any coupons attached thereto shall bear the facsimile signature of the chairman of the Authority. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or coupons shall cease to be such officer before the delivery of such bonds, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. All bonds issued under the provisions of this act shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the commonwealth. The bonds may be issued in coupon or in registered form, or both, as the Authority may determine, and provision may be made for the registration of any coupon bonds as to principal alone and also as to both principal and interest, for the reconversion into coupon bonds of any bonds registered as to both principal and interest, and for the interchange of registered and coupon bonds. The Authority may sell such bonds in such man-

ner, either at public or at private sale, and for such price, as it may determine to be for the best interests of the Authority.

The proceeds of the bonds shall be used solely for the payment of the cost of the project, and shall be disbursed in such manner and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds initially issued, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery: — The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds and interim receipts may be issued by the Authority under the provisions of this act without obtaining the consent of any department, division, commission, board, bureau or agency of the Commonwealth or of the city, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions or things which are specifically required by this act.

SECTION 9. *Trust Agreement.* — In the discretion of the Authority, the bonds issued under the provisions of this act may be secured by a trust agreement by and between the Authority and a corporate trustee, which shall be any trust company or bank having the powers of a trust company within the commonwealth. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the fees and other revenues to be received, but shall not convey or mortgage the project or any part thereof. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the Authority in relation to the acquisition of property and the construction, improvement, maintenance, operation, leasing, repair and insurance of the project, the rates of fees to be charged, and the custody, safeguarding and application of all moneys, and may contain provisions for the employment of consulting engineers in connection with the construction and operation of the project. It shall be lawful for any bank or trust company incorporated under the laws of the commonwealth which may act as depositary of the proceeds of the bonds or of revenues to furnish such indemnifying bonds or to pledge such securities as may be required by the Authority. Such trust agreement or resolution shall set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders. In addition to

the foregoing, such trust agreement or resolution may contain such other provisions as the Authority may deem reasonable and proper for the security of the bondholders. All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of operation of the project.

SECTION 10. *Revenues.* — The Authority is hereby authorized to fix, revise, charge and collect fees for the use of the project and the different parts or sections thereof, and for the servicing of motor vehicles including the making of minor repairs, and to contract with any person, partnership, association or corporation as to the lease of the project for the parking and servicing of motor vehicles including the making of minor repairs and as to the sale of gasoline, and other motor vehicle fuels, oils and accessories. Such fees and the proceeds of such lease and contracts shall be so fixed and adjusted in respect of the aggregate of revenue from the project as to provide a fund sufficient to pay (a) the administrative expenses of the Authority and the cost of insuring, repairing, maintaining, operating or leasing the project and all extensions and improvements thereto, and (b) the principal of and the interest on bonds issued under this act as the same shall become due and payable, and (c) to create reserves for such purposes. Such fees and such lease and contract shall not be subject to supervision or regulation by any department, division, commission, board, bureau or agency of the commonwealth or any political subdivision thereof. The fees and all revenues derived from leases and contracts, except such part thereof as may be necessary to pay such current expenses and to provide such reserves therefor as may be provided for in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, and as may be necessary to meet any sinking fund requirements for the outstanding bonds, shall be set aside at such regular intervals as may be provided in such resolution or such trust agreement in a sinking fund which is hereby pledged to and charged with the payment of (1) The interest on such Common garage revenue bonds as such interest shall fall due; (2) The principal of such bonds as the same shall fall due; and (3) The redemption price or the purchase price of bonds retired by call or purchase as therein provided. Except as may otherwise be provided in such resolution or trust agreement, such sinking fund shall be a fund for all such bonds without distinction or priority of one over another.

SECTION 11. *Trust Funds.* — All moneys received pursuant to the authority of this act, whether as proceeds from the sale of Common garage revenue bonds or as revenues, shall be deemed to be trust funds

SECTION 13. *Bonds Eligible for Investment.* — Bonds issued by the Authority under the provisions of this act are hereby made securities in which all public officers and public bodies of the commonwealth and its political subdivisions, all insurance companies, trust companies in their commercial departments and within the limits set by section forty of chapter one hundred and seventy-two of the General Laws, banking associations, investment companies, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or other obligations of a similar nature, may properly and legally invest funds, including capital in their control or belonging to them, and such bonds are hereby made obligations which may properly and legally be made eligible for the investment of savings deposits and the income thereof in the manner provided by section fifty of chapter one hundred and sixty-eight of the General Laws. SECTION 14. *Miscellaneous.* — The Common garage project, when constructed, shall be maintained and kept in good condition and repair by and at the expense of the Authority.

The city and all public agencies and commissions of the Commonwealth, notwithstanding any contrary provision of law, are hereby authorized and empowered to lease, lend, grant or convey to the Authority at its request and without cost and without the necessity for any advertisement, order of court or other action or formality, other than the regular and formal action of the authorities concerned any real property which may be necessary or convenient to the effectuation of the authorized purposes of the Authority under this act, including public roads and other real property already devoted to public use.

The Authority may call upon the state department of public works, the metropolitan district commission, the Boston city planning board,

The Common garage project shall be policed and operated by such force of police, collectors, and other operating employees as the Authority or its lessee may in its discretion employ.

Until the project shall have been transferred to the city under the provisions of section fifteen of this act, the Authority or its lessee shall be liable to any person sustaining bodily injury or damage in his property by reason of a defect or want of repair therein or thereupon to the same extent as though the project were a way within the meaning of sections fifteen, eighteen and nineteen of chapter eighty-four of the General Laws, and shall be liable for the death of any person caused by such defect or want of repair to the same extent as is provided in chapter two hundred and twenty-nine of the General Laws. Any notice of such injury, damage or death required by law shall be given to any member of the Authority or to the secretary-treasurer.

Any operator of a vehicle using the project who refuses to pay the fee prescribed, or who evades or attempts to evade payment of the fee prescribed may be arrested without a warrant; and in addition thereto the Authority or its lessee shall have a lien upon the vehicle driven by such person for the amount of such fee and may take and retain possession thereof until the amount of such fee and all charges in connection therewith shall have been paid.

On or before the thirtieth day of January in each year the Authority shall make an annual report of its activities for the preceding calendar year to the governor, the general court and the mayor of the city. Each such report shall set forth a complete operating and financial statement covering its operations during the year. The Authority shall cause an audit of its books and accounts to be made at least once in each year by certified public accountants, and the cost thereof may be treated as a part of the cost of construction and operation of the project. Such audits shall be deemed to be public records within the meaning of chapter sixty-six of the General Laws.

SECTION 15. *Transfer to City.* — When all bonds and interim receipts issued under the provisions of this act and the interest thereon shall have been paid, or a sufficient amount for the payment of all such bonds and interim receipts and the interest thereon to the maturity thereof shall have been set aside in trust for the benefit of the bondholders, the project, if then in good condition and repair to the satisfaction of the board or officer then having power to lease public off-street parking facilities acquired under chapter four hundred and seventy-four of the acts of nineteen hundred and forty-six, as from time to time amended, shall become the property of the city and shall be held, leased and disposed of as if acquired under said chapter four hundred and seventy-four.

SECTION 16. *Exemption from Taxation.* — The exercise of the powers granted by this act will be in all respects for the benefit of the people of the commonwealth, for the increase of their commerce and prosperity,

and for the improvement of their health and living conditions, and as the operation and maintenance of the project will constitute the performance of essential governmental functions, the Authority shall not be required to pay any taxes or assessments upon the project or any property acquired or used by the Authority under the provision of this act or upon the income therefrom, and the bonds and interim receipts issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall at all times be free from taxation within the commonwealth.

SECTION 17. *Common Garage Revenue Refunding Bonds.* — The Authority is hereby authorized to provide by resolution for the issuance of its Common garage revenue refunding bonds for the purpose of refunding any bonds then outstanding which shall have been issued under the provisions of this act, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and, if deemed advisable by the Authority, for the additional purpose of constructing improvements, extensions or enlargements of the project. The issuance of such bonds, the maturities and other details thereof, and the rights, duties and obligations of the Authority in respect of the same, shall be governed by the provisions of this act insofar as the same may be applicable. The issuance of Common garage revenue bonds or Common garage revenue refunding bonds under the provisions of this act need not comply with the requirements of any other law applicable to the issuance of bonds.

SECTION 18. *Preliminary Expenses.* — To provide for the preliminary expenses of the Authority in carrying out the provisions of this act, the sum of two hundred thousand dollars is hereby appropriated, which sum shall be paid to the Authority, and, simultaneously with the delivery of the bonds, the sum so paid shall be reimbursed by the Authority to the commonwealth out of the proceeds of any bonds which may be issued under the provisions of this act.

The Authority is hereby authorized and directed to make such surveys and studies of the project as may be necessary to effect the financing authorized by this act at the earliest practicable time and for this purpose to employ such consulting engineers, traffic engineers, legal and financial experts and such other employees and agents as it may deem necessary. To effect the purposes of this act, the city and the state department of public works and all other departments, boards, authorities, agencies, commissions and instrumentalities of the commonwealth and the city shall make available to the Authority all maps, plans, and data in their possession which may be useful to the Authority in making such plans and studies and in constructing the project. The state de-

partment of public works may furnish such assistance in making investigations and in preparing designs for the project as may be called for by the Authority and the cost thereof shall be paid by the Authority.

SECTION 19. *Construction of Tunnel, etc., not obligatory.* — Nothing contained in this act shall be construed to require the Authority to construct either the underground passageway defined in section 2 (j) or the two-lane traffic tunnel defined in section 2 (h).

SECTION 20. *Act Liberally Construed.* — This act, being necessary for the welfare of the commonwealth and its inhabitants, shall be liberally construed to effect the purposes thereof.

SECTION 21. *Constitutional Constructions.* — The provisions of this act are severable, and if any of its provisions shall be held unconstitutional by any court of competent jurisdiction, the decision of such court shall not affect or impair any of the remaining provisions.

SECTION 22. *Labor Relations Policy.* — It is hereby declared to be the policy of the Authority to eliminate the causes of certain substantial obstructions to the free flow of industry and trade, and to mitigate and eliminate these obstructions when they have occurred by encouraging the practice and procedure of collective bargaining, and by protecting the exercise by workers of full freedom of association, self-organization, and designation of representatives of their own choosing, for the purpose of negotiating the terms and conditions of their employment or other mutual aid or protection.

The Authority shall have authority to bargain collectively with labor organizations representing employees of the Authority, and to enter into agreements with such organizations relative to wages, salaries, hours, working conditions, health benefits, pensions and retirement allowances and grievances and arbitration of disputes of such employees.

The provisions of sections twenty-six to twenty-seven D inclusive of chapter one hundred and forty-nine of the General Laws shall apply to the Authority.

The Honorable EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY:— I, Foster Furcolo, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public health, safety and convenience requires that the law being Chapter 606 of the Acts of 1958, entitled, "An Act Providing for the Construction, Maintenance, Repair, Operation or Leasing of a Garage for the Parking of Motor Vehicles Under Boston Common in the City of Boston and Creating the Massachusetts Parking Authority, Defining its Powers and Duties, and Providing for the Financing of Such Garage," and the enactment of which received my approval on October 3, 1958, should take effect forthwith.

CHAPTER 122.

TEWKSBUURY HOSPITAL.

Section 1. The department of public health, in this chapter called the department, shall have general supervision of the Tewksbury hospital; and may delegate any of its powers and duties to and execute any of its functions by agents appointed for the purpose.

Section 2. There shall be a board of trustees of the Tewksbury hospital serving in the department and consisting of five men and two women, three of whom shall annually in June be appointed by the governor, with the advice and consent of the council, for three years each, except that in the year nineteen hundred and sixty and every third year thereafter only one such trustee shall be so appointed.

Section 3. The trustees of the Tewksbury hospital, in this chapter called the trustees, shall hold meetings monthly at the hospital. One trustee shall visit the hospital at least once a week. The commissioner of the department, with the approval of the public health council, shall appoint a superintendent thereof, who may be the medical director. No member of the board of trustees shall be employed at the hospital.

Section 4. The trustees shall, with the approval of the department, make rules and regulations for the proper management and government of said hospital, and shall see to their enforcement.

Section 5. The trustees shall be a corporation for the purpose of taking and holding, by them and their successors, in the name of the commonwealth, and in accordance with the terms thereof, any grant or devise of land or any gift or bequest of money or other personal property made for the use or benefit of the Tewksbury hospital, its patients or former patients, and for the purpose of preserving and investing the proceeds thereof in notes or bonds secured by good and sufficient mortgages or other security, with all the powers necessary to effect said pur-

poses. For said purposes the trustees may employ such agencies as they may from time to time determine to be wise and proper, including any trust company or other corporation authorized by law to administer trusts, and may from funds received as aforesaid or the income thereof pay such expenses as may be necessary for the wise administration of such gifts or trusts, or may delegate any powers conferred by this section upon any such trust company or corporation. In the use, management and administration of such gifts or trusts, the trustees or their agents shall in their discretion so act as most effectively to aid the beneficiaries in accordance with the terms of the gift or trust, and when so acting their judgments and determinations in extending or denying aid or benefit to any individual shall be conclusive and final. No trustee shall be answerable for the use of any money or property received by any beneficiary or for the default or neglect of any co-trustee, or of any agent employed hereunder, or of any corporation to which power is delegated or transferred as herein authorized.

Section 6. The superintendent of the Tewksbury hospital may deposit in any bank or trust company within the commonwealth or on paid-up shares and accounts of and in co-operative banks, funds belonging to patients and funds deposited by their relatives or friends to be used for their benefit or may use said funds to purchase share accounts of a federal savings and loan association located in the commonwealth, in an account entitled "Patients' Funds", or the superintendent may, whenever he deems it desirable, deposit such funds in such banks in separate accounts as trustee or use said funds to purchase share accounts of a federal savings and loan association located in the commonwealth, as trustee, in each instance, for the patient.

Section 7. So much of any funds known as "Patients' Funds" as represents monies belonging to, or deposited for the benefit of, former patients of said hospital, which shall have remained unclaimed for more than seven years, shall be paid by the superintendent thereof to the state treasurer to be held subject to be paid to the person establishing a lawful right thereto, with interest at the rate of three per cent per annum from the time when it was so paid to the state treasurer to the time when it is paid by him to such person; provided, that so much of any monies so paid to the state treasurer as may be necessary to reimburse the trustees for any sum due for the support of the person by whom or for whose benefit such money was originally deposited shall be credited to said trustees for that purpose. After six years from the date when any such monies were paid to the state treasurer the same or any balance thereof then remaining in his hands may be used as a part of the ordinary revenue of the commonwealth. Any person may, however, establish his claim after the expiration of the six years above mentioned, and any claim so established shall be paid from the ordinary revenue of the commonwealth. Any person claiming a right to money deposited with the state treasurer under this section may establish the same by a petition to the probate court; provided, that in cases where claims amount to less than fifty dollars, the claims may be presented to the comptroller who shall examine the same and allow and certify for payment such as may be proved to his satisfaction.

Section 8. Property known as "Patients' Valuables", belonging to, or deposited for the benefit of, former patients of said hospital, which shall have remained unclaimed for more than one year, shall be disposed

of as hereinafter provided, by the superintendent thereof and a representative of the trustees designated by them acting as a special board for said purpose, but only if all known next of kin of the former patient shall have been notified in writing by the said superintendent. The board shall ascertain whether the property has any sale value and, if so, shall solicit from at least three reputable dealers in like property offers for the purchase thereof, and shall sell the same to the dealer offering the highest price. The proceeds of such sale shall become a part of the "Patients' Funds" and shall be disposed of as provided in section seven. The board may dispose of such of said property as, in its opinion, has no sale value, or any of said property for which no offer, solicited as aforesaid, has been received, in such manner as it may deem proper. A complete record of each transaction hereunder shall be made and signed by both members of the board and filed with the other records at said hospital relating to the former patient whose property shall have been disposed of as aforesaid.

Section 9. Any bank book representing a deposit account in a savings bank or trust company within the commonwealth, which belongs to a former patient of said hospital and shall have remained unclaimed for more than two years in the custody of the superintendent thereof, may be presented by the trustees to such bank or trust company accompanied by their written request for payment to them of such deposit account except so much as is in excess of the amount due the commonwealth for the support of such patient, and such bank or trust company shall thereupon pay to the trustees the amount so requested.

Section 10. The trustees shall have and exercise the same powers relative to patients and their property as towns and boards of public welfare have relative to persons supported or relieved by them, and the same powers as said boards to return patients of said hospital to the place or country from which they came.

Section 11. The superintendent, subject to the rules and regulations of the hospital, shall receive any person sent with a proper certificate from the department of public welfare, or from the department of public health, or from a board of public welfare, or from a board of health, or from the institutions department of the city of Boston, or from some one duly authorized by said boards or said departments, and shall provide for them under the rules and regulations made under section four.

Section 12. If a person, who has received a certificate as described in section eleven, desires to be sent to any state or place where he has a legal settlement, or to friends willing to support him, the department of public welfare, on the advice of the department of public health, may remove said person, if in its judgment it is for the interest of the commonwealth and of said person.

Section 13. The department may, if expedient, remove any person infected with a disease dangerous to the public health, who is maintained or liable to be maintained by the commonwealth, to the Tewksbury hospital, or may provide such place of reception for such person as is judged best for his accommodation and the safety of the public, which place shall be subject to the regulations of said department, and it shall have the same authority to remove such person thereto as is conferred upon boards of health by section ninety-five of chapter one hundred and eleven, and any expenses incurred in carrying out this

section may be paid from the annual appropriation to the department of public welfare for expenses in connection with smallpox and other diseases dangerous to the public health.

Section 14. Any person who is a resident of the commonwealth and is affected with any disease, except mental defect or insanity, may be admitted to the Tewksbury hospital; provided, that his admission shall be only upon the certificate of the board of health of the town from which he is sent. The department of public health may make rules and regulations for such admission and to facilitate the operation of this section.

The expenses of the maintenance of such a patient shall be paid by him, his executor or administrator, except that persons in receipt of public assistance shall have their responsibility for payment of such charges fixed in accordance with the provisions of the particular category of assistance under which they are aided. Persons or kindred bound by law to support such needy persons, not eligible for public assistance, shall be assessed in accordance with a schedule approved by said department.

Section 15. The superintendent, with the consent of the trustees, may contract with any person for the employment of any patient of the said hospital in any kind of lawful labor for such wages or on such terms as the superintendent and trustees approve. If a contract is so made, such patient shall be discharged from said institution, and, if he refuses to accept the employment offered, shall forfeit all claim to support.

Section 16. The kindred liable by law to towns for expenses in supporting such persons shall in like manner be liable to the commonwealth for any expense incurred for such persons; and the department may adopt the same measures and institute like proceedings for the recovery of such expenses from the kindred so liable as are prescribed for towns in like cases.

Section 17. Towns may at their own expense send to said hospital, to be maintained at the public charge, all persons falling into distress therein and having no settlement within the commonwealth. The town shall be reimbursed by the commonwealth, upon bills approved by the department of public welfare and certified by the comptroller, which bills shall be rendered to the said department on or before the first day of September annually for the twelve months ending on the thirtieth day of June preceding; provided, that such accounts for the twelve months aforesaid for allowances to the city or town, if rendered at any time prior to the sixtieth day after the close of the current fiscal year of the city or town, may be received, and in the discretion of said department and upon certification by the comptroller, be allowed and paid when an appropriation therefor has been made. Failure to comply with the rules and regulations of the said department of public welfare shall be ground for disapproval of any account. The town shall be reimbursed by the commonwealth, in the manner provided above, for the expense of transportation to said hospital of each person having no settlement, at a rate not exceeding twelve cents a mile.

Section 18. No town officer or agent having the care and oversight of a sick person shall remove or attempt to remove him or cause him to be removed to said hospital unless there is reasonable cause to believe that such removal will not injure or endanger his health; provided,

that in case of doubt as to the safety of such removal such officer or agent shall obtain a certificate of a competent physician that at the request of such officer or agent he has examined such person, and that in his opinion such person can so be removed without injury or danger to his health; and provided, also, that such removal shall be made whenever ordered by the department. A town officer or agent who violates this section or a physician who gives a false certificate hereunder shall be punished by a fine of not less than twenty-five nor more than one hundred dollars or by imprisonment for not less than three nor more than twelve months, or both.

Section 19. No town officer shall send to said hospital any person infected with smallpox or other disease dangerous to the public health, or except as provided in the preceding section, any other sick person whose health would be endangered by removal; but all such persons liable to be maintained by the commonwealth shall be supported during their sickness by the town where they are taken sick, and written notice of such sickness shall be given to the department of public health, which may examine the case and, if found expedient, order the removal of the patient; but such notice in the case of sick persons whose health would be endangered by such removal shall be signed by the members of the board of public welfare or the board of health or by a person appointed by them by special vote, who shall certify, after personal examination, that in their or his opinion such removal at the time of his application for aid would endanger his health. A town officer who knowingly violates this section shall be punished by a fine of not less than fifty nor more than one hundred dollars.

Section 20. Reasonable expenses incurred by a town under section nineteen within one month next before notice has been given as therein required and also after the giving of such notice and until said sick person is able to be removed to said hospital shall be reimbursed by the commonwealth. If the department of public welfare, after investigation, deems it expedient as an economy in expenditure and in the interest of the patient's health, it may authorize reimbursement for aid rendered after the patient has become able to be so removed, and, in its discretion, until the patient is able to be discharged. If the said department considers it expedient to order the removal to said hospital of a person whose physical condition is such as to require attendance, reasonable expenses incurred for such attendance as directed by said department shall also be reimbursed by the commonwealth. Bills for such support shall not be allowed unless endorsed with the declaration that, after full investigation, no kindred able to pay the amount charged have been found, and that the amount has actually been paid from the town treasury. There shall be allowed for the support of a person in a hospital, sanatorium or infirmary such amounts as are certified annually to the said department by the commissioner of administration under section thirty A of chapter seven with respect to the hospital, sanatorium or infirmary which renders support and treatment. In cases where the commonwealth or any subdivision thereof may be reimbursed from federal funds or funds from any other source in excess of the above amount, the amount so received shall be paid for such support and treatment. Expenses incurred by a town for tonsil and adenoid operations shall be reimbursed by the commonwealth to an amount not exceeding twenty-five dollars in the case of any one such operation.

Reimbursement by the commonwealth under the provisions hereof shall follow the same procedure and be subject to the general provisions of that reimbursement provided for in section seventeen.

Section 21. A justice of the superior court or of a district court, upon complaint of the board of public welfare or board of health of any town or of the department of public health, may, by warrant directed to a constable or other person therein designated, cause any person aided under chapter one hundred and seventeen or under this chapter, not born or not having a settlement in the commonwealth, who may conveniently be removed, to be conveyed at the expense of the commonwealth to any state or, if not a citizen of the United States, to any place beyond sea, where he belongs.

Section 22. A treasurer of a savings bank, national bank, trust company, co-operative bank, benefit association, credit union, insurance company or safe deposit company who, upon written request, signed by an officer of the department of public health, unreasonably refuses to inform him of the amount deposited in the corporation, association, or credit union to the credit of a person named in such request who is a charge upon the commonwealth, or who wilfully renders false information in reply to such request, shall forfeit fifty dollars to the use of the commonwealth.

Section 23. Any patient of Tewksbury hospital who has in his possession, within or outside the precincts thereof, any liquid or other article with intent to consume the same as an inebriant, or to convey, give, sell or deliver the same to any other patient thereof for such consumption, shall be punished by a fine of not more than fifty dollars or by imprisonment in a jail or house of correction for not more than six months. This section shall not apply to the possession, handling or consumption of any such liquid or article under lawful directions of a physician.

Be it enacted, etc., as follows:

SECTION 1. Chapter 30 of the General Laws is hereby amended by striking out sections 53 to 57, inclusive, added by chapter 485 of the acts of 1945, and inserting in place thereof the following five sections: —

Section 53. The director of personnel and standardization shall make and from time to time may amend, subject to the approval of the commission on administration and finance, rules and regulations providing informal procedure for the prompt disposition of any grievance of any employee of the commonwealth, or of any group of such employees employed by the same appointing authority, relating to classification, hours of employment, vacations, sick leave or other forms of leaves of absence, and overtime. No such grievance shall be so disposed of if the disposition thereof is within the jurisdiction of the civil service commission or the contributory retirement appeal board. Such rules and regulations shall provide the procedure to be followed by an employee or by a group of employees employed by the same appointing authority in bringing an alleged grievance before the appointing authority. An aggrieved party may appeal in writing from the finding of the appointing authority to the director of personnel and standardization and shall be entitled to a hearing upon such appeal. If the appointing authority fails to make a finding within fifteen days of the hearing, the aggrieved party may appeal to said director in like manner. Said director shall grant a hearing to the aggrieved party within fifteen days of the receipt of such appeal, and shall make a decision thereon not later than fifteen days after the close of the hearing. If either the appellant or the appointing authority is aggrieved by a decision of the director, said appellant or appointing authority may appeal to the personnel appeals board established under section fifty-four, but said appeal shall be taken not later than ten days after the mailing of said decision to the appellant or the appointing authority. If the director fails to grant a hearing or having granted a hearing fails to make a decision within the above prescribed time, the aggrieved party may appeal to said board, but said appeal shall, in the event no hearing was granted, be taken not later than twenty-five days after the date of his appeal to the director, and, in the event that no decision was made, not later than twenty-five days after the hearing was closed.

The decision of the director shall be final and shall be binding on all agents and agencies of the commonwealth, subject to the provisions contained in section fifty-seven, unless an appeal therefrom is made to the personnel appeals board as hereinbefore provided.

No appeal shall be allowed at any stage of the proceedings unless there is a compliance with the provisions of this section and with the rules and regulations established by the director of personnel and standardization.

Section 54. There is hereby established the personnel appeals board, which shall consist of three members who shall have expert knowledge

and skill in the field of personnel administration or industrial relations, and who shall not hold any office or position, appointive or elective, in the service of the commonwealth. The terms of the three members shall be as follows: the first member appointed shall serve until July first, nineteen hundred and sixty-three; the second member appointed shall serve until July first, nineteen hundred and sixty-two; and the third member appointed shall serve until July first, nineteen hundred and sixty-one. Upon the expiration of the term of office of any member, his successor shall be appointed in like manner for a term of five years. The governor may also, in like manner, fill any vacancy in said board for the unexpired portion of the term.

Section 55. The chairman of the board shall receive compensation at the rate of thirty-five dollars per day for each day of service, and the other members shall receive compensation at the rate of thirty dollars per day for each day of service, but in any fiscal year not more than twenty-one hundred dollars shall be paid to the chairman, and not more than eighteen hundred dollars shall be paid to any other member. Each member of the board shall be reimbursed for necessary traveling expenses incurred by him in the performance of his duties. The director of personnel and standardization shall furnish such clerical assistance as may be required to carry out the provisions of sections fifty-three to fifty-seven, inclusive, and shall make provision for the keeping in his office of the records relative to the disposition of grievances of state employees. Said director shall be represented at all hearings of the board, and the aggrieved employee or his designated representative or the designated representative of a group of aggrieved employees employed by the same appointing authority may be present and may participate in the hearing when the appeal is to be heard.

Section 56. The chairman of the personnel appeals board shall call meetings of the board when necessary, shall set the dates for such meetings as well as for hearings before said board, and shall cause the necessary notices to be given. The personnel appeals board shall, before hearing any appeal, determine whether it has jurisdiction over the subject matter of the alleged grievances, and whether the rules and regulations of the director of personnel and standardization have been complied with. If said board refuses to accept jurisdiction over the subject matter of an alleged grievance, it shall within fifteen days of the request for a hearing, so notify the appellant in writing, giving the reason therefor. The appellant may request a review by the board of said refusal and shall be entitled to a hearing thereon. DEAR MR. SECTION 1. Chapter 93 of the General Laws is hereby amended by inserting after section 14K, under the caption TRADING STAMP COMPANIES the following seven sections: — *Section 14L.* The following words as used in this section and in sections fourteen M to fourteen R, inclusive, shall, unless the context otherwise requires, have the following meanings: —

“Trading stamp”, any stamp or similar device issued in connection with the retail sale of merchandise or service, as a cash discount or for any other marketing purpose, which entitles the rightful holder, on its due presentation for redemption, to receive merchandise, service or cash. This term, however, shall not mean any redeemable device used by the manufacturer or packer of an article in advertising or selling it, or any redeemable device issued and redeemed by a newspaper, magazine or other publication.

“Trading stamp company”, any person engaged in distributing trading stamps for retail issuance by others, or in redeeming trading stamps for retailers, in any way or under any guise.

Section 14M. No trading stamp company shall distribute trading stamps in the commonwealth or shall redeem trading stamps issued therein, unless each such stamp has legibly printed upon its face in cents or any fraction thereof a cash value as determined by said com-

pany. The said company shall, at the option of the rightful holder of such stamps, redeem the stamps in cash when duly presented for redemption in a number having an aggregate cash value of not less than twenty-five cents.

Section 14N. No trading stamp company shall distribute or redeem trading stamps in the commonwealth until it has filed with the state treasurer —

(a) A statement of registration accompanied by representative samples of its stamps, stamp collection books, stamp redemption catalogues, and stamp distribution and redemption agreement forms, currently used in the commonwealth. Each such statement shall provide the following information:— (1) the name and principal address of the company; (2) the state of its incorporation or origin; (3) the names and addresses of its principal officers, partners or proprietors; (4) the address of its principal office in the commonwealth; (5) the name and address of its principal officer, employee or agent therein; (6) the addresses of its places of business within the commonwealth where stamps are redeemable; (7) a short form of its balance sheet, as at the end of its last fiscal year prior to such filing, certified by an independent public accountant; and (8) unless the principal sum of the bond to be filed by the company is the maximum amount hereinafter required, a statement of its gross income from its business in the commonwealth during such last fiscal year, certified by an independent public accountant; and, simultaneously therewith —

(b) A bond payable to the state treasurer, duly executed by the company and a corporate surety qualified to do business in the commonwealth, conditioned upon the performance by the company of its obligation to redeem trading stamps issued by retailers in the commonwealth when duly presented by the rightful holders for redemption. Retailers in possession of trading stamps distributed by the company for issuance to their customers shall for this purpose be deemed rightful holders. The principal sum of the bond shall be as follows: If the company has not previously done business in the commonwealth, or if the company's gross income from its business in the commonwealth during such last fiscal year was not in excess of two hundred and fifty thousand dollars, twenty-five thousand dollars; if such gross income exceeded two hundred and fifty thousand dollars but was not in excess of five hundred thousand dollars, fifty thousand dollars; if such gross income exceeded five hundred thousand dollars but was not in excess of seven hundred and fifty thousand dollars, seventy-five thousand dollars; and if such gross income exceeded seven hundred and fifty thousand dollars, one hundred thousand dollars.

Each trading stamp company shall file annually on or before January first a new statement of registration and a new bond, said bond to be effective for the calendar year next following, unless the company gives notice of its intention to cease the distribution and redemption of trading stamps in the commonwealth, as provided in section fourteen P.

The fee for filing each statement of registration shall be one hundred dollars, which shall be paid to the state treasurer at the time of said filing.

Section 14O. On the effective date of each new bond filed with the statement of registration, all liability on bonds previously filed shall terminate, and in the event of default by the trading stamp company to redeem such stamps the rightful holders of trading stamps shall file

their proofs of claim with the state treasurer and shall have their claims satisfied, as provided in section fourteen Q, solely from the principal sum of the new bond.

Section 14P. No trading stamp company shall cease the distribution and redemption of trading stamps in the commonwealth unless it notifies the state treasurer in writing at least ninety days prior to such cessation, and gives such written notice at such time to each retailer within the commonwealth which has at any time theretofore within one year issued trading stamps which the company is obligated to redeem.

Section 14Q. In the event a trading stamp company defaults in the performance of its obligation to redeem trading stamps, any rightful holder shall be entitled to file within three months after such default a complaint with the state treasurer. Upon the filing of any such complaint the state treasurer shall forthwith make a determination whether there has been a default. If he shall determine that there has been such a default he shall give notice of such determination by publishing the same in three consecutive publications of one or more newspapers published in the city of Boston and having general circulation throughout the commonwealth and therein require that proof of all claims for breach of the obligation upon the performance of which the bond is conditioned shall be filed with him, together with the trading stamps upon which the claim is based, within three months after the date of the first such publication. The state treasurer promptly after the expiration of such period shall determine the validity of all claims so filed. Thereupon the state treasurer shall be paid by the surety such amount as shall be necessary to satisfy all valid claims so filed, not exceeding, however, the principal sum of the bond, and the state treasurer shall make an equitable distribution of the proceeds of the bond to such claimants and shall destroy the trading stamps so filed with him.

Section 14R. Any trading stamp company which violates any provision of sections fourteen M to fourteen P, inclusive, shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both, and the superior court shall have jurisdiction in equity on the complaint of any interested person to restrain and enjoin the violation of any of said provisions.

SECTION 2. Notwithstanding the provisions of section fourteen M of chapter ninety-three of the General Laws, as appearing in section one of this act, a trading stamp company, as defined in section fourteen L of said chapter ninety-three, may redeem trading stamps, as defined in said section fourteen L, if issued within the commonwealth prior to the effective date of this act, notwithstanding the fact that any such trading stamp does not have legibly printed upon its face in cents or any fraction thereof a cash value as determined by said trading stamp company.

(k) To lease, sell or otherwise dispose of any real or personal property, or any interest therein, which it shall determine to be no longer needed for the purposes of this act and to invest from time to time in obligations of the government of the United States or of the commonwealth any portions of its working capital fund which it shall judge temporarily unnecessary for the purposes of said fund; and

(l) To make all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under this act, to employ a plant superintendent and such other employees and agents, including engineering and financial experts, attorneys and accountants, as may be necessary in its judgment, to fix their compensation and to do all acts and things necessary or convenient to carry out the powers expressly granted in this act.

SECTION 4. To provide for the expenses of constructing said incinerator and of making any major alteration thereto or any major repair thereof, and for the establishment of a working capital fund, the authority may from time to time borrow from the towns of Cohasset, Hingham, Hull and Weymouth and each of said towns may from time to time loan to the authority, such sums not exceeding, in the aggregate, five hundred thousand dollars as the authority shall demand that said town loan it; provided, that each town's share of each loan shall be in the same proportion as its population, as determined by the last preceding federal census, bears to the total population of the four towns. The authority shall repay every loan made to it under this section in the same instalments and with the same interest as shall be payable on debt incurred under section five to make such loan. No bond or note given by the authority to evidence a loan made to it under this section shall, without special authorization from the general court, be disposed of by the town to which it is given.

Each issue shall constitute a separate loan; and such loans shall be paid in not more than twenty years from their dates. Debt incurred from time to time under this section by said towns shall be included in determining their respective limits of indebtedness as established by law, and shall, except as herein provided, be subject to the provisions, respectively applicable to them, of chapter forty-four of the General Laws, exclusive of the limitation contained in the first paragraph of section seven thereof. Anything in section twenty of said chapter forty-four to the contrary notwithstanding, any premium received upon any bonds or notes issued under this section, shall be paid to the authority after deducting therefrom the cost of preparing, issuing and marketing such bonds or notes.

SECTION 6. The authority shall keep a daily record of the aggregate amount of refuse and garbage deposited in the incinerator by said towns and, beginning with the calendar month next after the calendar month in which construction of the incinerator is completed, shall, not later than the tenth day of each calendar month, compute the net cost of maintaining and operating said incinerator during the preceding calendar month and apportion such cost between said towns in proportion to the aggregate amount of refuse and garbage, respectively, deposited in said incinerator by said towns during such preceding month and notify said towns of such computation and apportionment; and the town treasurers of said towns shall thereupon forthwith, without further authorization than herein contained, pay to the authority out of any available funds in the treasury of said towns, as the case may be, the sum respectively apportioned to such town. There shall be included in computing the cost of maintaining and operating the incinerator during any calendar month the administrative expenses of the authority during such month and also all instalments of principal and interest on debt accruing during such month. Administrative expenses, interest and instalment payments on principal accruing prior to the completion of the construction of the incinerator shall be treated as expenses of construction. If at any time the authority shall have funds which in its judgment are not required for the purposes of this act, it shall forthwith distribute such funds to said towns in proportion to the amounts which have been respectively apportioned to them under this section, since the date of completion of construction of the incinerator, or since the date of the next previous distribution of funds, whichever is the later.

SECTION 7. The authority and all its real and personal property shall be exempt from taxation and from betterments and special assessments, and the authority shall not be required to pay any tax, excise or assessment to or for the commonwealth or any of its political subdivisions, nor shall the authority be required to pay any fee or charge for any permit or license issued to it by the commonwealth, by any department, board or officer thereof, or by any political subdivision of the commonwealth or by any department, board or officer of such political subdivision, nor shall the authority be liable for any injury, loss or damage suffered by any person or property by reason of any ordinary

or gross negligence of the authority or any of its officers, employees or agents; provided, however, that it shall be liable as an employer under chapter one hundred and fifty-two of the General Laws, and shall insure against such liability.

SECTION 8. On or before the last day of January in each year, the authority shall make an annual report of its activities for the preceding calendar year to the governor and to the general court. Each such report shall set forth a complete operating and financial statement covering its operations during such year. The authority shall cause an audit of its books to be made at least once in each year by the director of accounts in the state department of corporations and taxation; and the cost thereof shall be treated as part of the cost of operating said incinerator. Such audits shall be deemed to be public records within the meaning of chapter sixty-six of the General Laws.

SECTION 9. If at any time the authority shall be dissolved, its corporate existence shall continue as provided in section fifty-one of chapter one hundred and fifty-five of the General Laws, and its assets shall be liquidated and the proceeds distributed between said towns in proportion to the amounts which have been respectively apportioned to them under section six of this act.

SECTION 10. This act shall take full effect only upon its acceptance by the town of Cohasset, Hingham, Hull and Weymouth by the vote of a majority of the town meeting members or voters, as the case may be, present and voting thereon at an annual or special town meeting called for the purpose in each of said towns and upon the filing of certificates of such acceptances with the state secretary; provided, that such acceptances, approval and filing occur before June first, nineteen hundred and sixty-three.

Under such conditions the transfer of any of the assets of an employer's business by any means whatever otherwise than in the ordinary course of trade shall be deemed a transfer of business and shall constitute the transferee a successor hereunder, provided the transferee has continued or resumed the business of the

SECTION 2. Said subsection (n) of said section 14 of said chapter 151A is hereby further amended by striking out paragraph (5).

CHAP. 646. AN ACT FURTHER PROVIDING FOR THE EXAMINATION, COMMITMENT, CARE, TREATMENT AND REHABILITATION OF CERTAIN SEXUALLY DANGEROUS PERSONS.

Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide for the examination, commitment, care, treatment and rehabilitation of certain sexually dangerous persons and the establishment of facilities therefor, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public safety.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by striking out chapter 123A and inserting in place thereof the following chapter: —

CHAPTER 123A.

CARE, TREATMENT AND REHABILITATION OF SEXUALLY DANGEROUS PERSONS.

Section 1. The words "sexually dangerous person" as used in this chapter shall have the following meaning: — Any person whose misconduct in sexual matters indicates a general lack of power to control his sexual impulses, as evidenced by repetitive or compulsive behavior and either violence, or aggression by an adult against a victim under the age of sixteen years, and who as a result is likely to attach or otherwise inflict injury on the objects of his uncontrolled or uncontrollable desires.

Section 2. The commissioner of mental health shall establish and maintain, subject to the jurisdiction of the department of mental health, a treatment center, hereinafter in this chapter called the center, at a correctional institution approved by the commissioner of correction, for the care, custody, treatment and rehabilitation of persons described in section one. The commissioner of mental health shall properly staff and keep properly staffed said center, and with the consent of the commissioner of correction, may establish branches of said center at suitable correctional institutions in the commonwealth. The commissioner of mental health may also establish branches of said center at any suitable facility of the department of mental health. Any branch shall be deemed to be a part of said center for the purposes of this chapter, or for such limited purposes as the commissioner of mental health shall designate.

Section 3. Notwithstanding any other provision of law when a person is brought before a district court charged with the crime of indecent assault or indecent assault and battery, indecent assault and battery on a child under the age of fourteen, open and gross lewdness and lascivious behavior, unnatural and lascivious acts with another person or with a child under the age of sixteen, lewd, wanton and lascivious behavior or indecent exposure, or an attempt to commit any such crime, the court shall, if it appears that said person is guilty of the crime and appears to be a sexually dangerous person, commit or bind over said person for trial in the superior court. In such cases the clerk of the district court shall forthwith transmit to the clerk of the superior court a copy of the complaint and of the record, the original recognizances, a list of the witnesses, a statement of the expenses and the appearance of the attorney for the defendant, if any is entered, and the report of the department of mental health as to the mental condition of the defendant if such report has been filed under the provisions of section one hundred A of chapter one hundred and twenty-three, and no other papers need be transmitted.

Section 4. Upon the determination of guilt of a person in the superior court of the crime of indecent assault or indecent assault and battery, indecent assault and battery on a child under the age of fourteen, rape, rape of a female child under sixteen, carnal knowledge and abuse of a female child under sixteen, assault with intent to commit rape, open and gross lewdness and lascivious behavior, incest, sodomy, buggery, unnatural and lascivious acts with another person or with a child under the age of sixteen, lewd, wanton and lascivious behavior or indecent exposure, or an attempt to commit any such crime, the court, may,

upon its own motion or upon motion of the district attorney, prior to imposing sentence, commit him to the center or to a suitable branch thereof for a period not exceeding sixty days for the purpose of examination and diagnosis under the supervision of not less than two psychiatrists who shall, within said period, file with said court a written report of such examination and diagnosis, and their recommendations for the disposition of such person. The court shall supply to the examining psychiatrists copies of the court record, and the probation officer shall supply them with the probation record of the person committed for examination. The probation record shall contain a history as such person's previous offences and previous psychiatric examinations and such other information as may be helpful to assist such psychiatrists in making their diagnosis.

Section 5. If the report filed with the court under section four clearly indicates that such person is a sexually dangerous person, the court shall give notice to such person that a hearing will be held to determine whether or not he is a sexually dangerous person.

Upon the motion of such person or upon its own motion the court shall, if necessary to protect the rights of such person, appoint counsel for him. Such person shall be entitled to have process issued out of the court to compel the attendance of witnesses in his behalf. Upon such hearing it shall be competent to introduce evidence of the person's past criminal and psychiatric record and any other evidence that tends to indicate that he is a sexually dangerous person. Any psychiatric report filed under this chapter shall be admissible in evidence in such proceeding. The court may, in its discretion, exclude the general public from attendance at such hearing, and the proceeding shall be summarized in writing.

If the court finds upon such hearing that the person is not a sexually dangerous person, it shall proceed as provided by law upon a determination of guilt of the original offence. If the court finds that the person is a sexually dangerous person, it may, in lieu of the sentence required by law for the original offence, commit such person to the center, or a branch thereof, for an indeterminate period of a minimum of one day and a maximum of such person's natural life. The court may grant probation or suspend the commitment upon the condition that such person receive out-patient treatment and upon any other condition it might deem suitable, if the department of mental health recommends such person as a suitable subject for such out-patient treatment. The court shall forward its order to the commissioner of correction who shall thereupon transfer the person to the center, or a branch thereof, for the purpose of treatment and rehabilitation, where he shall be held until released under the provisions of section nine. Persons committed shall be subject to all laws, rules and regulations which govern inmates of the institution to which they have been committed, in so far as may be compatible with the treatment provided for by this chapter, and they shall be entitled to such rights and privileges of such inmates, in so far as may be compatible with such treatment.

Section 6. If a prisoner under sentence in any jail, house of correction or prison, or in the custody of the youth service board, appears to the sheriff, keeper, master, superintendent or director of the youth service board who has him in custody or to the district attorney for the district in which such prisoner was sentenced to be a sexually dangerous person

and in need of the care and treatment provided at the center, such officer may notify the commissioner of mental health, who shall thereupon cause such prisoner to be examined by a psychiatrist at the institution wherein he is confined. Such psychiatrist shall report the results of his examination in writing to the sheriff, keeper, master or superintendent, director of the youth service board, or district attorney, and if such report indicates that such person may be a sexually dangerous person, the sheriff, keeper, master or superintendent, director of the youth service board or district attorney shall thereupon transmit the report to the clerk of the courts for the county wherein such prisoner was sentenced, and if such prisoner was sentenced in Suffolk county, to the clerk of the superior court for the transaction of criminal business, together with a motion to commit such person to the center or a suitable branch thereof for examination and diagnosis for a period not exceeding sixty days. The court shall act upon such motion speedily, and if it grants the motion, shall commit such person under the provisions of section four in so far as may be applicable.

If there be no sitting of the superior court in the appropriate county at the time the motion and report is transmitted to the clerk, the clerk shall then transmit a copy of the motion and report to the chief justice of the superior court, who may act upon the motion.

If the report of the psychiatrists to the court as required under section four, indicates that such prisoner is not a sexually dangerous person, the court shall order such prisoner to be reconveyed to the institution wherein he was serving his sentence, there to be held until the termination of his sentence or until otherwise discharged.

If such report clearly indicates that such prisoner is a sexually dangerous person, the clerk shall thereupon notify the court and the district attorney, and the district attorney shall file a petition for commitment of the prisoner to the center, or a branch thereof, for treatment and rehabilitation, and he shall give notice to the prisoner or to his parents, spouse, issue, next of kin, guardian, or next friend, if it appears to the district attorney that such prisoner is incapable of conducting his contest to the report. The court may require such further notice as it deems necessary to protect the interest of the prisoner, may continue the hearing pending such notice and may appoint a guardian ad litem, if necessary. The hearing shall be conducted in the manner described in section five.

Pending the completion of such hearing, the court may order that the prisoner be retained in the custody of the superintendent of the institution in which the center, or branch thereof, is located or may commit him to the custody of a sheriff or keeper of a jail or place of detention, until such time as the matter is heard on the merits.

If the court finds that the prisoner is not a sexually dangerous person, it shall order him to be reconveyed to the institution wherein he was serving his sentence, there to be held until the termination of his sentence or until otherwise discharged. If the court finds that such prisoner is a sexually dangerous person, it shall commit him to the center, or a branch thereof, for an indeterminate period of a minimum of one day and a maximum of such person's natural life, for the purpose of treatment and rehabilitation, or it may commit such person to a mental institution or place him upon out-patient treatment, or make such other disposition upon the recommendation of the department of mental

health consistent with the purpose of treatment and rehabilitation. Such prisoner shall be held in custody under sufficient security to protect society, and he shall be subject to all laws, rules and regulations which govern inmates of the institution to which he has been committed, in so far as may be compatible with the treatment provided for by this chapter, and he shall be entitled to such rights and privileges of such inmates, in so far as may be compatible with such treatment.

Section 7. Any attorney retained by or on behalf of any person committed to the center shall be admitted to visit such person at reasonable times if in the opinion of the commissioner of mental health such visit would not be injurious to such person, or if a justice of the superior court orders in writing that such visit shall be allowed. Such attorney upon request shall be entitled to receive from the clerk of the court a copy of the report of the examining psychiatrists filed under section four.

Section 8. Any person believing himself to be suffering from a physical or mental condition which may result in sexual trends dangerous to the welfare of the public may make application to the department of mental health upon forms prescribed by said department for admission to the treatment center, or a suitable branch thereof. All information pertaining to this application shall be confidential, and may not be used in any criminal proceeding or proceeding under this chapter against such person. Subject to such rules and regulations and conditions relative to payment therefor, as the commissioner shall prescribe, persons may be admitted to the center or a suitable branch thereof, for examination, diagnosis and treatment.

Section 9. Any person committed to the center for treatment and rehabilitation under section five or section six shall be eligible for parole. Such person shall be presented to the parole board for consideration for parole by the superintendent of the institution in which the center, or a branch thereof, is located, with the recommendations of the department of mental health, at least once during the first twelve months following commitment and at least once in every three-year period thereafter, and at any time upon the recommendation of two psychiatrists appointed by the commissioner of mental health that he is a fit person for parole. The parole board shall carefully and thoroughly consider the reports of the department of mental health concerning the progress of such person, as well as any other information it deems relevant, and may grant such person a parole permit to be at liberty upon such terms and conditions as it shall prescribe, including the condition he receive out-patient treatment, and any other condition that the commissioner of mental health may recommend. Such terms and conditions may be revised, altered, amended or revoked by the parole board at any time. The violation by the holder of a parole permit to be at liberty of any of the terms or conditions of such permit, or of any law of the commonwealth, shall render such permit void. The parole board may revoke such permit at any time. If such permit has become void or has been revoked the parole board may order the arrest of the holder of such permit by any officer qualified to serve civil or criminal process in any county, and the return of such holder to the center for further treatment under confinement. A person who has been so returned to the center shall be detained therein according to the terms of his original commitment.

Notwithstanding any provisions of this section, any person committed to the center, or a branch thereof, shall be entitled to have a hearing for

examination and discharge once in every twelve months, upon the filing of a written petition by the committed person, his parents, spouse, issue, next of kin or any friend. A copy of said petition shall be sent to the district attorney for the district where the original proceedings were commenced and to the parole board within fourteen days after the filing thereof. Said petition shall be filed in a superior court for the district in which said person was committed, and the court shall set a date for a speedy hearing. The hearing shall be conducted in the same manner as is provided for in sections five and six. The court shall issue whatever process is necessary to assure the presence in court of the committed person and shall hear the recommendations of the department of mental health and the parole board regarding the disposition of the petition. Upon a finding by the court that such person is no longer a sexually dangerous person, the court shall order such person to be discharged from the center and he shall be released subject to such conditions, if any, as the court may impose, including the condition that such person receive out-patient treatment. If the court finds that such person still requires treatment within the center, or a branch thereof, it shall order that he continue to be held and further treated under the previous commitment. The department of mental health shall make periodic examinations every year of any person committed to the center in order to determine the progress of cure, and shall give an annual report of its findings to the district attorney for the district from which the person was committed, the court from which the person was committed, and the parole board. The psychiatrists appointed to make examinations under this section shall have access to all records of the department of correction pertaining to the person being examined. All records concerning the progress, diagnosis and examinations made by examining psychiatrists shall be available to the parole board to assist them in their determinations of parole.

Section 10. The commissioner of mental health may make available on a voluntary and confidential basis the facilities of the department of mental health to persons who are victims of sexual attack.

Section 11. If any of the provisions of this chapter shall be held invalid or unconstitutional in relation to any of the applications thereof, such invalidity or unconstitutionality shall not affect other applications thereof or other provisions thereof; and to this end the provisions of this chapter are declared to be severable.

SECTION 2. Notwithstanding any provision of chapter one hundred and twenty-three A of the General Laws, as appearing in section one of this act, any person who was committed to the treatment center for sexual offenders or who is awaiting a hearing on a petition for commitment thereto, under the provisions of chapter one hundred and twenty-three A of the General Laws as in effect immediately prior to the effective date of this act, shall, within sixty days after said effective date, be given a psychiatric examination by the department of mental health, and the names and addresses of all such persons awaiting a trial or hearing who are subject to the provisions of said chapter one hundred and twenty-three A, as in effect immediately prior to the effective date of this act, shall be forwarded forthwith by the clerk of the court having jurisdiction to the commissioner of mental health. eral Laws, as appearing in section one of this act, but had been committed under the provisions of chapter one hundred and twenty-three A of the General Laws, as in effect immediately prior to the effective date of this act, he shall be released from said commitment center and returned to the jurisdiction of the department of correction to serve the remainder of his original sentence, if any. If such examination shows that such person is a sexually dangerous person, as defined in section one of chapter one hundred and twenty-three A of the General Laws, as appearing in section one of this act, he shall have the privilege of subjecting himself to the provisions of section nine of said chapter one hundred and twenty-three A, as so appearing.

SECTION 2. Sums appropriated in section one are based upon detailed schedules approved by the joint committee on counties, copies of which are deposited with the director of accounts.

Said director shall file with the county commissioners and the county treasurer of each county a certification of the amounts above appropriated as set forth in the approved schedules for such county. Except as provided by this act or except as otherwise provided by law, no liability may be incurred and no expenditure shall be made in excess of the amount available in an existing appropriation for a function, a main group, a class or a sub-class.

Transfers within an appropriation from a main group to another main group may be made upon written request of the authorized official of the organization unit with the written approval of said county commis-

sioners, and copies of said request and approval shall be filed with the county treasurer; provided, however, that no transfer shall be made from the main group "personal services" to another main group nor shall any transfer be made from any other main group into the main group "personal services".

Transfers within an appropriation between classes and between subclasses within a main group may be made by the authorized official of the organization unit whenever in his opinion public necessity and convenience so requires; provided, however, that no transfer shall be made within the classes of the main group "personal services".

Amounts included for permanent positions in sums appropriated in section one for personal services are based upon schedules of permanent positions and salary rates as approved by the joint committee on counties, and, except as otherwise shown by the files of said committee, a copy of which shall be deposited with the county personnel board, no part of sums so appropriated in section one shall be available for payment of salaries of any additional permanent positions, or for payments on account of reallocations of permanent positions, or for payments on account of any change of salary range or compensation of any permanent positions, notwithstanding any special or general act to the contrary.

Notwithstanding anything in this section to the contrary, transfers between main groups in the appropriations for the Bristol County Agricultural School, the Essex County Agricultural School, and the Norfolk County Agricultural School may be made solely upon the written approval of the commissioner of education for the commonwealth; transfers within the main groups may be made by the authorized official of the schools; provided, however, no transfers shall be made from amounts appropriated for personal services to other items, nor from other items to amounts appropriated for personal services.

No direct drafts against the account known as the reserve fund shall be made, but transfers from this account to other accounts may be made to meet extraordinary or unforeseen expenditures upon the request of the county commissioners with the approval of the director of accounts.

SECTION 3. No expense incurred for mid-day meals by county officers and employees, other than those who receive as part of their compensation a non-cash allowance in the form of full or complete boarding and housing, and those county officers and employees who are stationed beyond commuting distance from their homes for a period of more than twenty-four hours, shall be allowed by any county; provided, that officers or employees who have charge of juries or who have the care and custody of prisoners, insane persons or other persons placed in their charge by a court or under legal proceedings for transfer to or from court to an institution or from institution to institution and persons certified by a district attorney as engaged in investigation shall be reimbursed for the expense of mid-day meals when necessarily engaged on such duty; and provided, further, that county officers and employees in attendance at meetings and conferences called by or for any group or class on a statewide basis shall be so reimbursed.

SECTION 4. The allowance to county officers and employees for expenses incurred by them in the operation of motor vehicles owned by them or by any member of their immediate families and used in the performance of their official duties shall not exceed eight cents a mile, except in cases where a higher allowance is specifically provided by

statute; provided, that in the case of commitments of the insane the justice of the court ordering the commitment may order a higher rate. No expenditures shall be made for travel outside the commonwealth for attendance at conferences or conventions.

SECTION 5. Any provision of general or special law to the contrary notwithstanding, the county personnel board is hereby authorized to make rules and regulations to adjust the salary of any employee who, as a result of an approval of an appeal under section seven of chapter six hundred and twenty-one of the acts of nineteen hundred and fifty-seven, would receive a rate in the salary schedule which is less than a rate established prior to the decision on such appeal; provided, however, that such adjusted rate may not be greater than the maximum for such salary group. The provisions of this section shall be effective as of July first, nineteen hundred and fifty-seven.

SECTION 6. Any provision of general or special law to the contrary notwithstanding, any county officer or employee whose salary rate on July first, nineteen hundred and fifty-seven, was limited to an increase in rate of one thousand dollars shall receive an increase in salary rate of not more than one step in his salary grade, effective on his anniversary date or on July first, nineteen hundred and fifty-eight, in accordance with approved list filed with the county personnel board by the joint committee on Counties.

CHAP. 654. AN ACT RELATIVE TO THE CHARGES FOR EXAMINATIONS OF BANKS.

Whereas, The deferred operation of this act would tend to defeat its purpose which is, in part, to regulate forthwith charges for examination of all banks under the supervision of the commonwealth effective on December first, nineteen hundred and fifty-eight, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

Be it enacted, etc., as follows:

SECTION 1. Section 2 of chapter 167 of the General Laws is hereby amended by striking out the first paragraph, as most recently amended

The commissioner, either personally or by his examiners, or such others of his assistants as he may designate, shall, at least once in each year, make a thorough examination of the books, securities, cash, assets and liabilities and ascertain the condition of all banks under his supervision, the ability of each bank to fulfill its obligations, and also whether it has complied with the law; and he may also, whenever he considers it expedient, make, or cause to be made, at the expense of the bank, such further examinations or audits as he deems advisable.

The cost of the annual examination or audit of each bank under the supervision of the commissioner shall be paid by said bank and shall include, subject to the limitations herein contained, all monies expended by the commonwealth for personal services and such proportion of the general overhead of the division of banks and loan agencies, including travel, hotel and meal allowances, as is determined by the commissioner to be attributable to such examination or audit. The total charge for such examination or audit shall be twenty dollars per day for each man participating therein plus an amount not in excess of ten cents per one thousand dollars of assets of such bank which together will in the discretion of the commissioner be sufficient to reimburse the commonwealth for the cost of such examination or audit. Each bank shall, within thirty days after notice from the commissioner of the charge for such examination or audit, pay to him such charge. No examination charge shall be collected hereunder from a bank which has been in operation for one year or less nor shall a charge in excess of one half of the amount actually attributable to such examination or audit be assessed against a bank which has been in operation for more than one year but less than two years.

Be it enacted, etc., as follows:

SECTION 1. Sections 10A, 10B and 10C of chapter 23 of the General Laws, inserted by section 1 of chapter 778 of the acts of 1957, are hereby repealed.

SECTION 2. Chapter 151D of the General Laws, inserted by section 2 of said chapter 778, is hereby repealed.

SECTION 3. Chapter 23 of the General Laws is hereby amended by inserting after the caption HEALTH, WELFARE AND RETIREMENT TRUST FUNDS BOARD, inserted by section 1 of said chapter 778, the following three sections: — *Section 10D.* There shall be in the department but not under its supervision or control, a health, welfare and retirement trust funds board, hereafter in this section and in sections ten E and ten F called the board, consisting of the commissioner of banks, the commissioner of insurance and the commissioner of labor and industries. The members shall annually elect one of their number to serve as chairman of said board.

Section 10E. Subject to the provisions of chapter thirty A, the board shall administer the provisions of chapter one hundred and fifty-one D and shall adopt such rules and regulations as may be necessary for the administration and enforcement of said chapter one hundred and fifty-one D, and may alter or repeal the same. Copies of such rules and regulations and amendments, alterations and repeals thereof, shall be provided by the board for public distribution. The board may, subject to appropriation, make such expenditures as may be necessary in carrying out the provisions of said chapter one hundred and fifty-one D. It shall make an annual report to the governor and to the general court relative to its administration and operation of said chapter one hundred and fifty-one D during the preceding fiscal year, together with such recommendations as it deems proper.

Section 10F. Subject to appropriation, the board may appoint and employ such officers, accountants, clerks, secretaries, agents, investigators, auditors and other employees as it may deem necessary for the proper administration of chapter one hundred and fifty-one D. All persons so appointed or employed shall be subject to chapter thirty-one and the rules made thereunder, and also subject to such rules and regulations not inconsistent therewith as may be adopted by the board. The board shall not appoint or employ any person who is an officer or committee member of a political party. The board shall fix the duties of all persons appointed and employed by it, and may authorize any such person to perform such duties, functions and powers of the board as may be necessary or suitable for the proper administration and enforcement of chapter one hundred and fifty-one D. The board may, in its discretion, bond any person handling moneys or signing checks hereunder.

SECTION 4. The General Laws are hereby amended by inserting after chapter 151C the following new chapter: —

"Trustee", person, board or committee charged with the overall management and administration of the plans under which funds of a trust are derived or for which such funds are provided, by whatever title described in any document creating or providing for the management of such plans. If any such funds are operated as a corporation, the officers and directors thereof shall be trustees, and shall be under the same responsibility and obligations as the trustees of any such fund not operated as a corporation, except that the account required under section three may be filed in the name of the corporation.

"Beneficiaries", those persons whether ascertained or unascertained, having any interest present or future, vested or contingent.

"Board", the health, welfare and retirement trust funds board.

Section 2. With respect to trusts which provide benefits for twenty-five or more employees within this commonwealth, the trustees shall register such trusts with the board in accordance with the provisions of this section within ninety days after such trust becomes subject to the provisions of this chapter.

The registration shall be in the form prescribed by the board and shall include certified copies of the trust indentures, contracts, corporate by-laws and any and all other documents creating or relating to the organization and operation of such trusts.

Any trustee neglecting to file its registration in the form and within the time specified may be required to forfeit five dollars for each day during which such neglect continues. The time for filing any registration may be extended by the board.

Section 3 (a). The trustees required to register under section two shall file an annual report with the board within five months after the end of the calendar year, or if the records of the trust are kept on a policy or fiscal year basis then within five months after the end of such policy or fiscal year. Said report shall be in writing upon a form prescribed by the board. It shall be signed and certified under oath as prescribed by the board. It shall contain the following information for the preceding calendar, policy or fiscal year: the value of the fund as of the end of the fiscal year; the amount contributed by the employer or employers; the amount contributed by the employees; the amount of benefits paid for each class of benefits; the number of employees covered; the salaries and fees paid by or charged to the fund, to whom paid, in what amount, and for what purposes. If some or all of the benefits under the fund are provided by an insurance carrier or by a hospital, surgical or medical service or any other similar type of plan, such report shall also include for each such year, with respect to such fund and for each class of benefits, the following information: the premium rate or subscription charge and the total premium or subscription charges paid to each such insurance carrier or service plan; the number of persons covered by each class of benefits; the total claims incurred and the total claims paid by such insurance carrier or service plan; dividends, commissions and ad-

ministrative, service or other fees paid by such insurance carrier or service plan; retentions by such insurance carrier or service plan; the names and addresses of the brokers, agents or other persons to whom commissions or fees were paid, the amounts paid to each, and the services rendered for said commissions or fees. Such insurance carrier or service plan shall certify to the trustees of such trust within four months after the end of each policy year, the information necessary to enable such trustees to comply with the requirements of this paragraph. Any insurance carrier or service plan failing to furnish such information within the time specified shall forfeit five dollars for each day during which such failure continues. The board may also request in writing such supplemental information as is necessary to clarify and explain any such annual reports.

Any trustee neglecting to file its annual report in the form and within the time specified may be required to forfeit five dollars for each day during which such neglect continues. The time for filing any such report may be extended by the board.

(b) The board may upon application to, and after notice to the trust, with the approval of a judge of a probate court, for good and sufficient cause shown, examine the books and records and investigate the administration of any trust, and the board may require the attendance and testimony of witnesses, who shall be summoned in the same manner and paid the same fees as witnesses in the superior court. Such witnesses shall be duly sworn and shall give their testimony under the penalties of perjury. The board may conduct examinations at such places and take deposition within or without the commonwealth as the court may order.

CHAP. 674. AN ACT REGULATING THE RETAIL INSTALMENT SALES OF MOTOR VEHICLES.

Be it enacted, etc., as follows:

SECTION 1. The General Laws are hereby amended by inserting after chapter 255A the following new chapter: —

CHAPTER 255B.

RETAIL INSTALMENT SALES OF MOTOR VEHICLES.

Section 1. In this chapter, unless the context otherwise requires, the following words shall have the following meanings: —

"Cash sale price", the price stated in a retail instalment contract for which the seller would have sold to the buyer, and the buyer would have bought from the seller, the motor vehicle which is the subject matter of the retail instalment contract, if such sale had been a sale for cash instead of a retail instalment transaction. The cash sale price may include any taxes, charges for delivery, servicing, repairing or improving the motor vehicle, and shall include charges for accessories and installation costs, if any.

"Commissioner", the commissioner of banks.

"Finance charge", the amount agreed upon between the buyer and the seller, as limited herein, to be added to the aggregate of the cash sale price, the amount, if any, included for insurance and other benefits and recording charges, in determining the time price.

"Holder", the retail seller of the motor vehicle under or subject to a retail instalment contract, or, if the contract is purchased by a financing agency or other assignee, the sales finance company or other assignee.

"Motor vehicle", any self-propelled, motored device in, upon or by which any person is, or may be, transported or drawn upon a highway and which is used or bought for use primarily for personal, family or household purposes. The term does not include self-propelled tractors, trucks, all commercial trailers and semi-trailers, buses, earth-moving and construction machinery or equipment, power shovels, road building machinery or equipment, implements of husbandry and other agricultural machinery or equipment, or machinery or equipment not designed primarily for highway transportation but which may incidentally transport persons on a highway, or devices which move upon or are guided by a track, or travel through the air.

"Recording charges", the filing or other fees required by law to be paid to a public officer to perfect the interest or lien, in or on a motor vehicle, retained or taken by a seller under a retail instalment contract, and to file or record a release, satisfaction or discharge of the contract.

"Retail buyer" or "buyer", a person who buys a motor vehicle from a retail seller for use primarily for personal, family or household purposes and who executes a retail instalment contract in connection therewith.

"Retail instalment contract" or "contract", an agreement, entered into in this state, pursuant to which the title to, the property in or a lien upon a motor vehicle, which is the subject matter of a retail instalment sale, is retained or taken by a retail seller from a retail buyer as security, in whole or in part, for the buyer's obligation. The term includes a chattel mortgage, a conditional sales contract and a contract for the bailment or leasing of a motor vehicle by which the bailee or lessee contracts to pay as compensation for its use a sum substantially equivalent to or in excess of its value and by which it is agreed that the bailee or lessee is bound to become, or has the option of becoming, the owner of the motor vehicle upon full compliance with the terms of the contract.

"Retail instalment sale" or "sale", a sale of a motor vehicle by a retail seller to a retail buyer for a time sale price payable in two or more instalments, payment of which is secured by a retail instalment contract. The cash sale price of the motor vehicle, the amount, if any, included for insurance and other benefits, recording charges and finance charge shall together constitute the time sale price.

“Retail seller” or “seller”, a person who sells a motor vehicle to a retail buyer under or subject to a retail instalment contract.

“Sales finance company”, (1) a bank as defined in section one of chapter one hundred and sixty-seven, a national banking association, (2) any person engaged, in whole or in part, in the business of purchasing retail instalment contracts from one or more retail sellers and (3) a retail seller engaged, in whole or in part, in the business of holding retail instalment contracts acquired from retail buyers. The term “sales finance company” does not include the pledgee of an aggregate number of such contracts to secure a bona fide loan thereon.

Section 2. No person, other than a bank as defined in section one of chapter one hundred and sixty-seven or a national banking association, shall engage in the business of a sales finance company without first obtaining from the commissioner a license to carry on said business in the city or town where the business is to be transacted as provided herein. The application for such license shall be in writing and shall contain such information as the commissioner may, from time to time, determine. The commissioner may reject any application for a license or any application for the renewal of a license if he is not satisfied that the financial responsibility, character, reputation, integrity and general fitness of the applicant and of the owners, partners or members thereof, if the applicant be a partnership or association, and of the officers and directors, if the applicant be a corporation, are such as to command the confidence of the public and to warrant the belief that the business for which the application for a license is filed will be operated lawfully, honestly and fairly. Such license shall be for a period of one year from November first. Each license shall plainly state the name of the licensee and the city or town with the name of the street and number, if any, of the place where the business is to be carried on, and shall be posted in a conspicuous place in the office where the business is transacted. The fee for such license shall not be less than two hundred dollars. If a licensee desires to carry on business in more than one place, he shall procure a license for each place where the business is to be conducted. Such license shall not be transferable nor assignable.

Section 3. The commissioner shall, from time to time, establish rules and regulations relative to the granting of licenses and the renewal thereof, the fees to be charged therefor and the business carried on by licensees. He may, whenever he determines it to be in the public interest, investigate the affairs of a licensee and, for that purpose, shall have free access to the vaults, books and papers thereof. The commissioner may cause an examination of said books and business to be made by an accountant whom he may select, and the cost of such examination shall be paid by the licensee whose books are so examined.

Section 4. The commissioner, or such other of his assistants as he may designate, may summon a licensee, or any of his agents or employees, and such other witnesses as he deems necessary, and examine them relative to their transactions, may require the production of books and papers and, for such purposes may administer oaths. Whoever, without justifiable cause, fails or refuses to appear and testify or to produce books and papers when so required, or obstructs the commissioner or his representatives in the performance of their duties, shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or both.

Section 5. If the commissioner refuses to issue a license, he shall notify the applicant of the denial, return the sum paid by the applicant as a license fee, less an investigation fee of fifty dollars for each application to cover the cost of investigating the applicant; and within twenty days thereafter he shall enter upon his records a written decision and findings containing the reasons supporting the denial, and shall forthwith give written notice thereof by registered mail to the applicant. Within thirty days after the date of such notice the applicant may appeal from such denial to the superior court for the county of Suffolk, sitting in equity. The court shall hear all pertinent evidence and determine the facts, and upon the facts as so determined review said denial and, as justice and equity may require, affirm the same or order the commissioner to issue such license.

Section 6. The commissioner, if he has reason to believe that any person other than a licensee has violated any of the provisions of this act, shall have the power to make such investigations as he shall deem necessary, and, to the extent necessary for this purpose, he may examine such person and shall have the power to compel the production of all relevant books, records, accounts and documents.

The state police and the police of the cities or towns shall carry out the directions of the commissioner in enforcing the provisions of this chapter and any rules or regulations made hereunder by him.

Section 7. A license may be suspended or revoked by the commissioner on the following grounds:—(1) material misstatement in application for license; (2) failure to comply with the provisions of this chapter; (3) defrauding any retail buyer to the buyer's damage; (4) fraudulent misrepresentation, circumvention or concealment by the licensee through whatever subterfuge or device of any of the material particulars or the nature thereof required to be stated or furnished to the retail buyer under this chapter.

If a licensee is a firm, association or corporation, it shall be sufficient cause for the suspension or revocation of its license that any officer, director or trustee of a licensed firm, association or corporation, or any member of a licensed partnership, has so acted or failed to act as would be cause for suspending or revoking a license to such party as an individual. Each licensee shall be responsible for the acts of any of his employees while acting as his agent, if such licensee after actual knowledge of said acts retained the benefits, proceeds, profits or advantages accruing from said acts or otherwise ratified said acts.

Section 8. No license shall be suspended or revoked except after hearing thereon by the commissioner or such of his assistants as he may designate. The commissioner shall give the licensee at least ten days' written notice, in the form of an order to show cause, of the time and place of such hearing by registered mail addressed to the principal place of business in this commonwealth of such licensee. The said notice shall contain the grounds of complaint against the licensee. Any order suspending or revoking such license shall recite the grounds upon which the same is based. The order shall be entered upon the records of the commissioner and shall not be effective until after thirty days' written notice thereof given after such entry forwarded by registered mail to the licensee at such principal place of business. No revocation, suspension or surrender of any license shall impair or affect the obligation of any lawful retail instalment contract acquired previously thereto by the

licensee. Within thirty days after such suspension or revocation the person aggrieved thereby may appeal to the superior court for the county of Suffolk, sitting in equity. The court shall hear all pertinent evidence and determine the facts, and upon the facts as so determined review said suspension or revocation and, as justice and equity may require, affirm the same or order that the commissioner rescind it.

Section 9. A retail instalment contract shall be in writing and shall be signed by both the buyer and the seller and shall be completed as to all essential provisions prior to the signing of the contract by the buyer. The printed portion of the contract shall be in at least eight point type. The contract shall contain, printed or written, in a size equal to at least ten point bold type: (1) a specific statement that liability insurance coverage for bodily injury and property damage caused to others is not included, if that is the case; and (2) the following notice: "NOTICE TO THE BUYER: 1. Do not sign this contract before you read it or if it contains any blank space. 2. You are entitled to an exact copy of the contract you signed. 3. Under the law, you have the following rights, among others: — (a) to pay off in advance the full amount due and to obtain a partial refund of the finance charge; (b) to redeem the property if repossessed for a default; (c) to require, under certain conditions, a resale of the property if repossessed".

The contract shall contain the names of the seller and the buyer, the place of business of the seller, the residence or place of business of buyer as specified by the buyer, and a description of the motor vehicle, including its make, year model, model and identification numbers or marks.

The contract shall also contain the following items: — (1) the cash sale price of the motor vehicle which is the subject matter of the retail instalment sale; (2) the amount of the buyer's down payment, itemizing the amounts paid in money and in goods and containing a brief description of the goods, if any, traded in; (3) the difference between items (1) and (2); (4) the amount, if any, included for insurance on the motor vehicle, specifying the types of coverage and coverage periods; (5) the amount, if any, included for other insurance and other benefits specifying the types of coverage and the coverage periods and separately stating each insurance premium; (6) the amount of recording charges; (7) the principal balance, which is the sum of items (3), (4) and (5); (8) the amount of the finance charge; (9) the time balance, which is the sum of items seven and eight, payable in instalments by the buyer to the seller, the number of instalments required, the amount of each instalment expressed in dollars, and the due date or period thereof; (10) the total time price; (11) a statement of delinquency charges, if any; and (12) a statement that in case of repossession and sale of such personal property for default in payment of any part of the total time price, all sums paid on account of such price and any sum remaining from the proceeds of a sale of such repossessed personal property after deducting the reasonable expenses of such repossession and sale shall be applied in reduction of such price, and that, if the net proceeds of such sale exceed the balance due on such price, the sum remaining shall be paid to the buyer. Said items need not be stated in the sequence or order set forth above. Additional items may be included to explain the calculations involved in determining the stated time balance to be paid by the buyer.

Section 10. The amount, if any, included for insurance purchased by the holder of the retail instalment contract, shall not exceed the applicable premiums chargeable in accordance with the rates filed with the commissioner of insurance. If dual interest insurance on the motor vehicle is purchased by the holder it shall, within thirty days after execution of the retail instalment contract, send or cause to be sent to the buyer a copy of the policy or policies of insurance, written by an insurance company authorized to do business in the commonwealth. The buyer shall have the privilege of purchasing such insurance from an agent or broker of his own selection, but in such case the inclusion of the insurance premium in the retail instalment contract shall be optional with the seller. If the buyer selects his own licensed agent or broker there shall be no obligation on the seller or sales finance company to forward a copy of the policy or policies to the buyer.

If any insurance, the premium for which is part of the retail instalment contract, is cancelled, unearned insurance premium refunds received by the holder shall be credited to the final maturing instalments of the contract except to the extent applied toward payment for similar insurance protecting the interests of the buyer and the holder or either of them.

Section 11. The holder of a retail instalment contract may, if the contract so provides, collect a delinquency and collection charge on each instalment in default for a period not less than fifteen days in an amount not in excess of five per cent of each instalment or five dollars, whichever is less.

Section 12. No retail instalment contract shall be signed by any party thereto when it contains blank spaces to be filled in after it has been signed, except that, if delivery of the motor vehicle is not made at the time of the execution of the contract, the identifying numbers or marks of the motor vehicle or similar information, and the due date of the first instalment, may be inserted in the contract after its execution. The buyer's written acknowledgment, conforming to the requirements of section thirteen, of delivery of a copy of a contract shall be conclusive proof of such delivery and of compliance with this section in any action or proceeding by or against an assignee of the contract without knowledge to the contrary when he purchases the contract.

Section 13. The seller shall deliver to the buyer, or mail to him at his address shown on the contract, a copy of the contract signed by the seller. If the seller fails to deliver or mail to the buyer on or before the time of the delivery of the motor vehicle a copy of the contract signed by the seller, the buyer shall have the right to refuse to take delivery of the motor vehicle and shall be entitled to receive an immediate refund of all payments made and redelivery of the motor vehicle or vehicles traded in to the seller on account or in contemplation of the contract, or if said motor vehicle or vehicles so traded in have been sold by the seller in a bona fide sale, which sale shall not take place for at least ten days unless the seller has delivered to the buyer a full and complete copy of the contract as required herein, the proceeds thereof, less the expenses incurred by the seller in connection with such sale including the cost of any repairs made to such property to make it ready for sale; provided, however, that if delivery of the motor vehicle is accepted by the buyer he shall have no further right of cancellation, but shall be entitled to the benefit of penalties otherwise provided for herein. The

foregoing provisions shall not entitle a buyer to cancel an order or a contract or to receive any refund thereunder except under the circumstances set forth in the preceding sentence.

Section 14. A retail seller may charge, receive and collect a finance charge at the following rates: —

Class 1. — For any new motor vehicle designated by the manufacturer by a year model not earlier than the year in which the sale is made, or a used motor vehicle of the same year which has not previously been the subject of a retail sale, not more than eight dollars per one hundred dollars per year.

Class 2. — For any new motor vehicle not in *Class 1* and any used motor vehicle designated by the manufacturer by a year model of the same or not more than two years prior to the year in which the sale is made, not more than ten dollars per one hundred dollars per year.

Class 3. — For any used motor vehicle not in *Class 1* or *Class 2*, not more than twelve dollars per one hundred dollars per year.

Such finance charge shall be computed on the principal balance as determined under section nine on contracts payable in successive monthly instalments substantially equal in amount.

On contracts providing for instalments extending for a period less than or greater than one year, the finance charge shall be computed proportionately. The finance charge may be computed on the basis of a full month for any fractional month period in excess of fifteen days.

When a retail instalment contract provides for unequal or irregular instalments, the finance charge shall be no more than the effective rate provided in this section, having due regard for the schedule of instalments.

The finance charge shall be inclusive of all charges incident to investigating and making the contract, and for the extension of the credit provided for in the contract and no fee, expense or other charge whatsoever shall be taken, received, reserved or contracted for except as provided in this section and in section eleven and section seventeen and for those items expressly provided for in the retail instalment contract as set forth in section nine.

Section 15. After the payment of all sums for which the buyer is obligated under a retail instalment contract, the holder of such contract shall mail to the buyer at his last known address, good and sufficient instruments to indicate payment in full and to release all security in the motor vehicle.

Section 16. Notwithstanding the provisions of any retail instalment contract to the contrary, any buyer may pay in full at any time before maturity the debt of any retail instalment contract, and in so paying such debt shall receive a refund credit thereon for such anticipation. The amount of such refund credit shall represent at least as great a proportion of the finance charge after first deducting from such finance charge an acquisition cost of twelve dollars and fifty cents as the sum of the periodic time balances after the day on which prepayment is made bears to the sum of all the periodic time balances under the schedule of instalments in the original contract. Where the amount of the credit for anticipation of payment is less than one dollar, no refund need be made.

Section 17. The holder of an instalment sale contract may extend the scheduled due date, or defer the scheduled payment of all or part of any

unpaid instalment payment or payments, or renew the unpaid time balance of such contract.

The holder may contract for, receive and collect a refinance charge for such extension, deferment or renewal. Such refinance charge shall be computed on the amount obtained by adding to the unpaid time balance of the contract the insurance cost incidental to refinancing, and by deducting any rebate computed in accordance with the provisions of section sixteen which may be due to the buyer for prepayment incidental to refinancing, at the rate of the finance charge in the original contract, for the term of the renewal contract, and subject to the provisions of this chapter governing computation of the original finance charge.

Section 18. A sales finance company may purchase a retail instalment contract from a seller on such terms and conditions and for such price as may be mutually agreed upon; and no filing of the assignment, no notice to the buyer of the assignment, and no requirement that the seller be deprived of dominion over payments upon the contract or over the vehicle if repossessed by the seller, shall be necessary to the validity of a written assignment of a retail instalment contract as against creditors, subsequent purchasers, pledgees, mortgagees or encumbrancers of the seller.

Unless the buyer has notice of actual or intended assignment of a retail instalment contract, payment thereunder made by the buyer to the last known holder of such contract shall be binding upon all subsequent holders or assignees.

Section 19. Upon written request from the buyer, the holder of a retail instalment contract shall give or forward to the buyer a written statement of the dates and amounts of payments and the total amount unpaid under such contract. The buyer shall be entitled to only one such statement in any six-month period free of charge. The holder shall be entitled to the sum of fifty cents for each additional written statement requested by the buyer before supplying such additional written statement. A buyer shall be given a written receipt for each cash payment.

Section 20. A provision in a retail instalment contract (1) for confession of judgment, power of attorney therefor, or wage assignment; (2) for the subsequent inclusion of title to or a lien upon any goods, other than the motor vehicle which is the subject matter of the retail instalment sale or accessories therefor or special or auxiliary equipment used in connection therewith, or in substitution, in whole or in part, for any such accessory or special or auxiliary equipment, as security for payment of the total time price; (3) whereby, in the absence of the buyer's default, the holder may accelerate the maturity of any part or all of the time balance; (4) whereby a seller or holder of the contract, or other person acting on his behalf, is authorized to enter the buyer's premises unlawfully, or to commit any breach of the peace in the repossession of a motor vehicle; (5) whereby the buyer waives any right of action against the seller or holder of the contract, or other person acting on his behalf, for any illegal act committed in the collection of payments under the contract or in the repossession of the motor vehicle; (6) whereby the buyer executes a power of attorney appointing the seller or holder of the contract, or other person acting on his behalf, as the buyer's agent in the collection of payments under the contract or in the repossession of the motor vehicle; or (7) whereby the seller is

relieved from liability for any legal remedies which the buyer may have had against the seller under the contract, or any separate instrument executed in connection therewith, shall not be enforceable.

Section 21. Whoever violates any provision of this chapter or any rule or regulation made thereunder by the commissioner shall be punished by a fine of not more than five hundred dollars or by imprisonment for not more than six months, or both.

Section 22. A violation of sections nine to fourteen, inclusive, or eighteen to twenty, inclusive, by any person shall bar his recovery of any finance charge, delinquency or collection charge or refinancing charge on the retail instalment contract involved.

Section 23. Any waiver of the provisions of this chapter shall be unenforceable and void.

Section 24. If any provision of this chapter or the application thereof to any person or circumstance is held unconstitutional, the remainder of the section and the application of such provision to other persons or circumstances shall not be affected thereby.

SECTION 2. Section 12 of chapter 255 of the General Laws, as most recently amended by section 10 of chapter 765 of the acts of 1957, is hereby further amended by adding at the end the following sentence: — This section and sections twelve A, twelve B, thirteen and thirteen B shall not apply to retail instalment contracts as defined in section one of chapter two hundred and fifty-five B.

THE COMMONWEALTH OF MASSACHUSETTS,
EXECUTIVE DEPARTMENT, STATE HOUSE,
BOSTON, October 27, 1958.

The Honorable EDWARD J. CRONIN, *Secretary of the Commonwealth, State House, Boston, Massachusetts.*

DEAR MR. SECRETARY: — I, Foster Furcolo, pursuant to the provisions of Article XLVIII of the Amendments to the Constitution, the Referendum II, Emergency Measures, hereby declare in my opinion the immediate preservation of the public convenience requires that the law being Chapter 677 of the Acts of 1958, entitled, "An Act Liberalizing the Eligibility Provisions of the Employment Security Law and Providing that Certain Persons who Leave their Work Shall Not be Disqualified from Receiving Benefits Under said Law" and the enactment of which received my approval on October 21, 1958, should take effect forthwith.

I further declare that in my opinion said law is an emergency law and the facts constituting the emergency are as follows:

Postponement of the operation of this act for ninety days would defeat its purpose in that it will unnecessarily delay filing of initial claims under the liberalized provisions of said act.

Very truly yours,

FOSTER FURCOLO,
Governor of the Commonwealth.

OFFICE OF THE SECRETARY, BOSTON, October 27, 1958.

I, Francis X. Ahearn, Deputy Secretary of the Commonwealth, hereby certify that the accompanying statement was filed in this office by His Excellency the Governor of the Commonwealth of Massachusetts at nine o'clock A.M., on the above date, and in accordance with Article Forty-eight of the Amendments to the Constitution said chapter takes effect forthwith, being chapter six hundred and seventy-seven of the acts of nineteen hundred and fifty-eight.

FRANCIS X. AHEARN,
Deputy Secretary of the Commonwealth.

value for the purpose of encouraging or discouraging, or in any way interfering with, any employee or employees in exercising their rights to organize or to select a representative, or for the purpose of preventing the continued existence, operation or functioning of a labor organization; provided, however, that this section shall not apply to the payment of wages by such employer to an employee who is a union representative, to any payment for the purchase of goods at the prevailing market price from a union representative, to the payment of any debt, to the transfer of union dues properly withheld from the salaries or wages of employees, to payments to employees' trust or welfare funds, or to payments of salaries or fees to an employee, representative or agent for the performance of any lawful activity with respect to the expression of views or opinions in connection with pending employee elections or labor disputes or other matters involving relations between such employer and his employees. (a) The value on the last day of the taxable year of the works, structures, real estate, motor vehicles, trailers, machinery, poles, underground conduits, wires and pipes owned by it within the commonwealth subject to local taxation, except such part of said real estate as represents the interest of a mortgagee. The term "real estate" as used in this subdivision and in subdivision (a) of paragraph four of this section shall include the corporation's interest as lessee in such buildings on land held under a lease as by the terms of the lease are the property of and may be removed by the lessee, and such buildings, for the purposes of said subdivisions and of sections fifty-five and sixty-eight A, shall not be deemed real estate of the lessor. For purposes of the deduction of the value of motor vehicles and trailers under this subdivision, the value of such motor vehicles and trailers as determined in accordance with chapter sixty A shall be used.

(b) The average daily value of securities, the income of which, if any, if received by a natural person resident in this commonwealth, would not be liable to taxation, except shares in national banks and voluntary associations, trusts and partnerships. The term "average daily value" as used in this subdivision and in subdivision (b) of paragraph four of this section shall be the sum of the value of such securities held on each day of the taxable year divided by the number of days in such year.

(c) The value on the last day of the taxable year of its real estate, machinery, merchandise and other tangible property situated in another

(d) If, on the last day of the taxable year, any portion of its cash and accounts and bills receivable, excluding notes, is attributable to an office outside the commonwealth, the same proportion of its cash and accounts and bills receivable, excluding notes, which its real estate, machinery and merchandise situated in another state or country on the last day of the taxable year bear to its total real estate, machinery and merchandise on the last day of the taxable year, to the extent that such proportion fairly represents, in the judgment of the commissioner, the amount which is properly allocable to such other state or country.

SECTION 2. Said section 30 of said chapter 63 is hereby further amended by striking out paragraph 4 and inserting in place thereof the following paragraph: —

4. "Corporate excess employed within the commonwealth", by a foreign corporation, except as hereinafter provided, such proportion of the fair value of its capital stock on the last day of the taxable year as defined in paragraph six of this section, as the value of the assets, both real and personal, employed in any business within the commonwealth on that date, after deducting therefrom the items referred to in (a) and (b) following, bears to the value of the total assets of the corporation on said date:

(a) The value on the last day of the taxable year of the works, structures, real estate, motor vehicles, trailers, machinery, poles, underground conduits, wires and pipes owned by it within the commonwealth subject to local taxation, except such part of said real estate as represents the interest of a mortgagee. For purposes of the deduction of the value of motor vehicles and trailers under this subdivision, the value of such motor vehicles and trailers as determined in accordance with chapter sixty A shall be used.

(b) The average daily value of securities held in the commonwealth, the income of which, if any, if received by a natural person resident therein, would not be liable to taxation, except shares in national banks, voluntary associations, trusts and partnerships. In determining the proportion of assets employed within the commonwealth, the commissioner may include such bank deposits in other states as are employed principally in the conduct of the business in the commonwealth.

The provisions of this section shall in no way relieve the contractor from any liability for damage to property of others caused by his negligence or that of his employees nor shall they be construed to require the commonwealth to indemnify the contractor against any loss resulting from such acts of negligence. *Approved October 21, 1958.*
